Chapter 1

When I open my eyes, a girl is standing in front of me.

Uo, who's this bishoujo?

Idol? No, I have never seen an idol this cute before?
It's like a light is coming out of her body.

tte, light? What is going on? Normally, a human body shouldn't emit a light, right?

Also, what an amazing hair color.

A long silver glittering hair. I have never seen this color even on foreigners.

While staring at her in amazement, the girl shows a sweet smile.
What a dazzling smile.....!

「Nice to meet you, Toujou Karuna-san. I am a goddess——Goddess Ashia desu」

「Go, goddess.....?」

「Yes. Seems like you are still confused, I see. It is no wonder. Since your death came so absurdly」

「Eh.....? I..... did I possibly die.....?」

「Yes. Unfortunately, you did die, Karuna-san. You may not remember because of the shock of death, but in a traffic accident——」

「Yosshaaaaa!!」

I immediately strike a victory pose and the girl——No, Goddess-sama——made a dumbfounded expression.

「That..... you have died, you know?」

「Right!? With this, I can go to a different world, right!?」

「E, eeh.....」

She pulled herself back a little from me who was leaning towards her.

「Ah, sorry. In fact, reincarnating in a different world is my dream」

Elf, dwarf, demi-human, halfling.

Slime, goblin, kobold, orc.

Various races and many monsters.

Then, there is the legendary weapon.

What I'm imagining is the so-called「Sword and Magic fantasy world」..... I have liked such world since the old days.

Then I thought, that once I die, I would like to reincarnate there.

To think that dream could be realized.

「H, how unusual.....」

「You could certainly say that. Then, what world would I be going to? Is there one with a game-like setting? If possible, I would like the world with elves, dwarves and such if possible, though. Ah, of course, magic is indispensable! Although I don't mind the world with or without Maou, but it would be better if humans weren't at war! I would like to avoid death!」

「First of all, please calm down」

According to the goddess, the world I will be reincarnated into will certainly be the world of sword and magic I have imagined.

To reincarnate, or to go to the heaven?

It seems I can choose from either one, but of course, I'm going to reincarnate.

In addition, because the soul quality in the world I will live from now on is higher, would result in imbalance and therefore—I'm allowed to obtain one skill.

In other words, the privilege of the reincarnated.

「Which should I choose.....」

A screen rose into the air and simply displayed skills in a row.

Naturally, I'm troubled.

It's hard to throw away each and every one of them, it's not an exaggeration to

say that this is the choice which will decide my new life.

「This, only one after all?」

「Only one desu」

「Can you do something about it?」

「Only one desu」

「Goddess Ashia-sama, a transcending beauty! Nice body!」

「Only one even if you praise me desu」

Gununu.

I was badly lost, but I finally managed to choose one skill.

Well, can't be helped.

Although it's only one skill, this skill is tremendously powerful. More than this would be considered luxury.

「I wish you happiness in your new life, Karuna-san」

With a goddess seeing me off, I finally embarked on my long-cherished trip to a different world——

「You are Karuna, huh? I'm a goddess. Goddess Icelina yo. I was chosen to guide your soul」

——Is what should happen, but there is another bishoujo standing in front of me.

In addition, she calls herself goddess again.

What's going on?

Seeing my confused expression, the goddess seemed to misunderstand my perplexion, 「Ma, it's only natural to be confused. Especially since that traffic accident was so abrupt」

「Wa, haa.....」

By the way, unlike the previous goddess-sama Ashia, this goddess seems to be quite strong prideful.

Then, Icelina gave me an identical explanation to the one Ashia gave me.

「Which means, as your reincarnation privilege, you are able to obtain one skill」

A familiar screen with skill names appeared in front of me.

But, the name of the skill I have chosen before is not there.

Is that skill nonexistent?

Or do I already possess it?

I glance at the goddess Icelina.

..... Let's keep quiet.

I start selecting the second skill.

Because I already saw the list before, it went quite smoothly——I'm saying that, but I was at a loss again.

There are too many skills I want to get.

In the first place, just how many skills are there?

..... 97..... 98..... 99!

With the one from before, a hundred!

Maa, there may be some with duplicate effect.

The goddess is making pressure on me, saying「Make it quick」.

I retorted with「I'm almost decided! I have already decided in my mind!」and choose my skill slowly and carefully like ordering food in a restaurant.

「..... Looks like you finally decided. Then, do your best. I have expectations for your activities in the new world」

And I, this time, finally, to the new world——

「I am goddess Vermis desu wa」

—The hell is going on!?

「Are, that's weird. You have only one skill to choose from」

「Seems like it」

「Uun, seems like you don't have the talent. Too bad」

「I see~ Then, that skill please」

「..... You are quite composed, huh?」

「I mean, I have no talent, right? It can't be helped」

「Fu~n. Oh, well. Then, do your bestcho」

「Yes. Thank you, goddess-sama」

I say my thanks and my body gets wrapped in a light.

Bai ba~i, I intentionally chuckle and wave back at the goddess-sama who is waving her hand at me.

In the end, I have met a total of hundred goddesses.

Thus, each goddess gave me one skill——In other words, 100 skills——I have received them all!

That took long.

It took ridiculously long.

No matter what, I have listened to the same explanation hundred times.

But in the end, I had come at last.

「A differeeeeent woooorld!!」

—To my long-cherished different world.

(*•_•*)و^ []

Chapter 2

I finally came to a different world from my dreams.

But, as far as I can see, trees, trees, trees, trees, trees.

I'm inside a forest.

Where should I go?

I didn't think I would be suddenly blown off to such a place.

「Oh, looks like I might be able to find a town if I go that way」

Apparently, I will be able to leave the forest if I go southeast and from there I will be able to reach a town if I go straight east.

Eh?

Why do I know such thing?

It's thanks to the skill I have received from the goddess you see. Although I have forgotten from which goddess I have received it.

〈Pinnacle of Information〉

It's a convenient skill that supplies me with the necessary information. The information I want naturally flows into my head.

By the way, I also have a skill called 〈Pinnacle of Appraisal〉 which allows me to see detailed information with my eyes.

Right, right. I was apparently able to successfully acquire all one hundred skills. Even though having just one would be quite the cheat, I have hundred of them.

Really, although listening to the same explanation hundred times was seriously tiresome, considering that I was able to obtain hundred cheats skills, I can't complain.

I will use these hundred skills———and enjoy this different world with all my might!

Gasagasa.

N?

What? Is there something in the trees?

A bipedaling monster with a pig's head has appeared——An Orc.

「Ooo, it really is a pig walking on two legs!」

tte, now's not the time to be impressed.

I have no weapon and the clothes I'm wearing are from the other side.

The orc immediately noticed the defenseless me.

It quickly rushes at me with a spear-like thing in hand.

The height around 180cm with a good body build. The physique of a pro wrestler.

I can't fight against that.

——If it wasn't the present me.

The orc thrust the spear at my chest.

Yotto.

I jump up and easily avoid——I only jumped a little, but I ended up jumping nearly two meters into the air——Ramming my knee into the orc's head.

Gogyu.

Uo, what was that dangerous sound!?

I look down at the orc, only to see it getting blown off with a terribly bent neck. It then slammed into a tree.

It definitely died.....

Because the contents are that, the scene looks quite grotesque.

It's alright since the opponent was a monster, but it seems I will have to use moderation when facing a human opponent.

⟨Pinnacle of Physique⟩

This is one of my skills.

A high improvement of physical capacity.

It's always active because it's a passive skill.

I pick up the dead orc's spear and swing it around.

Ooh, amazing.

It feels like I have been wielding this spear for years, many spear techniques has been driven into my body.

〈Pinnacle of Weapons〉

This is a skill that is usable with any weapon.

It seems to activate once you wield the weapon. It's somewhere between Active and Passive skill.

However, this forest seems to be an orc habitat.

Is there an orc nest nearby?

Oh, let's gather the information with 〈Pinnacle of Information〉.

There seems to be an orc fort in the vicinity.

By the way, the intelligence of orcs is low, therefore they are recognized as hostile being.

They are not classified as demi-human, but rather as a monster.

Then, there's no problem even if I defeat them.

Maa, I already killed one, though.

That being the case, I decided to take a look at the orc fort.

I was able to pinpoint the place with 〈Pinnacle of Detection〉.

It's a skill which allows me to sense nearby buildings and enemies.

It's a big stone structure on top of a hill.

It's larger than I expected. It looks like it would take a lot of resources to capture it normally.

「A female knight would be captured in there and...」

I check with 〈Pinnacle of Information〉 while joking around.

It seems there really is a real female knight captured. Are you serious?

I check the fort with 〈Pinnacle of Detection〉.

I scan the fort.

..... There she is!

Furthermore, she's about to be made into the orc's plaything.

There doesn't seem to be the time to enter leisurely.

In that case—

I chant a spell.

⟨Pinnacle of Chanting⟩ because of this skill which raises the speed of my chanting, a magic circle immediately appears under my feet and a pale light envelops my whole body.

In the next moment, I'm inside the fort—right at the place pointed out by ⟨Pinnacle of Detection⟩.

I have used a transfer magic.

⟨Pinnacle of Magic⟩

This fellow allows me to use every magic.

Although it enables me to use every magic, it's necessary to actually "know" the magic, but there's where ⟨Pinnacle of Information⟩ comes in.

Uwa, it really is a female knight!

A girl with a long glossy crimson hair and a beautiful armor.

But now, she's hanging down from a ceiling with her hands and legs chained up with an expression of agony.

Orcs with vulgar smiles are around her.

「Ku..... kill me!」

tte, now's not the time to be admiring.

— I ought to enjoy this!

I mix among the orcs.

I do not forget to squeal and oink in order to not be discovered. It's perfect.

「U! Y, you are human? Why are you here.....?」

The female knight has noticed me while I was waiting for the barbaric exciting thing to happen.

Ku..... why was I discovered!?

「Buga!? (Who are you!?)」

「Buhii? (From where?)」

「Buhihi! (A human!)」

The orcs start to oink and look around. Thanks to〈Pinnacle of Language〉I am able to understand their oinking?

I step forward gallantly.

「I came to save you. Everything is all right now」

「Weren't you enjoying yourself among the orcs until just now!?」

「That's just your imagination」

I embrace the female knight's body while trying to make her feel relieved.

Naturally, this is not a sexual harassment, it's a part of the rescue operation. Touching her breasts under her breastplate is also just an accident. This female knight's boobs are seriously huge.

I use the transfer magic again.

「U, uwaaaa!?」

The female knight screams.

I raise a hundred meters above the fort with her in my arms.

「Are you perhaps bad with high places?」

「I, I'm going to die..... going to die..... save meeee!」

Haven't you told the orcs to kill you just a minute ago?

The female knight faints, I have no choice, but endure for now.

There doesn't seem to be any other humans caught in the fort.
Then, no one will probably mind if I destroy that fort.

After I look at the information from〈Pinnacle of Informaiton〉, 「Ultra grade magic〈Hellfire〉」

A huge magic circle immediately appears and fierce flames attack the fort.
The fort gets instantly wrapped up in flames and a pillar of flame thrusts into

heavens.

Although I'm standing considerably far away, the hot air reaches even here.

「Wha, wha, wha.....」

The female knight opens her eyes and raises her voice in shock at the spectacle.

Rather, I'm also surprised. I didn't think it would have such terrific power. The forest is also burning.

tte, crap! The whole forest will be reduced to ashes if this continues!

I use a different magic in a rush.

「Ultra grade magic〈Flood of Myths〉」

This time, a heavy rain starts pouring down at the fort.

Fortunately, the fire went out in no time.

But, the trees in the vicinity got carried by a muddy stream leaving only a pond reaching as far as my eyes can see.

Seems like the fort also got washed away as it disappeared without a trace.

「..... Let's use a lower level magic next time」

I vowed in my heart.

[] (*•̥̥*) []

Chapter 3

I use flight magic to move to a place that is not submerged and land on the ground.

When I land, I put the female knight on the ground and she falls down without being able to stand up.

「Are you all right?」

「Y, yes. I, I thank you for saving me. B, but, just who the heck are you.....?」

「I'm Karuna. A simple traveller」

「A simple traveller..... After using Ultra Grade Magic one after another, there's no way you are just a traveller! There's not a single person in our Imperial Court who can use one!」

Is this magic so great? Well, it had quite the kick.

..... Rather, I intended to use a God grade magic, but I suppressed myself from doing so.

If I had used God Grade Magic, the forest might have disappeared. That was close.

By the way, the magic of this world is classified by the degree of their difficulty and power starting with Elementary Grade, Intermediate Grade, Advanced Grade, Ultra Grade, up to the God Grade.

「O, oh well..... I'm Ellen, as you can see I'm a knight」

「Why were you alone in a place like that, princess?」

「Actually, in order to exterminate the Orcs—tte, how did you know I was a princess!?」

Ah, crap.

I can't really tell her that I know because of〈Pinnacle of Information〉skill.

「You have a royalty-like aura around you」

「Aura?」

「Also, meeting a woman of high standing in a place like this is obligatory」

「??？」

Ellen is making「What are you talking about?」expression.
Well, she wouldn't understand.

According to〈Pinnacle of Information〉, I'm currently in the forest spreading in the west of the capital city of Alsara Kingdom.

And apparently, the third daughter of the current Alsara king is standing in front of me.

In other words, she's not just a female knight, but a princess knight! (Superior class?) A female with no equal in sword skills serving as head of the knights.

「Although you were supposed to attack with a squad, but because you are quite a musclehead, you have assaulted the Orc's fort alone and were caught because you underestimated the Orc forces, is what you are saying」

「Why do you know about that!? tte, who's a musclehead! Also, I haven't been defeated! It's just that there was a mage in the Orc ranks and made me sleep with Sleep Magic!」

「That means you were defeated」

「Seriously, they should have fought fair and square! I would put them in their place then!」

That idea itself is completely musclehead.

At this time, a voice resounded from somewhere.

「Wha, the fort has disappeared!?」

「Just what has happened here.....?」

「Instead of that, Hime-sa——No, where is Leader Ellen! Leader Ellen! Leader Ellen!」

「Oi, they are calling for you?」

「Mu. It looks like they have caught up」

Ellen is apparently the leader of the Knights. She surely has a hard time.

「You, where do you plan to go now?」

「I will go to the city first, haven't thought what to do after that yet」

「In that case, definitely come by the castle. I would like to express my gratitude for today」

「It's alright, I don't need thanks」

I got to touch her boobs a bit, after all.

「Don't say that. If you weren't here, I would be..... that..... i, in great trouble!」

「You would be stripped nude and gang-raped by Orcs, huh」

「Don't say it! Don't make me recall it!」

Ellen's face becomes completely red. Cute.

「T, that being the case, definitely come by the castle! You should be okay if you just tell the guards my name!」

「I understand. You will allow me to rub your boobs then?」

「I don't have any plans to thank you like that!」

Ellen turns her back at me and starts walking away.

But, she stops on the way turns around and says,

「Also, it's not like I'm scared of high places! I was just a little surprised, that's all!」

She was scared after all.

I arrived in a city.

「Amazing! They have demi-humans! A real kemonomimi! And is that a dwarf over there!? Incredible muscles! Ooo, and is that a halfling!? So cute!」

I walk around like country bumpkin, attracting suspicious gazes of passersby. I'm clearly viewed as a suspicious person.

But, it can't be helped!

I finally came to a city of my dreams!

The capital city of Alsara Kingdom.

The Alsara Kingdom is a country governed by humans, but because of its deep interchange with other races, there are many demi-humans, dwarves and other races.

I can see a castle in the distance.

A castle so excellent, I can't imagine that musclehead living there.

Now then.

What to do?

Since this is a different world, an Adventurer guild, after all?

Please tell me,〈Pinnacle of Information〉-san.

Say what? The location of the guild is in the southeast part of the city?

In spite of this being my first time in the city, I soon arrived at the guild because of the〈Pinnacle of Information〉perfect navigation.

「What a gaudy building.....」

The guild is three stories tall building with shiny outer walls.

What a great presence. Even a monkey wouldn't miss it.

The first floor is a reception.

You are apparently able to accept requests here.

The second floor is a bar.

The third floor seems to be for offices.

Oopsy, it seems it also has a basement.

It seems that there is a little arena where adventurers sometimes hold exhibitions.

It also serves as examination ground for people who want to become adventurers.

Rather, there is an entry examination?

Seems like not everyone can join.

A letter of recommendation serving as proof of identity is necessary?

tte, I, I don't have such a thing?

What should I do?

Well, let's forge one?

[] (*•◡•*)و []

Chapter 4

How troublesome.

To think that a letter of recommendation would be needed.

Should I ask Ellen to write me one?

But, we have just met.

However, if I go to the castle that early she would go all「Y, you wanted to see me that much! What an impatient fellow!」with her cheeks dyed red (delusion).

Right. Let's use that.

First, I create paper and ink with creation magic.

Then, I write a letter of recommendation as accurately as possible with the help of「Pinnacle of Information」.

「..... Yosh, it's done!」

In about ten minutes, a letter of recommendation was in my hands.

「Pinnacle of Production」

A skill which allows me to create anything I want in best quality.

If there's an original, I can produce an exact copy of it.

It's quite a dangerous skill which allows me to forge anything as long as there are materials.

By the way, the one recommending me is Ellen's father. In other words, the king himself.

I selfishly used his name.

I walk at the reception right away.

「Beautiful receptionist Oneesan has appeared! Moreover, a demi-human!」

「..... Yes?」

Because the Oneesan behind the desk is a beauty, I ended up shouting unconsciously.

Oneesan is looking at me with ghastly expression.

However, her expression instantly changes when I present her the letter of recommendation.

Her posture instantly becomes straight and she talks to me politely.

「Adventurer registration, I see.」

As expected of king's letter of recommendation. Even though it's forged.

However, even though this is a letter of recommendation from the king, I still need to take the exam.

Apparently, an examination being conducted in the basement arena right now. In fact, normally I would have to wait to take the examination tomorrow, but I might be able to specially take the exam today.

I'm glad I made a letter of recommendation from the king.

「Oh, it's quite wide.」

The basement arena looks quite good.

The examination contents are apparently a match against the examiner.

A robust examiner who was apparently an expert adventurer is now fighting against a sword carrying youth in his teens.

The youth seems to be quite desperate, but the examiner is humming. He looks super easygoing.

The youth's sword is easily repelled and the match is over.

After hearing he failed, the youth crestfallenly hangs his head.

「Now then, was this all?..... N?」

The receptionist Oneesan runs up to the examiner and explains the circumstances.

It seems the examiner gave a sound OK.

I face the examiner ossan.

He has a bald head and big muscles. A large scar running across his cheek. He looks quite formidable.

「..... Do you plan on fighting bare handed? You are not carrying a staff, you don't look like a mage to me.....」

Ah, crap.

I'm completely empty handed.

Oh, well. Let's suitably deceive him.

「I'm a martial artist」

「Martial artist, huh. You don't look strong to me, but..... I won't hold back just because you have the king's recommendation」

「It's alright, it's alright」

With〈Pinnacle of Physique〉and〈Pinnacle of Taijutsu¹〉I shouldn't have any problems.

「I understand. Then, come at me whenever you are ready」

Ossan, you are taking this quite leisurely.

In that case, I will take your offer.

tte, is it better to go easy first?

I made the Orc splatter just by kicking it a little.

「What is it? Hesitant?」

「I'm going now」

I decided to try out the taijutsu.

Shukuchi.²

「Wha.....?」

Seeing me appearing suddenly in front of him, the examiner ossan opens his eyes wide.

Shukuchi is a technique that instantly closes the gap between the opponent. It closes the gap using the opponents awareness to my advantage, my Shukuchi is in no way different to warp magic.

「Ku!」

As expected of an expert adventurer, ossan instantly moves his body to the side.

Thanks to that, my fist hit only an empty air.

Ah, I might have indeed go too easy on him.
Even though I intended to end it with that.

「Wa, hahahahahaha! You are good! Looks like I have to get serious against this guy!」

Ossan suddenly burst into laughter after witnessing my ability.

This ossan, he's that, right?
I become excited after seeing a strong person type, right?

「Ooooooh! 〈Aura Blade〉!」

Moreover, something killer move-like is coming———!

Yoshi, me too then.

「Sword catchiiing! ——tte, huh?」

I sense that I have underestimated the opponent too much while trying to catch the sword in both hands.

I couldn't stop it.

Rather, my hands were repelled by the sword!?
What is this? Ah, fighting spirit? And that is infused in the sword?

No, please tell me that sooner 〈Pinnacle of Information〉-san.

The next moment, ossan's blade splits me up in two.

「You, why did not dodgeeee!?」ossan screams.

Nonono, you are in the wrong, examiner shouldn't be using such dangerous technique.

An enormous amount of blood spurts out and dyes ossan's whole body red.
The receptionist Oneesan's face who was watching the match went pale.

Thus my new life in the different world has come to———tte, it still continues?

「You, why did not dodgeeee!?」

「I thought I could catch it」

「Idiot! There's no way you could catch a fighting spirit infused sword!
Moreover, it was my full power, you know!?」

「That was full power? Give me a break. If I was normal, I would already be dead, you know?」

「Going easy on newcomers would stain my reputation as guild master!
Therefore, I thought I should scare you a little bit!」

「Your reasoning is a mess!」

Rather, this ossan, he's a guild master?

「Shithead, seriously, what should I do! I reduced a candidate recommended by the king to this state..... At this rate, I will have to resign to take responsibility..... Yosh, let's bury the corpse in the forest and pretend he never came to the guild.....」

「Is concealment all you are thinking of!」

「Your death is your own fault!」

「Are you trying to put the blame on me!?」

「——tte, why are you still aliveee!?」

You have finally noticed? What a slow fellow.

Right.

I'm still alive and kicking.

「There, is, no wound.....?」

「It healed」

「I see, it has healed——tte, nonono, there's no way it healed!? Your body has split in two, didn't it!? Your intestines flew out of your belly, didn't they!?」

「No way~ Have you perhaps seen wrong?」

「That can't be! In the first place, aren't both you and I stained in your blood!」

Perhaps, are you healing practitioner? No, but a wound like that.....」

To be frank, that hit was a fatal blow.

But even still, my wounds has fully healed as if nothing has happened.

〈Pinnacle of Survival〉

An ultra-high speed recovery skill.

Rather, if I didn't have this I would be really dead.

I who possess〈Pinnacle of Healing〉——Apparently healing magic does not exist, instead of that there's something called Healing Jutsu——Could have used this skill to heal up, but it seems there was no room to activate this skill. I'm grateful that〈Pinnacle of Survival〉activated instead.

Also,〈Pinnacle of Endurance〉was really helpful.

As long as I have this, the sense of pain will be blocked to some degree.

「Oi, just what is happening!?」

Uun, I don't really want to reveal too much.

Yosh, let's deceive him.

「Ossan, the examination didn't end yet, right?」

「Ha?」

「Secret technique, payback from a little while ago fist!」

「..... Gubee!?」

I hit the ossan, the guild master and he falls down unconscious. He's blowing bubbles, but maa, he will live.

It would be nice if his memories would disappear.

Like this, I have passed the examination and officially became an adventurer.

100 Cheat Skills – Chapter 5

by [Shinsori](#) · September 23, 2016

The receptionist Oneesan handed me the adventurer membership card.

「T, then, Karuna-sama, I wish you a good fortune..... I, I will pray for you」

Oneesan is completely freaked out by me.

Maa, can't be helped after seeing that.

By the way, my rank is C.

They seem to be going from F to S, but no matter how skilled, one can start on rank [Continue reading](#) at best.

Chapter 6

「Have you possibly come here solo? Until now, the highest record was the 34th floor, unbelievable」

「You who defeated the 50th floor's boss in one hit is more unbelievable」

The girl instantly retorts.

But, possibly because the ashes got into her mouth, she's cutely coughing. Her watery eyes are cute.

「I defeated all up until now in one hit, you know?」

「Wha..... just who are you.....?」

「Ah!」

I realize something serious.

「Those ears, are you an elf by any chance?」

A sharp, pointed ears are extending from her beautiful blonde hair.

「Eh? Ah, yes, I'm, but.....」

「Uoooooh!」

I unconsciously shout.

To think I would find the centerpiece race of fantasy in such a place!
No wonder she's super bishoujo.

「Would you allow me to touch your ears for a little bit?」

「Dame desu.」¹

Instant rejection.

Shit, even though touching elf ears is my dream!

「Don't say that. Just a little is alright」

「Dame desu.」

「Just the tip, just the tip」

「D, don't speak so indecently」

Her face got red. Cute.

「R, rather than that, have you also come to capture this dungeon?」

「Yes. It's my first time challenging, though」

「So you abruptly came all the way here? M, maa, I'm somewhat convinced after witnessing your strength earlier.....」

Then, the girl frowns while thinking about something, but she eventually says with determination, 「My name is Tira. I've been trying to capture this dungeon for a while now..... If possible, won't you make a party with me for a while?」

「Alright」

I quickly nod.

The elf girl who didn't express such anticlimactic answer——Tira, lets out「Eh?」with a dumbfounded expression. Cute.

「I mean, we have the same goal, right? I was quite bored all by myself」

「Bored.....」

Tira makes an expression that says she doesn't believe my words.

「By the way, I'm Karuna. Best regards」

「Ah, yes. Please take care of me」

Like this, Tira became my companion.

「Then, as sign of our new friendship, your ears」

「Dame desu.」

Her guard is too high!

「I have previously gone up to the 40th floor by myself. However, I wasn't able to defeat the boss that time..... I was able to get my revenge on the 40th floor's boss this time, but I wasn't able to defeat the 50th floor's boss.....」

「So I saved you there」

「..... I think I would be able to defeat it even if you didn't save me」

「Nonono, you were obviously in danger?」

「T, that is not true. I was gambling on my last chant.....」

I don't think Tira would be able to manage that situation with Intermediate Grade magic.

Does this child hate to lose?

..... She resembles a certain female knight-san.

「By the way, why is the highest floor record the 34th floor?」

「I'm not an adventurer so I can't report it anywhere. Therefore, the official record is still the 34th floor held by Alsara's princess knight」

「That fellow?!」

「Do you know her?」

「Just a little bit」

「I've heard that she planned to actually go up to the 50th floor, but she got caught in a trap so she gave up on the 34th floor, but.....」

Yes, that girl seems like the type who would fall for traps. Her wariness is nonexistent.

「At any rate, putting a knight aside, you did well coming all the way here as a mage」

「Forest elves usually hunt for the living. So in spite of being a mage, I'm quite confident in my physical ability」

「Hee」

「By the way, Karuna-san is a knight, right? Then, can I leave the vanguard to you?」

「Eh? Ah, right」

I can use magic too, though.
Maa, since Tira is here, let's leave the magic to her.

After that, we advanced through the dungeon together.

First collaboration of two people.

60th floor, 70th floor, we advanced smoothly.

Then, finally—

「——We ran out of food」

「That's not good」

「tte, it's Kuruna-san's fault you know? Although I have brought sufficient amount of food, but because I have shared with you, we have completely run out! In the first place, how can you dive into a dungeon without food?」

「You see, I was planning to leave by evening」

「Are you an idiot? This is not an excursion, you know?」

「Your angry face is cute too」

Being blamed by a girl makes me slightly excited.

「Cut..... s, stop kidding, how could you think that?」

To be honest, I didn't think capturing a dungeon would take so much time. Also, because I have〈Pinnacle of Survival〉there's really no need to eat.

So? Why did I accept Tira's food?

Because it looked delicious!

But, at this rate, Tira will die of hunger. That would be troubling.

「..... Maa, at worst, we can start again from the first floor. Anyway, I have reached my goal of the 60th floor, I have already achieved what I wanted」

No. Again from the first floor would be troublesome.

「Can't be helped. Let's use my last resort」

「Last resort.....?」

——Then, one minute later.

「How did it become like thiiiiis?」

Tira's scream roared through the dungeon.

Chapter 7

I trigger the last resort and unite with Tira.

..... To be precise, I carry her on my back.

「——tte, why are you carrying me on your back?」

「I will run at full speed. Like this, we should arrive at the top in an hour」

〈Pinnacle of Physique〉together with〈Pinnacle of Endurance〉ridiculously enhance my body.

「Wha, run? How far do you think the top floor is?」

「I'm confident in my endurance. Besides, Tira is light. And soft」

「Sof..... P, please put me down」

「It's okay, it's okay」

「..... I, I didn't take a bath these few last days..... I probably smell.....」

「Rather, I welcome that!」

「This person, a pervert——!? P, please immediately put me down!」

「I decline」

I'm tightly holding Tira's thighs in my hands.

Even if you flap around violently, I won't let you go. As if I could miss this chance!

Rather, I don't smell anything bad.

Kunkun, Suu~ Haa~ Suu~ Haa~

「Hey, stop sniffing! ——Hiya?」

I take the crouching start position.

Yo~i, don!

I rapidly accelerate.

「Kyaaaaa!?」

Tira screams.

In order to not fall off, she sticks to me like a glue.

Thanks to that, the touch of her boobies on my back..... is almost non-existent.
Bad luck. Tira apparently has tiny breasts.

「..... Right now, you thought about something very rude, didn't you?」

I feel a disgusted look on the back of my neck. This girl, is she an esper?

「More than that, there's a group of monsters ahead. I'm going in」

「Going in..... hey, are you serious?」

「I'm always at least half serious」

「That's quite appropriate, don't you think!?!」

「Tira, support me with magic」

「Ah, mou, I understand」

I charge straight towards the group of Cyclops in front of us.

Tira chants an Intermediate Grade magic.

The Cyclops which attack us have their bodies chilled and their movements become dull.

「Nice, Tirarara!!」

「Please don't call me weird names」

I easily run through the Cyclops which were chilled by Tira's magic.
I forcibly remove those who obstruct my way.

The monsters attack late.

I would normally play with them, but I run through them this time.

「Just what kind of physique do you have.....?」

「Just by having Tira on my back gives me infinite energy. It's probably the thing called power of love?」

「W, what kind of foolish things are you saying, mou!」

The back of my head is repeatedly hit.

We already were on the stairs to the next floor before I noticed.

I ran up the stairs quickly and continued right to the next floor.
I ignore the monsters and climb up.

We steadily advance at an incredible speed.

We have crushed the 80th floor's boss in no time.

I noticed an abnormality when closing on the 90th floor.

「Tira, are you okay? Tira?」

At first, when I crouched or jumped she would go 「Hii」 or 「Kya」, but she has been staying silent for a while now.

「Fufu」

「Tira? What's wr——」

「Aha..... ahahahaha!」

This child suddenly burst out in laughter, though!?

Did she become mad from fear?

Crap, maybe I should have cut on the speed a little.....

「Hahahahaha!」

「That..... Tira-san.....? Umm.....」

「You really are an irresponsible person!」

Then, Tira keeps on talking and shouting.

「You can keep on running like this without getting tired, you charge into large group of monsters like a fool and easily instakill bosses! There's a limit to bullshit! Compared to those por monsters, you are the real monster! My common sense seems absurd thanks to you!」

Is she praising me?

Or is she speaking ill of me?

「Let's go to the 100th floor! And instakill the last boss too!」

「Ah, yes」

「What is that weak reply! Hey, increase your speed, please! You can go much faster, right!? Go~ Go~! Ahahahaha!」

Ti ra has go ne mad !

Ah, but.

She was flatly refusing me before, her high tension may have weakened!

What is it?

You know what it is. It's touching "that", touching!

「Tira」

「What is it?」

I made up my mind and say.

「Won't you let me touch your boobs a little?」

「Why did the hurdle from a while ago increase!?」

「Just the tip, just the tip」

「Extra dame desu!」

It was no good.

Like this, we have finally arrived at the unreachable top floor.

[] (*•◡•*)งô []

Chapter 8

I stop in front of the staircase leading to the 100th floor.

「Finally, this is it」

「Looks like it」

「..... That, I'm sorry. My tension went up uncharacteristically.....」

「It's alright. Such Tira was also cute」

「..... Mou, stop it already, please. Stop teasing me like that」

I'm only saying the truth, though.

「Now then, whether you like it or not, this is the top floor. Let's go」

「Ah. Before that put me down please」

「Let's do our best, Tira」

「Put me down please」

「Now then, the last fight!」

「You definitely heard me, right!? Please, put me down! Fighting the last boss while being carried, isn't that embarrassing!」

「It's alright, no one is going to see it」

「My pride isn't agreeing with you, though」

「It's unfortunate, but my body won't operate without Tira being glued to me anymore」

「Don't say such scandalous things please!?」

「Also, Tira's sighs tickling the back of my neck, haahaa」

「Aren't you just a pervert then!? tte, don't block my butt with your hands when I'm trying to get down!」

「Tira-tan who gets excited by having her butt rubbed, haahaa」

「I'm not excited!」

「Ouch, hey, don't pull on my hair, I will go bald!」

「I will rip all and make you bald!?」

「Before that happens, charge!」

「Hiya!」

I run up the stairs.

I bear with Tira's hair loss plan and arrive at the 100th floor.

We arrive in a spacious room.

A huge creature in the middle.

「Red Dragon! Apparently, that is this dungeon's last boss..... T, this is bad, the fire breath will come at us! The heat from Red Dragon's fire won't leave even a bone behind if we get hit! Please, quickly escape.....」

「Yosh, Frontal breakthroooough!」

「Have you listened to what I said!?」

Soon, the Red Dragon's throat swells up and it spits burning red flame from its mouth.

I instantly kick the ground.

Gooo, a fierce flame grazes my feet. Last moment evasion. Tira screams 'kyaa' with tears in her eyes.

I move overhead the dragon with the jump's momentum.

「Oooooo!」

I hold my sword over my head and swings down at the Red Dragon with all my might.

Pakiiin!

「tte, the sword has broken?」

「Red Dragon scales are harder than steel! Karuna-san, spare sword..... you don't have one..... ku..... As expected of the empty-handed Karuna-san..... let's retreat temporarily.....」

「Yosh, let's fist it then!」

「Are you listening to me!?」

Because the sword is useless now, I hammer the Red Dragon with my fists.

Zugoon!!

A fierce blow strike resounds and the Red Dragon's large build vigorously slaps on the ground.

Blood gushes out from a large dent in the partially destroyed scale I hit.

「YOu have pulverized the Red Dragon scales with your fists———!?」

Tira shouts in shock.

「Y, you, aren't you a swordsman!?」

「There are times where even swordsmen have to talk with fists」

「Although it has a proverb-like feel, I don't understand its meaning at all!」

「There's no theory. You feel it by heart. It's alright, once we are married for many years, the feelings will completely connect to you」

「We have met just a moment ago, right!?」

Maa, to be frank, because the sword was just a cheap, old sword, my fists have higher offensive power.

Of course, after pouring fighting spirit into my fists, I was able to destroy the scales easily.

「O, oooooo!」

「Oopsy, it's still alive. How tough」

The Red Dragon leaps with an angry expression.

But, at that time, Tira activates an Advanced Grade magic.

The Red Dragon is struck by a lightning.

「Gyaaaaaa」

The Red Dragon's body roasts while it screams.

The scales should have high resistance against magic, but because of the dent I made, the lightning easily flew into its body.

「You used Advanced Grade magic.」

「Yes. The chant takes a while, but I did it. When Karuna-san's sword broke, I thought that it will need to be defeated with magic so I started chanting then.」

「You did great beating my head and tsukkomiing while chanting.....」

Quite skilled.

The Red Dragon dies and turns into ashes.

「Fuu. I'm glad I could be of use a little.」

「No, you did a perfectly good job.」

Rather, it was unexpectedly weak.

That? The last boss? Disappointing.

「Now then. Let's look for what's his face's data he left behind.」

Then, at that time.

Tira suddenly firmly embraces me from behind.

「..... I see. Tira has accepted me at last——」

「W, wrong. Leaving that aside, o, over there.....」

I look to the direction Tira points with shaking finger.

A ghost of an old man is there.

「..... Who are you?」

The ghost opens its mouth solemnly.

『——I'm Owen ja』

The creator himself has appeared, though.

Advertisement

Chapter 9

After defeating the Red Dragon, a ghost of an old man appeared in front of us.

Its body is almost completely transparent.

Body covered in tattered clothes and lightly floating in the air.

「Who are you?」

tte, I unintentionally asked, but maa, I don't expect an answer. It's a ghost after all.

At times like this〈Pinnacle of Appraisal〉time——

『I'm Owen ja』

「It answered normally!? But, who? Support?」¹

「I, it's not who! If it's Owen, then it's the person who created this tower! But, to think he would still be alive.....?」

「No, no matter how it looks he is dead. It's a ghost, after all」

「T, that's right, huh..... tte, please don't tsukommi me so calmly」

The ghost starts talking while we exchange our opinions.

『I'm Owen ja』

「Un, you said that earlier」

『I will eliminate everyone who tries to get in the way of my research』

Immediately, a magic circle appears and a fierce wind springs towards us.

「Advanced Grade magic!?」

「Uo」

I kick the ground with all my might and avoid the fierce wind with Tira on my back.

But, the shadow of the great sage activates Advanced magic in no time again.

「Advanced magic rapid fire..... In addition, this chanting speed.....」

「Tira, we strike with Advanced magic too!」

「I already started!」

Tira invokes Advanced magic. The same spell as the opponent.

The opposite side also invokes the Advanced wind magic at the same time.

The two great wind attacks collide——

「Now!」

I infuse my right fist with fighting spirit and thrust at the point where the two winds collide.

「Certain Kill———Congenial Brute Anal Hammer!!」

I thrust my fist infused with fighting spirit and shoot a shockwave forward.

That boosts Tira's wind, which smashes the opponent's magic.

『U!』

The great sage opens his eyes wide.

The mass of wind and fighting spirit immediately completely envelops him.

As if scattering in a smoke, the great sage's body bursts open.

「Did we, do it.....?」

「No, the survival flag is still standing!」

In a moment, the scattered body gathers in one place.

The ghost returns to its original form as if nothing had happened.

Zero damage?

Maa, it's a ghost.

How do we defeat it?

I use〈Pinnacle of Appraisal〉.

Apparently, that undead monster has almost infinite amount of magic power and it will revive again no matter how many times it's destroyed.

In other words, it's immortal. Seriously?

I further check what the ghost is thinking about with〈Pinnacle of Mind

Reading〉.

I really didn't want to use this on humans, but well, it's a ghost.

..... I see.

Apparently, that fellow set up a ghost magic in hopes it would complete his research.

In addition, I work on a strategy while receiving assist of〈Pinnacle of Prediction〉.

——Yosh, that should do it.

I run to the corner of the room while being cautious of the great sage.
I kick the door that's there open.

〔That place is my laboratory ja! You have no permission to enter!〕

The great sage panics and pursues in a hurry.

I dodge the magic shots from behind and move straight to the destination by navigating with〈Pinnacle of Detection〉.

Then, I arrive in this room.

「..... Is that it? Is that the thing the great sage Owen wanted its ghost to complete?」

「G, girl.....?」

In the center of the room.

A very young looking girl who probably didn't reach the age of ten yet was laying on an operating table.

「No, that girl is a Magic Puppet」

「Magic Puppet.....?」

「Almost perfect reproduction of human, a super high-performance one at that」

「I, is that even possible..... No, if it's the great sage..... b, but, why such a

young girl?」

It's the great sage. He must had a distant plan, Tira timidly says.

I shake my head.

「It's his taste」

「Yes?」

「It's that ghost Jiisan's taste」

『You~saw~it~』

I heard an eerie voice. Looks like we have been caught up with.

However, I shout loudly without hesitation.

「The Great Sage Owen didn't want to make a magic puppet! He just wanted to make a little girl that suited his tastes!」

「Nonono, that can't be true, right!?」

Tira shakes her head in denial on my back.

「I mean, it's the legendary great sage, you know!? I tell you that the little girl is probably his daughter or granddaughter! He was probably drowned in sadness so he created a similar-looking puppet!」

Maa, you would normally think that.

However, the ghost of the great sage shouts loudly and smashes her hope.

『It's not a daughter nor granddaughter! That girl is a model of a girl, Mireille-chan who once lived in my neighborhoodja』

「The person in question plainly admitted it-----!?」

『She was cute..... I was happy looking just from the distance..... That disgusting mother hers. She treated me like a suspicious person.....』

Gogogogo, the Great Sage emits a terrifying negative aura.

「M, my image of the Great Sage is collapsing at a terrible speed, though.....」

Tira who seems to have respected the Great Sage as a fellow magician groans in shock.

「I'm sorry, Tira. To put it blankly. The Great Sage Owen is a lolicon!」

「No way..... I didn't want to know that!」

『Correct, I'm a loliconja! However, what is wrong with thatja! What's wrong with lolicons! What's wrong with liking small girlsssss!』

The Great Sage tightly closes his fists and shouts loudly, confessing his desires, destroying Tira's beliefs.

Then his shoulders suddenly drop,

『However, unfortunately, no matter how hard I tried, the little girl never looked at me again.....』

「That's only natural!」

『Therefore, I have decided to create one with my own hands! Just mine, to my taste, a perfect little girl which would embrace only me!』

「Guard-san! It's this person!」

『However, regrettably, my life has come to the end before that!』

The Great Sage is brimming over with tears before I noticed.

「Therefore, even turning into a ghost..... ku, this passion, I understand it!」

「You can understand!?」

『You..... you understand my suffering.....?』

「Yes. I also made a love doll modeled after a girl I liked in the past」

However, it was found by my mother and thrown away.
I was regretting that time..... I cried for three days.

『Oh, a kindred-spirit!』

The Great Sage approaches while with a smile on his face.
I shake hands with him. I slip through, though.

「That's right. We are already friends!」

「.....」

I have a feeling that Tira is looking at me weirdly, but I don't mind.

「Let me lend a hand to such friend. I will complete this Magic Puppet for you」

『..... You, can you do that?』

「Leave it to me」

Towards the Great Sage——No, towards my friend, I nod strongly.

After all, I have〈Pinnacle of Production〉.

In addition, thanks to〈Pinnacle of Appraisal〉, I already know where the problem is.

「Saa, let's complete the little girl, friend!」

I declare.

『Oooo』

The Great Sage raises his voice.

At that time.

I heard an unprecedented, cold voice from behind.

「Before that, put me down, please. Quickly」

Chapter 10

The little girl finally opened her eyes.

She slowly raises her body.

『O, ooo! S, she moves! Finally, she finally moveees!』

The ghost of the great sage shouts in excitement.

「.....?」

She blankly tilts her head.

『Uoooooooooooo! Kyawaiiiiii! What a lovely gestureeeee!』

The great sage sheds tears and his voice resounds all over. Frankly speaking, he's dangerous.

The little girl stares at him in wonder.

『That's right, Mireille! I'm your Master ja! Saa, come and jump into my chest!』

By the way, Tira is looking at the great sage as on dirt. I can't feel a speck of respect anymore.

It was at that moment.

The little girl suddenly removed her gaze from the great sage.

And then, with a big smile on her face, 「Papaa~」

She hugged———me with such words.

「Yoshyosh, I'm your papa~」

「Nfuu」

When I pat her head, the little girl wriggles her body in happiness. Then, with a wondering face, she points at the stunned great sage.

「Nee, papa, that Ojiichan, who? Why is he crying?」

『W..... hat, did, you.....?』

The great sage opens his eyes in shock.

「Something sad probably happened to him. Nevertheless, you are so kind, Filia」

「Fufufu, Filia, admirable?」

「Yes, you are very admirable, Filia」

『Fi, Filia, ja to.....?』

Right.

In fact, while completing the Magic Puppet, I also changed its intelligence. I also named it at that time.

「Wai, what are you doing———!?’」

Tira attacks with her biggest tsukkomi yet.

「Sorry, Jiisan..... For this girl's happiness, it would be better if she was my daughter than a daughter of a ghost」

Nop, I'm not a lolicon.

I really plan to take care of her as mine, you see?

『B, b, bastard! You deceived meeee!』

The great sage yells out loudly.

Electricity vibrates in the air.

However, I say clearly without being shaken.

「You should already ascend. A mage of your level should understand how dangerous that spell is」

『A, are you preaching me even though you are just a kid!?』

「Yes. Although, Buddha may not accept prayers for a senile Jiisan who used a taboo spell for something like this」

『Bastard! I will kill you! I will kill youuuuu!』

「Right」

I chant a spell and instantly create a magic circle.

『Wha! T, this——is!?』

「As you can see, a purification magic」

『W, wait, I don't want to disappear yet——』

「Laters, Jiisan」

『——Curse youuuu!』

The great sage gets enveloped by the light from purification magic and disappears.

Nothing is left behind.

He has completely vanished.

「I, is it..... over?」

Tira timidly asks.

「Yes」

「Anyway, Karuna-san..... You are able to use purification magic.....?」

「Un」

「Then, use it from the beginning please」

「You see, I wanted to see great sage's angry face」

「What's with this extremely cruel reason!?」

「Look, Filia. That person is your mama」

「Mama? Mamaa!」

The little girl Magic Puppet——Filia, tightly hugs Tira with a big smile.

「Wai, why do I have to be mother!?」

「Mama..... You are not Filia's mama.....?」

Filia receives a shock.

「U..... I, if you look at me like that.....」

「Filia, doesn't have mama.....?」

Tira who looks down at Filia who is shedding tears, 「Uun, that's not true. Filia-

chan. I'm your mama!」

She simply surrendered.

「Waa! Mama! Mama!」

Filia bounces up and down pyonpyon, expressing her joy with her whole body.

「This makes me and Tira a freshly married couple!」

「It's an established fact———!?」

My bride shouts in surprise.

Fu fu fu.

In fact, I have anticipated this development since working out the strategy to defeat the great sage!

〈Pinnacle of Prediction〉is great.

I gently ask Filia.

「Filia, would you like a little sister or a little brother?」

「Want!」

She smiles innocently. So cute.

「I see~ You want~ Mama will make you one」

「What are you talking about!? I won't!?」

「Mama, you won't make one.....?」

Filia falls silent.

Seeing that reaction, Tira「Uu」flinches.

「U, using child like that is really despicable!」

Tira shouts at me then sighs.

「Waa..... I shouted so much today, I got tired.....」

「Certainly, the last boss was well versed in tsukkomi」

「More than half is your fault, though. Are you aware of that? Are you aware of that? You are, right?」

「Wai, stop poking my nostrils with your staff. That is used for magic. It's not

something you should use to arouse my nostrils with.]

I have a feeling that Tira is gradually losing her modesty around me.
That means the distance between our hearts has shortened!

—Gogogogogogo.

「Kya」

Tira staggers at the sudden intense tremor.
Filia clings to my leg with a frightened expression.

「What?」

I examine with〈Pinnacle of Appraisal〉-san.

..... tte, seriously?

This tower is apparently collapsing.

Probably because the great sage who was maintaining it has ascended.

「Tira, we are immediately getting out!」

「U! W, wait a second please!」

「Tira?」

「I have to collect the great sage's data! I have come this far only because of that!」

Tira starts collecting the documents scattered around the room.

The tower is on the verge of collapsing.

And yet, Tira is desperately collecting the documents.

「I can't return to the elf village without this.....!」

[] (*•_•*)[♪] []

Chapter 11

Although the tower is on the verge of collapsing, Tira is desperately gathering the scattered documents.

「I can't return to the elf village without this.....!」

「..... I understand」

I nod while the tremors roar.

「..... Karuna-san.....?」

There's no time.

I use〈Pinnacle of Appraisal〉and learn all about this tower.

..... I see.

The tower itself is one big magic tool.

Such construction shouldn't be theoretically possible to build, but it's maintained by an enormous amount of magic.

But, because Owen who was the source of the supply ascended, it started collapsing.

Moreover, Owen was appropriately called the great sage as his magic power was almost infinite. He was a laticon, though.

With him out, it won't be possible to continue maintaining this tower.

But—

〈Pinnacle of Magic Power〉

One of my cheats skills makes it possible for me.

I release the magic power which sleeps inside my body.

「Wh..... what a rich magic power.....」

Sensing the tremendous overflowing magic power from my body, Tira stops in place.

I inject my magic power inside the tower through the walls.

The shaking gradually settles.

「Fuu. Looks like it somehow worked」

I breathe out heavily.

I continue releasing magic power as I won't run out because of『Pinnacle of Magic Power』.

「It's alright now. Let's collect Jiisan's research at ease」

『Tower of the Great Sage』crumbles down.

A cloud of dust rises and the ground shakes.

We watch that happen from a remote place.

「..... Somehow, it feels slightly wasteful, doesn't it?」

「I guess. It was quite amusing dungeon」

As expected, I couldn't keep on supplying magic power once I got out.

「In addition, it was the place of our meeting, I would like to keep it as a memory, though」

「S, stop saying something so embarrassing so calmly, please」

Tira's cheeks become slightly red.

「Papa, papa!」

「N, what is it, Filia?」

「Piggyback, piggyback!」

「Yoshyosh」

Although that tower was the place Filia first gained consciousness, she was there only for a short time.

She probably doesn't have any deep emotions towards it.

I feel slightly sorry for Owen Jiisan.

「Nevertheless, why didn't you say anything? That you can use magic. Not just purification magic」

「Because I was thinking about capturing the rest of the dungeon with just a sword」

「..... Is that so. Maa, that really doesn't surprise me now..... But, to use Advanced magic..... Moreover, multiple attributes.....」

Tira mutters to herself. It looks like she's somewhat losing confidence.

It might be better to keep silent.

It would definitely be better to keep silent than I can also use Ultra Grade and God Grade magic.

「..... In other words, you could do it even without me..... Rather, I was holding you back.....」

「That's not true. Tira's existence was of a great importance」

「..... Is that the truth?」

「As a tsukkomi service」

「Is such role necessary in order to capture a dungeon!?」

「Apart from that, you are returning to your village, right?」

「Ah, yes」

In fact, her mother is suffering from an incurable disease. Even excellent healing users gave up on her.

A cure may be found in the research the great sage has left behind (Jiisan was apparently well-versed in the art of healing).

She challenged the dungeon alone with these thoughts.

What a brave, good girl.

I want to hug her from being so deeply moved.

「Wai, what are you doing all of sudden?」

I really tried to hug her, but was avoided.

「But, is this really alright, for me to take it first..... Even though you would become a very rich person once you return to the guild. In the first place, it's thanks to Karuna-san that we were able to capture the dungeon」

「Don't worry about it」

「There's quite a lot, I don't know when I will be done with it?」

「It's alright, it's alright」

「..... Thank you very much」

Tira smiles joyfully.

I thought that the price was quite cheap for such smile.

「Then, shall we go?」

「Yes」

「Nevertheless, Elf village, huh? I'm looking forward to it. Full of nature, are the houses build on trees after all?」

「That's right. The surface in the forest gets flooded in the rainy seasons, so the houses are built as high as poss———tte, eh?」

「N, what's wrong?」

「Why are you coming with me as if was natural?」

「Eh? Shouldn't I?」

「I, it's not like you..... shouldn't, but..... I'm indebted to you and.....」

「We are married couple, after all」

「Don't talk like it was an established fact please!」

「Filia also wants to go to mama's house, right?」

「Want to goo~!」

「Uu..... I told you it's unfair to use a child like that.....」

Filia-chan is invincible.

Maa, I would like to see the elf village, but more importantly, it's in order to cure Tira's mother.

Although I feel bad for Tira who worked hard to obtain the great sage's research, it probably won't be of use.

I have such a feeling.

I have a skill called〈Pinnacle of Prediction〉, that feeling is probably because of that.

In the first place, I will be able to determine Tira's mother's disease immediately and there's a high possibility that I will be able to cure it with〈Pinnacle of Healing〉.

This and that happened and it has been decided that I will go with Tira to her house.

「I must greet your parents properly」

「..... I feel like I shouldn't be taking you with me」

Chapter 12

Tira takes out a magic scroll.

It's a magic tool which allows using a magic that is sealed within it.

「This is a transfer magic scroll」

Because she's not able to use transfer magic, she brought the scrolls with her in case something happened in the dungeon.

But, a transfer magic scroll seems to be considerably expensive even though it's one-time use only.

Maa, transfer magic certainly seems to be rare.

Therefore, she doesn't normally use it for conventional movement, but 「Since we have successfully captured the dungeon, this much luxury should be allowed」

By the way, I am able to use transfer magic, but I can only go to places that I have visited before.

Although, it's possible to transfer to places I haven't been before thanks to the〈Pinnacle of Detection〉, but the detection has a certain range limit. The elf village is far away.

Tira timidly presents her hand.

「..... I, if we don't hold hands, we won't be able to transfer together」

Tira mutters with slightly reddened cheeks.

When I grasp her hands with mine, her cheeks redden further.

「What are you doing (anger). I'm not taking just you, you know?」

She threatens me with her staff.

Then, parents and a child happily join hands and Tira uses the scroll.

The scenery instantly changes.

Before I notice, we stand in an unknown room.

Walls made of wood standing on a tree branch and trunk.

The furniture is a little simple, but the warmth of the room makes me at peace.

「This is?」

「This is my room..... Since there are not many humans visit my village, I thought it would be better to transfer us to my room first.」

Hearing Tira's explanation, I jump into the nearby bed.

Hiyahaa~!

Tira-tan's bed——！

I bury my head into the pillow.

Uoooooo, I can smell Tira's sceeeeent!

「Mama's bed~」

Filia imitates me and dives next to me into the bed.

「Yosh, Filia. Let's enjoy mama's scent together!」

「Enojoy~」

「Suu~ Ha~ Suu~ Ha~」

「Su~ Ha, Su~ Ha」

Is this place a paradise?

It here all the time!

I and Filia completely savor Tira's scent.

Buchi.

Then, a sound of blood vein bursting could be heard.

「..... What, are you doing.....？」

——After that, she was unreasonably mad.

Of course, only at me. Unfair!

I want to become a little girl.

「In, credible.....」

The scene before my eyes after leaving the room took my breath away.

A vast forest with unbelievably large trees bundled up together.

If I remember correctly, the highest tree on Earth should be a little over 100m.

1

But, every tree in this forest is over 200m.

As expected of a different world. The scale is different.

In addition, the houses are really made on trees.

The trunks are linked with bridges which allow moving between trees.

「This is the elf village. Also, the great forest」

Tira tells me with a bit of pride.

「Incredishble!」

Excited by this nature, Filia bounces up and down while shouting in joy.

We move to another room through a corridor.

Still, this tree is seriously huge.

Tira's parents may be rich people.

I could check using a skill, but that is concerning a personal information so I hold back.

「It's Tira, I have returned. Please, excuse me」

「Come in」

When we enter inside, a woman slowly rises up on the bed.

A woman who looks similar to Tira.

Filia makes a surprised expression and says in surprise「Two mamas?」.

「Welcome back, Tira-san. I am glad you are safe」

「Yes, Okaasama」

She's Tira's mother.

Rather, she doesn't seem to be older than 20.

As expected of elves of longevity races.

But, despite the young appearance, she seems more haggard than youthful.
It's probably because of that incurable disease.

..... I see. Certainly.

I can see her body releasing an abnormal amount of magic power.

If she keeps on releasing magic power like that, she will eventually dry out and die.

If she wasn't an elf who possess an extraordinary amount of magic power, she would be already dead.

「Tira-san, who might that human be?」

Tira's mama's gaze falls on me.

She surely looks very similar to Tira, but she looks to be much calmer. She seems gentle.

「My benefactor. I was able to successfully capture the dungeon, this time, thanks to him.」

「Ara, is that so?」

Receiving Tira's introduction, I step forward.

「I'm called Karuna」

「Karuna-san, is it? Thank you for helping my daughter」

「No. It wasn't much. More importantly, Okaasan, I have a request」

「Yes, what is it?」

Tira's mama who has almost exact same face as Tira asks.

I look straight into her eyes.

「Give me your daughter, please」

「What are you saying all of sudden———!?」

「Alright」

「Why are you accepting———!?」

I got mother's permission!

I made a victory pose.

「Wai, Okaasama!? Eh, eh? Did you just exchange your daughter's hand in marriage!? You didn't, right!?」

「Let's see..... I felt that something scary would happen to me if I didn't.....」

「Then, you shouldn't accept it even more, shouldn't you!?」

「But, his eyes were bloodshot and his breathing rough..... doesn't that mean he loves you that much?」

「Totally not!? That doesn't represent love at all! On the contrary, it's on the level you should apologize to love!」

「Please forgive me, love」

「You really apologized———!?」

Haahaa, Tira pants after tsukkomming so hard.

「.....? Did I say something strange again?」

Tira's mama cutely tilts her head seeing her daughter in such state.
Rather, she's really cute. I seriously can't forgive the disease for harming a person like this.

「..... Nevertheless, what a peculiar person」

I whisper in Tira's ear.

「I don't want to be told that by you, but yes, I agree. Okaasama is always like this.....」

I somehow understand how Tira's tsukkomis got so sharp.

「Then, that child is?」

Tira's mama looks at Filia.

「She's our daughter」

「Could you not complicate it even more and give a proper explanation!?」

「Ara, Tira, when did you give a birth? No way, I already became Obaasan..... what should I do?」

「Okaasama don't be swallowed so easily into this person's words!」

Like this and that, we arrived at Tira's parents' house.

Chapter 13

「Maa, is that so?」

Because Tira tried to desperately explain, Tira's mama nodded in understanding in the end.

And then, Tira's mama (I would like to know her name already) looked at Filia and said, 「Isn't it great, Filia-san. Weren't you scared?」

「Un, I was okay! Papa beat the scary guy!」

Scary guy.....

Owen..... somehow, sorry.....

「Well then, Okaasama. I think that I should start examining the research we obtained at once」

「Ah, about that. It's unfortunate, but those documents don't have anything useful about treating Okaasan's disease」

「Eh?」

「This can't be cured with Healing Jutsu in the first place」

「T, that can't be.....」

「Ma, don't worry. I already know the source of Okaasan's disease」

I confidently approach Tira's mama's bed before Tira completely loses her confidence.

「This is a curse」

Curse.

Black magic.

It's an ancient magic that diverges from this world's system just like Healing Jutsu.

「Curse, is it.....?」

「Yes. But, it isn't something too troublesome..... Umm, Okaasan, just before your condition worsened, didn't you touch some old looking tool or weapon?」

「I wonder..... It's already more than a half year ago..... Ah, but, I was organizing our storehouse that time, so it may have been during that.....」

「Then, that may be the cause. A spirit may sometimes dwell in old tools」

It's known as Tsukumogami¹ in Japan.

「But, if you unknowingly throw it away, it will cast a curse on you in anger」

Humans have an occupation, Witch Doctor, who more or less specializes in dispelling such curses.

「Spirits who could cast such strong curse are very rare, though」

「You are very knowledgeable」

「Nono, it's not that much」

「..... Why did your face redden?」

Crap.

Tira's mama is naturally a married woman. No matter how cute she is, I shouldn't be falling in love with her.

Rather, the husband is enviable.

Putting that aside.

The reason I know about the curse is, of course, thanks to my skill.

〈Pinnacle of Black Magic〉

I didn't think it would be much of use, but I didn't think it would be useful in a place like this.

「Yosh, you are fine now」

I dispelled Tira's mama's curse instantly.

「..... The ejection of magic power..... has stopped」

The magic power which was constantly being released suddenly stopped as if the faucet has been closed.

「Have you..... cured it?」

「Yes」

When I nodded, Tira suddenly started running while being overcome with emotions.

Is this perhaps.....!

D, don't panic.

This is where I should accept her feelings openly like a man!

I spread my arms wide and prepare myself to welcome her.
Saa, come and jump into my chest!

「Okaasama!」

The next moment, Tira runs past me and embraces her mama.

Right, huh~

「I'm glad..... Okaasama.....」

「Arara, there's nothing to cry about」

Tira's mama gently pats the head of her sobbing daughter.

「Filia」

「N~?」

「Will you go outside with papa for a little?」

「Un」

I grasp Filia's hand and leave the room.

It's the Parent and child with no outsiders present thing.

I'm a man who can read the mood nanodearū.

By the way, beautiful scene of elf mother and daughter embracing each other was perfectly recorded in my memory with〈Pinnacle of Memory〉skill.
Let's thoroughly enjoy it later.

After saving Tira's mama that day, I have been received with utmost hospitality.

I also met Tira's papa.

Naturally (?) I have told him「Give me your daughter, please」.

The exchange went like this from there.

「I can't possibly say 'Yes, here you go' to a man I don't know!」

「You are correct, Otousama. That's the normal reaction, isn't it?」

「In the first place, I won't give my daughter to anyone!」

「O, otousama.....?」

「As if I'd let her marry! No matter how old she is, she will stay in this house~!
We will be together even after she becomes obaachan~!」

「Hey, I would be troubled with that, though!?」

Tira's papa is quite a doting parent.

Maa, he has such cute daughter, it's understandable.

Seems like I have to slowly and carefully capture him.....

This doting parent is, in fact, the patriarch.

That explains why they live on such huge tree.

The elf village is divided into seven settlements which are all governed by a patriarch.

Tira's papa is one of those people.

By the way, the patriarchs' families are the legendary king of elves——High Elves' descendants.

「So that's why Tira-tan is so divine?」

「..... What are you talking about?」

Tira looks at me with her eyes half closed.

The next day, we walk around the elf village.

Tira is showing me around her village.

The three of us cross bridges.

Rather, the ground is unreasonably far. Maa, it's two hundred meters so it's natural.

Although I say bridges, they are mostly just an unstable suspension bridges. Considerably scary.

Along the way, Filia who innocently ran around almost fell down, I was frightened to death.

Maa, if it comes to that, I will just catch her with flight magic.

We passed by other elves several times along the way.

「Tira-sama, welcome back」

「Tira-sama, I'm glad you are safe! I heard your Okaasama is completely cured now!」

「Tira-sama, you have cleared a dungeon? Amaz~ing」

Being a patriarch's daughters, Tira is quite adored.

「By the way, you are? I don't think I saw you before.....」

「I have been travelling for a long time. I met her in a dungeon by a chance so we came back together」

「Hee」

I exchanged such conversation with the elven villagers several times.

The elves don't have a good impression of humans.

In fact, there are many elves who hate humans.

So normally, I wouldn't be able to hold such peaceful conversations, but 「Just where did you learn such technique? You really look like a genuine elf.....」

I have disguised myself.

Therefore, no matter how you look, I look like a genuine elf, it's perfect.

〈Pinnacle of Disguise〉

It's thanks to this skill.

By the way, I have disguised Filia into an elven little girl with this power too.

Rather, elven little girl, seriously cute.....

I wouldn't show her to Owen Jiisan no matter what.

「This thing, black magic, I won't be surprised anymore no matter what you do.....」

「Papa, ama~zing!」

「Fufufu, papa is great, right?」

「..... However, I'm really, really sorry」

I'm confused by Tira's sudden apology.

「Eh? About what?」

「..... Even though you are a benefactor who saved both me and my mother, you can't even walk around without disguise.....」

Uun. I realyl don't mind, though.

I'm fully enjoying myself.

In the first place, a conflict between races isn't anything odd.

「But, why do elves hate humans?」

「That is.....」

Tira then told me the reason.

The reason why elves hate humans.

Chapter 14

Most of the elves have bad feelings towards humans.

The elves are a race that does not like to fight, because of that they hold humans, who wage wars since the old days in contempt.
Still, the village was friendly towards humans who brought profit to the village.

However, that has changed completely approximately 100 years ago.
The cause was that humans started lumbering the trees of the Great Forest the elves live in without permission.

The Great Forest itself the elves live in is the target of their faith.
Naturally, they were enraged.
After that incident, the elves completely cut interaction with humans.

Nonetheless, it happened already one hundred years ago.

「There are people in the village who wish to interchange with humans.
Otousama is one of those people」

「So that's why he received me in his house with hospitality?」

「Yes」

The elf village is small.
Even after counting all families together, there's only around 1,000 people.
Elves have superior magic talent, physical ability and have long lives. Although they are the superior race, their reproduction rate is low.

If they get invaded by a mighty hostile force, they will most likely die out.

「That's why Otousama thinks that interchange with humans is indispensable,
but.....」

One of the human kingdoms—Alsara Kingdom has sent messengers to the elf village several times to conclude a diplomatic relationship.
The contents were based on elven emotions, perfect for elves.
The Alsara Kingdom has a deep interchange with dwarves and demi-humans, they are reliable.

But,

「After all, there are many voices opposing the interchange with humans so the situation can't progress」

「..... I see」

「tte, I'm sorry, I have suddenly started talking about this. I've thought that since it's Karuna-san who can do anything could do something about this..... I was thinking it might be best to let you know」

「No, it's alright. I wanted to know about it」

Maa, I already confirmed the situation with〈Pinnacle of Information〉to a certain degree.

We have arrived at the highest place in the village where sacred rites take place while having such conversation.

All elves gather here when rites are held so it's ridiculously wide.
It's hardly believable that this place is on a top of a branch.

It's higher than all the surrounding trees in the great forest so the view is spectacular.

I like this elf village every much.
The air is fresh, the girls are pretty, the food is delicious, to be frank, this place is a paradise. It's my bride's home after all!

However, there's a friction with humans.
This is a very unfortunate problem to an elf loving person like me.

I confirm the skills at my hand again.
There are not just the battle skills, there are lots of production and cultural skills.
I may be able to find a solution to this problem.

Oh, if I use this skill around here, perhaps.....?

「Naa, Tira. there's a rite tomorrow, right?」

「Ah, yes. We hold a rite once a month in order to give our thanks to the Great Forest」

「May I also participate in that?」

「Eh?」

「I have an idea」

The elves hold a sacred rite when the sky starts turning dark.

All elves of the village gather in the wide rite grounds.

A little less than thousand people.

Everyone prays silently regardless of age and gender.

Honestly speaking, I'm really bad with such atmospheres, but I endure for now. I'm able to endure only because Tira's nice scent drifts from next to me. By the way, Filia is taking care of a grebe in Tira's house. It's unreasonable to take such a little girl to a place like this.

The boring atmosphere lasted for a while, but the surroundings got lively after the prayer ended.

After the sacred rite finished, a banquet-like event is held.

I bring Filia here with transfer magic.

Although it's a banquet, the elves are considerably quiet.

To a degree that neighbors are having a quiet chat while paying gratitude to the Great Forest's food.

They seem to be drinking a bit, but there's no annoying drunk old man who acts violently.

「Ladies and gentlemen, I have something to report」

Tira's papa, the patriarch steps forward while grabbing the attention of other elves.

It was a report about his wife having completely recovered.

Although they seemed to be already aware, they still broadly smiled.

But, after his following words, the smiles disappear.

「The one who saved my wife is none other than——a human youth」

After that introduction, he moves towards me.

I cancel my disguise at the same time.

「Wha..... a human, in this village.....?」

「Moreover, he stepped onto the sacred grounds.....」

Many elves hold their breath.

There were even people of the anti-human group who immediately begun to move in order to arrest me.

It was at that time.

A beautiful melody played by flute was heard.

The one who plays it is Tira.

It's said that for elves, a flute is the most intimate musical instrument.

And among elves, Tira's ability to play the flute is said to be on a genius level.
She immediately grabbed the hearts of the elves.
As expected of my bride.

After that, a commotion occurred.

Because I have suddenly started singing along that flute.

Of course, it's no J-POP.

I sang my own lyrics which portrayed gratitude to the Great Forest.

⟨Pinnacle of Acting⟩

⟨Pinnacle of Production⟩

⟨Pinnacle of Singing⟩

Due to the⟨Pinnacle of Acting⟩I have become an elf while retaining the appearances of a human.

My present heart is that of an elf who spent a long time in this village.

And then, I sing with the help of⟨Pinnacle of Singing⟩the lyrics I created with⟨Pinnacle of Production⟩.

By the way, I'm tone-deaf in reality.

The patriarchs of other families stopped in place after hearing my song.
On the contrary, they listen to my song with earnest expressions.

The noise settled instantly.

There is not a single person who is trying to stop me.

Eventually, when the song finished, the elves were overflowing with tears. Patriarchs, young elves, everyone. Even I who turned into an elf cried without knowing. Only Filia in her elf disguise was tilting her head in puzzlement.

「..... That was a wonderful song.....」
「How do you, so much about our culture.....」

Right now, there wasn't a single elf who looked at me with a scorn.

「I'm called Karuna. As you can see, I'm a human. I'm aware that humans like me have angered you in the past. I know that because of that, you hold grudge against humans even now」

I speak to the elves while acting with〈Pinnacle of Acting〉as a sincere human youth.

Because talking seriously is naturally impossible for me!

「However, among humans, there are people like me who understand and revere your culture and values. There are many people who want to cooperate with you hand in hand」

After my song, the elves obediently listen to my speech.

「I have participated in today's rite because I wanted to convey that to you..... I apologize for entering this village and this sacred grounds without permission」

「..... To think there would be a young man like that among humans.....」
「He offered his gratitude towards the Great Forest just like us, a race is not irrelevant」

The elves unanimously compliment me.
Even the other patriarchs who looked at me with hate at first, look at me with completely tranquil expressions.

Then, at that time.

In the area already wrapped in darkness, countless green lights suddenly emerged.

「Wha..... this, spirits.....?」

「The spirits of the Great Forest have appeared?」

「Furthermore, so many.....? Unbelievable.....」

The elves raise their voices in surprise.

Spirits.

Spiritual beings that dwell in nature.

They were targets of faith in the old days, but because their sightings decreased over time, they become mostly existences from legends.

But, that didn't change the fact that the spirits dwelled in the Great Forest all this time.

The spirits dwelling in the trees of the forest are called the Tree Spirits.

The green glittering lights slowly gather around me.

A palm size figure of a boy appears in front of me.

「That was a wonderful song! Even though I said that, you can't hear my voice, huh!」

Which means that elves weren't able to converse with spirits until now.

But, to his words of praise I,

「Well, thank you」

「Areareare!? Can you hear my voice by any chance? tte, that can't be possibly true!」

The boy rolls his eyes in amazement.

「No, I hear ye, I hear ye」

「Dohyaa」

The spirit is the type of person who has an old-fashioned way of surprise.

[[\(*\)](#) [\(*•*\)](#) [^](#)] [[Pinnacles](#)] [[\(\)](#)]

Chapter 15

「Ama~zing! How long has it been since there was a person who could talk to us!」

The boy express his surprise with quite the gap between his appearances nad his way of speech.

By the way, I can talk with spirits thanks to〈Pinnacle of Spirit〉skill.

「You have been watching me all the time, right?」

In fact, I have perceived their existence clearly since I first came to this village. They have been stealthily peeking at me.

「Uwaa. We were exposed~」

The boy makes a surprised expression and knocks on his forehead.
Are you old man or what?

「I thought that an interesting human came~ I watched only out of curiosity!」

「Fu~n」

「Your reaction is too thin!?」

「I don't have much interest in men」

「How terrible! Rather, I'm not a man nor a woman, though!」

「Transvestite?」

「No! I'm a being that hasn't decided on gender yet!」

The elves are extremely surprised at our interaction.

「I, is he talking with a spirit.....?」

「How is that..... does he understand the language of spirits.....?」

「Oo, they are surely talking about something noble!」

No, it's nothing that great.

「Maa, anyway! Rather than that, thank you for the splendid song! I wanted to say just that! Ciao!」

It seems that the spirits really wanted just to thank me for the song as they soar in the sky and eventually disappear.

「To think you would be able to talk with spirits..... truly, you full of surprises」

After I watch the spirits off, Tira's papa comes over to me.

「Thanks to you, many people should be able to change their view of humans. Of course, the patriarchs too」

Certainly, the patriarchs seem to look at me with awe.

If it's like that, the talks with the Alsara Kingdom will surely go well.

「How should I thank you.....」

Tira's papa surprisingly humbled before me.

「You don't have to worry about it」

「No, I will certainly express my gratitude」

Gratitude.....

Wa, perhaps..... will it work now!?

「Then, Ti——」

「However, I will never hand my daughter over!」

He really is a doting parent.

The evening of the sacred rite.

After I return to Tira's home and start preparing to sleep in the borrowed room, tonton, I hear a knocking on the door.

「That..... are you still up?」

I hear Tira's voice from the other side of the door.

When I reply her, Tira timidly enters the room.

「..... I wanted to thank you properly for today」

「Thank me? If it's gratitude, then I have received it many times today.....?」

I tilt my head.

「No, that..... After all, I don't think that the words of gratitude are enough.....」

Tira says while fidgeting.

This embarrassed state.

Also, the words are not enough.

If you combine those two, the answer is.....!?

Something erotic!?

It's something erotic, right!?

Rather, besides from something erotic, what could it be!?

Are we possibly going to make Filia a little brother or a little sister now!?

With my expectation increasing to the maximum, Tira approaches me.
Then, with a resolved expression, her beautiful face——her lips, slowly approach me.

That's right!

It starts from there!

I stare at Tira's pretty, fresh lips.

They gradually approach and then———suddenly disappear.

She turns her head to the side.

「..... E, ears, I will let you touch them」

Tira says with the tips of her ears completely red.

「Eh?」

「I, I mean, you wanted to touch them ever since we first met」

「..... T, that's right」

I see.

Un.

..... Umm.

Shit. I'm incredibly troubled on how to react.....

I expected something more of a higher level (?), my tension immediately toned down.

Nonetheless, the fact that I want to touch elf ears is true.
In addition, I was denied so much before.
This may be for Tira the highest possible gratitude she can give.

「I understand. Then, I will touch them without reserve」

「J, just a little, okay?」

I extend my hands.

Tira tightly closes her eyes and her body becomes stiff because of tension.

「It's okay. I won't hurt you」

「Y, yes.....」

I would like to have such interaction during something more erotic, though.....

And then, my fingertips touch hear ears——and immediately, Peron.

「~~~~~!？」

I lick her ear before my fingertips reached her.

Oops. Crap.

My tongue has slipped. Tehepero.

「Wh, wh, what did you just do!?」

「I touched your ear with my finger」

「That's definitely not true!? No matter how I think about it, that wasn't a finger touch! It was something more sticky, wasn't it!?」

「The sweat, because I'm nervous」

「No matter how I look, they don't seem to be so watery!? It was something soft and flabby! My spine is shivering, you know!」

Tira steps back and raises her voice.

「It's okay, it's okay. You were tasty」

「It was a tongue after all!? Did you just lick me!?」

「I did it impulsively. I don't regret.」

「Then, should I make you regret now.....?」

Tira raises her staff and points it at me ready to chant a spell any time.
Rather, why did she bring the staff with her to my room.....? Self-defense.....?

「I, I understand. Then, lick mine back, forgive me with that.」

「I don't want to lick it, though!？」

「Eh, seriously? You don't want to lick it? Really?」

「Why are you acting like me not wanting to lick you is weird! tte, wait a second, please! Why are you taking your pants off!? Just where are you trying to make me lick you!?」

「I mean, it's impolite of me to let you lick such poor place, right? Therefore, my most important place——」

「Wind, Cut——」

「I, it was a joke! Just a joke!」

I panic seeing Tira start a chant.
Rather, where did she plan to cut me.....

「Papa? Mama?」

Right at that moment, Filia enters the room while rubbing her eyes.
It seems she got woken up by our loud interaction.

「What are you doing?」

「Papa and mama were about to make you a little brother or a little sister」

「Really?」

「We were not」

「U, un. We weren't, Filia」

I immediately betrayed my words after facing Tira's glare.

「..... Is that so?」

Filia hangs her head down in disappointment.

「A life is a very important thing, so it can't be made thoughtlessly. Filia is a smart child, you understand, right?」

「Un」

Filia nods at my plausible words.

「I see. You are admirable, Filia」

「Ehehe」

When I pat Filia's head, she smiles like an angel.

What a pure and innocent smile.

Uu..... I feel guilty.

I'm corrupted.....!

「Then, do you want to come back to my room, Filia-chan」

「Un!」

Tira and Filia peacefully left the room.

Seems like the two will sleep in the room together.

I also want to sleep together.

Chapter 16

Three days after the sacred rite.

I preparing to leave the elf village.

「Somehow, I will be lonely」

「Right. We should increase the number of children」

Tira's mama and papa say such delightful thing while seeing us off.

「Thanks to you, every patriarch agreed to conclude a diplomatic relationship with the Alsara Kingdom. I can't express my gratitude」

「I have to report to the guild about the dungeon and I have a business in the castle so I will convey your words. I have some connections after all」

「That will be helpful. However, you helped my wife and everyone else is also indebted to you.....」

「Don't worry about it. I did it all on my own」

Besides, I'm also indebted to my skills, hahaha!

「Then, let's go, Filia」

「Nee, Mama? Mama is not going?」

I call to Filia and she looks up at me.

Tira is planning to stay in the village.
She didn't even come to see us off.

Why did she not come.....?

I, is it that?

She's surely embarrassed to be seen in tears.

Un, that must be it!

I may have made her more distant from me by licking her ears, but that's definitely just my imagination!

「It's okay. We will meet soon」

「..... Mama, farewell.....?」

Filia is on the brink of tears.

Of course, I'm also sad.

But, this is Tira's home. Her birthplace.

She has a home to live in.

I was also thinking about settling in the village.

It's really a comfortable place to live in.

However, I want to look around this different world with my eyes.

This desire doesn't allow me to continue staying here.

Do I pick the wife, or do I pick the work?

It was the ultimate choice.

No, actually, I don't have a wife nor work, though?

「Uu..... mama.....」

「Don't cry, Filia」

「Papa is also crying!」

「I, I'm not! This is sweat!」

Maa, I have a transfer magic so I can visit her every day if it comes to that.
Still, being separated by physical distance feels quite lonely.

「Seriously, if you are like that, you are not fit to be Filia-chan's otousan」

Then, I heard a familiar voice.

「Mama!」

It's Tira.

Filia runs and jumps into her chest.

「Mamaa~ Filia loves papa, but she also loves mama..... I hate it if we are not together.....」

「Yes, yes, everything is all right. Mama will be properly with Filia-chan after all」

「..... Really?」

「Really」

Tira smiles at Filia and then she turns to her parents.

「..... Are you going, Tira.....」

「I will be lonely.....」

「It's alright. I will come back soon」

Then, Tira turns at me who is stupidly staring at her.

「..... I, I also want to see more of the world. I, it's not like I'm tagging along because of Karuna-san, okay?」

Tsu, tsu, tsu, tsundereeeee!?

「Ye~s, mama, I love you!」

After hearing that Tira will be going with us, Filia's tears completely disappeared.

「Thank you. By the way, papa or mama, who do you like more?」

「Right now, I like mama more!」

Filia immediately answers.

「Filia has been takeeeeen!?」

Papa has received a great shock.

T, that can't be.....

No, if I think about it, Filia has been with Tira for the last several days. Their bond has deepened in the meantime.....

Ku, I really should have slept with them too!

「Why are you crying again? Let's go」

「Uu..... These tears which are mixed with joy and sadness.....」

I wipe my eyes and take the hands of the two girls.

Then, I noticed for the first time.

That the elves are waving their hands at us from the trees.

After that evening, I returned to my original human appearances, but they still were friendly to me.

From the looks of it, the talks with the Alsara Kingdom will surely go well.

Furthermore, countless green lights float among the elves.

They are Tree Spirits.

They also came to see us off.

「Well then, we are off」

Tira bows her head down to her parents and I chant the transfer magic.

I lengthen the chant as long as possible.

It felt like it would fit the mood.

By the way, Tira's papa「After all, I don't like it~ Tira should always stay by my side~」said something unreasonable again.

The transfer to the guild in the capital city of the Alsara Kingdom.

I have to report that we have cleared the dungeon and collect the reward.

I have decided to jump right into the ossan guild master's office.

It's an S class quest after all, it would probably become troublesome if I report it at the reception.

I have entered the ossan's office for a little after the examination.

Eventually, the magic circle completes and we get engulfed in a light.

Like this, I bid my farewell to the elf village.

I think that being seen off by so many elves and spirits is quite emotional scene.

And yet, it was destroyed instantly.

Because at the place of transfer——

「Ou, ou, ou」

——Ossan is making sounds similar to a fur seal while masturbating in a bridge pose.

Chapter 17

L, let's talk about what is just happening!

After transferring from the elf village to the guild in the Alsara Kingdom capital, ossan is performing on top of a desk, making a fur seal-like noises while masturbating in a bridge pose.

「Ou, ou, ou」

「Kyaaaaaaaaaa!?」

Tira lets out a high-pitched scream.

「Ou, ou, tte, nuoooo!? Y, you folks, where did you come from!?!」

Ossan, the guild master notices us and shouts angrily.
However, the movements of his right hand still continue. No, first stop doing that.

「Explode, flames of the——」

「Wai, stop that」

Ossan who notices Tira chanting an offensive spell loses his balance and falls down from the desk.

「Listen, never again transfer directly to my office, do you understand?」

「Yes, I understand. I understand」

I obediently apologize to ossan who scolds me after he got dressed.
Certainly, it was the fault of my laziness that I have transferred us right into ossan's office.

「But, what the hell are you doing in the office? If you must do it, do it at home, at home」

「I, it's alright! I can't get enough of the immoral feeling doing it here! I can't get this excited at home!」

A pretty bad reason.

「Moreover, what's with that posture? It's my first time seeing a someone do it in a bridge pose」

Maa, there's rarely a chance to see someone masturbate in a bridge pose. By the way, I used〈Pinnacle of Memory〉and applied mosaic. It also has this convenient feature.

「I was thinking doing something that would surpass the achievements of the previous Guild Masters」

Ossan suddenly starts talking in all seriousness.

There might unexpectedly be a serious reason. tte, no way there's a serious reason to masturbate in a bridge pose.

「But, each and every one of the previous Guild Masters were monsters. No matter what I do, I won't be able to surpass them. Therefore, I thought about it. I had to find a feat that would be unique」

Ossan's voice gradually starts burning with passion.

Then, he strongly declares.

「And that is to paint the ceiling of this office with my body fluids! After all, there's not a single Guild Master who accomplished something like that before!」

「That's obvious! Rather, it's not a public achievement, you are doing this only for your self-satisfaction! Kneel down and apologize for the previous generations of Guild Masters! I was fool for expecting a serious reason!」

Is the guild safe with a fellow like this at the top.....

「.....」

By the way, even garbage receives more love from Tira's eyes than ossan.

Ossan mutters under his nose.

「..... That gaze is on the contrary a reward for me.....」

「Do you want to die? You want to die. Please die. Die」

「W, wait! It's a joke, a joke! Stop your chant! Moreover, isn't hat an Advanced magic!? I will seriously die!」

「Ku..... Even though it was always my position..... I feel like I just got

NTR'ed.....」

「Why are you trying to compete!?」

While the adults interact, Filia asks ossan with eyes full of curiosity.

「Nee, nee, Ojisan, what were you doing just now?」

Ossan panics.

「Hey, wait! Don't look at me with such innocent eyes! To think I would be seen by a such little girl..... I am getting excited」

Tira immediately roasts ossan with Elementary magic. Un, I think there was no need to be reserved.

Tira casts a sidelong glance at ossan who is charred from head to feet and tells to Filia.

「Filia-chan, you are a good child so forget everything you saw a little while ago. Pretend that you didn't see anything」

「Eeh~, but」

「No buts. You haven't seen anything. Understood? You haven't seen anything. You have not seen anything」

「..... U, un」

Filia had to obediently nod her head after feeling Tira's pressure.

「..... T, then, what business do you have with me?」

Ossan who recovered from the damage asks.

「Ah, right. We have cleared the『Tower of the Great Sage』so we have come to receive the reward」

「..... Ha?」

Ossan stupidly looks at me with an open mouth.
I throw Owen's research at him to show the proof.

「S, seriously..... Which reminds me, I heard that the『Tower of the Great Sage』has collapsed, but..... Was that the truth.....」

「It's like that, so we came to collect the reward.」

Going right to the point, ossan, u, umu, nods his head, 「I, I understand. But, I have to take this to a specialist in the castle to confirm its genuinity first. So, let me hold on it for a bit.」

「Then, it would be faster if I settle it directly. Anyway, I was planning to go to the castle next.」

「Eh?」

「I have connections in the castle.」

Of course, I'm talking about the Princess Knight I have rescued from the orcs. Quite a lot of time passed since she told me to come to the castle to receive her gratitude.

「Come to think of it, you were personally recommended by the king, weren't you?」

「Ah, come to think of it, that's right.」

「Come to think of it?」

「No, just talking to myself.」

Come to think of it, I forged a letter of recommendation from the king in order to join the guild.

I completely forgot about it.

I have decided to part ways with ossan and transfer to the castle to hand over Owen's research directly.

「I wonder if Ellen is in the castle?」

I use〈Pinnacle of Detection〉.

The available range of detection is 5 to 6km. The castle is in range.

I scan the castle.

Ellen is..... there.

「Yosh, let's go」

I grasp Tira's and Filia's hands and use the transfer magic.
It would be troublesome to deal with guards so I have decided to transfer right
near Ellen.

「Hey, did you already forgot what happened a little while ago?」

I heard Tira's criticizing voice right before transfer, but it's already too late.
Immediately after that, a steam wraps around us.
The visibility is bad, it's quite sultry.

「Where is this.....?」

Right after Tira mutters, chapon, a sound of water splashing is heard.
And then a red-haired girl appears from within the steam.
It's Ellen.
「Wha..... why are you here!? tte, gyaaaaaaaa!」
—Stark naked, just the way she was born.

Chapter 18

A stark naked bishoujo is standing there.

Around sixteen to seventeen years old.

Neat eyebrows, strong-willed ruby colored eyes, well-featured nose.

Rather than cute, a beautiful, smart-looking appearances.

And yet, a trace of childishness is left behind.

Now, her cheeks are flushed and her baby-like skin looks glossier than normal because of the moisture.

However, that body is completely adult.

The prime example is her breasts.

A pair of fresh and juicy huge hills.

And yet, their form is terrifyingly good.

The tips are facing up, they have a lovely cherry blossom color.

Her red hair dripping wet have indescribable charm.

Moreover, the two destructive bulges are now boldly shaking.

Each time the water drops scatter right and left, it creates a very fascinating erotic feeling.

After I glued my sight at her hills for a while, I forcibly look down.

What I see is a spectacular waist.

A hard-trained beautiful navel.

The drop of water running down her navel is indescribably erotic.

I chase the drop and my sight lowers even more.

There, a youthful bush the same color as her hair is between two beautiful thighs—

「tte, how long are you planning to stare at me you bastaaaaard!」

A fist flies at me.

However, I easily dodge it.

「Why did you avoid!?」

Certainly, the theory here is to get hit and fell unconscious.

But,

「Protagonists from a love-comedy can eat a shit! There's a nude body of a girl in front of me! Are you saying I shouldn't burn the scene in front of my eyes into my memory!?」

「Wh, what are you saying, you bastard!?」

「No, there's no reason not to!!」

I shout loudly and resume observing.

——Right. What I see is a red bush. The under is redder.
And there, in the depths is——

「Please, stop already」

「Gyaa」

Tira's lightning magic strikes me directly.

If it wasn't me, I would seriously die?

「Listen! Forget everything you saw a while ago!」

Ellen who already wears clothes shouts at me with a bright red face.

「I understand, I understand. Rather, I didn't see much because of the steam anyways」

「A, are you telling the truth?」

「Really, it's the truth」

The truth is that I saw everything perfectly.
Furthermore, I have perfectly saved it with〈Pinnacle of Memory〉.

「..... Seriously, you always show at the worst times possible」

Ellen sighs deeply.

Seems like she finally lowered her defenses.

By the way, this is a drawing room in Ellen's room.
To have a drawing room within her own room, as expected of a princess.

「I didn't think you were in the middle of a bath」

Well, I didn't want to make the same mistake I did with ossan.
I had to be careful this time, HAHAHA.

「..... Was it really just a coincidence? I don't think it's possible, but it wasn't intentional, was it?」

Tira glares at me.

「That can't be possible」

「Why just a few words? Please say the truth. If you don't tell the truth, I will feed you another one?」

「It wasn't a coincidence. I couldn't resist. I don't have any regyaaa」

I was shot even though I told the truth!

「Papa is ecchi!」

「Hahaha~ That's right~ Filia, papa is ecchi~」

「Please don't admit it in front of a child!?」

「At any rate, how long do you think has passed since that day? I thought you would come to the castle right away so I was waiting all this time」

Fortunately, it seems like Ellen didn't hear my confession as she says while pouting.

Then, she looks at Tira and Filia who are glaring at me, 「Also, these two are.....」

Filia stares at Ellen with a wondering face and asks me, 「Neenee, papa, who is this person?」

「This person, you see, she is Filia's second mama」

「The hell are you saying!?」「Hey, why is it increasing!?」

Ellen and Tira shout with different expressions.

Ignoring the two, Filia smiles from ear to ear and clings to Ellen.

「Ye~s! Filia's second mama~」

Because Ellen just got out of the bath, Filia buries her head in Ellen's stomach and sniffs. Cute.

「I, I'm not your mama!」

「You are not my mama.....?」

Filia looks up at Ellen with watery eyes.

「Gu..... C, cute.....」

「Not good.....?」

「..... O, of course not!」

Ellen surrenders to Filia's cuteness instantly.

As expected of an angel. The strongest legend doesn't fail.

「..... Filia-chan..... are you perhaps okay with anyone.....?」

On the other hand, Tira receives an earth-shattering shock.

「Filia prefers having lots of mamas, right~?」

「Un! You see, Filia wants lo~ts of mamas!」

「I see~ If Filia feels like that, I really need to increase the number of mamas~」

「Ye~s! Papa, do your best!」

「.....」

「.....」

Ellen and Tira looked at me with extremely cold gazes, but that was probably just my imagination.

「By the way, you are okay with just one papa, right?」

「..... Un」

There was a great pause between the response, but that was probably just my imagination.

Advertisement

Chapter 19

「..... And that is the reason」

Tira explains the situation to Ellen.

「That being the case, we are not a married couple」

「We are about to cultivate our love from now on」

I add the most important part.

「We are not going to」

Eeh? We are not?

Ellen's whole body shakes while I receive a shock.

「Ellen-san.....?」

Tira calls her out with concern.

Then, Ellen suddenly opens her eyes wide, 「You have captured that dungeon!? Ku, even though I was about to do it myself! Rather, why didn't you take me along!」

Unfair, unfair! Ellen shouts.

Then she suddenly stands up,

「Since it came to this, I will defeat you guys and make it look like I was the one who captured it!」

「Why is it like this!?」

「She's a musclehead, after all」

「A musclehead, is it.....」

「I, I'm not a musclehead! I just think that settling everything with power is way quicker!」

That is a perfection of a musclehead.

「Stop it, Princess」

The one who scolded her is Ellen's old butler.

He stood quietly in the corner of the room after serving us a tea, but as expected he can't stay still after seeing bad behavior of his master.

「Geezer, you stay quiet!」

「I can't do that.」

He flatly refuses her and makes his way to us.

「If you want to have a match with the guests, you have to first defeat this geezer.」

「This is a normal talk, right!?」

Tira inserts more tsukkomis.

「Princess doesn't connect through discussions.」

Jiisan sadly shakes his head.

Still, will this Jiisan be okay? He looks feeble. He's also empty-handed.
While worrying,

「Then, I won't hold back, geezer!」

「Guwa.」

Ellen knocks away the old man with the back of her hand.

Jiisan's feeble body blows off and crashes into the nearby furniture.

Weak.

Rather, Ellen doesn't show even a bit of mercy towards an old man.....

「A, are you all right?」

Tira rushes to Jiisan in panic.

Filia also asks me worriedly 「Did Ojiisan die?」. He's not dead.

Jiisan says while wobblingly getting up, 「T, there's no need to worry about me, ojousan.....」

「B, but.....」

「..... I have been serving Princess since the day she was born. I have been swung around by the violent princess countless times.....」

「That is..... cruel.....」

「..... Thanks to that, I have completely learned to love this feeling!」

「Yes?」

「Saa, Princess! Don't think it will end with just this! The battle has still way to—Guwaa!」

Ellen knocks down Jiisan again.

But, he gets up immediately,

「N, not even closeeee—Guhoa」

Jiisan stands up again and again while Ellen keeps knocking him down.

「..... Haahaa, m, more..... reward this detestable geezer more.....」

It looks like he's finally completely exhausted, but his expression looks like he's in a trance.

「Are all old men of this world perverts.....」

「It's my first time regretting being sorry about someone.....」

I and Tira pull back.

On the other hand, Ellen leaves Jiisan as if nothing has happened, 「Well then, here I go!」

She suddenly draws her sword.

「You certainly may be a powerful mage! But, close combat is where I excel, it's my win!」

「You, didn't you say the last time that you fight only fair and square!?」

I dodge Ellen's slash while inserting a tsukkomi.

「U! You, you can use a little of taijutsu, huh!」

「Yeah, I can somewhat use a sword too」

I draw a sword.

「Fun, do you think you can receive the sword of Alsara Kingdom's destruction

princess!」

「You say it proudly, but that's obviously an insult?」

I lightly evade Ellen's attack.

「Ku..... Bastard, you have some skill. But, how about this! Haaaaaaa!」

A terrific amount of fighting spirit envelops Ellen's sword.

It's Aura Blade.

Moreover, it's even stronger than ossan's.

「tte, you are too serious!?」

「Teyaaaaaa!」

Ellen's sword draws near.

Pakiiin, a metallic sound.

「Wha」

Ellen opens her eyes in astonishment.

Maa, it's only natural to be surprised.

Because her sword brimming over with fighting spirit has been broken in half.

「Aura Blade, I can use it too, you know?」

I received her sword with my Aura Blade.

Ellen is certainly an expert, but she's not a match for me who possesses〈Pinnacle of Fighting Spirit〉.

As a result, only Ellen's sword got destroyed.

「T, that can't be」

Ellen mutters stupidly.

She who got surprised approaches defenselessly.

I knead her boob with my left hand and put the sword to her neck.

「It's my victory」

「This me..... lost in a sword fight.....?」

Ellen groans with a husky voice.

「Yes, it's your loss」

I say while kneading Ellen's boob.

It's so huge it spills out from my hand.....

「Even though..... I thought that..... I won't lose in sword to anyone.....」

「Maa, but I think you have a considerable skill」

The feeling of squeezing her boob is also considerable.

The softness and elasticity are dangerous.

「Rather, there's no reason to rub her chest, right!? Why are you rubbing her in the confusion!」

「Because the breasts are there, of course」

——Bako.

Tira strikes my head with her staff.

「U, uwaaaaaaaan! I have looooost!」

Ellen suddenly yells out.

She runs towards the back of the room.

「Princess! G, guwa!」

The old man in the way of Ellen's charge gets blown off.

Rather, he jumped into her way himself.

「Haahaa..... Princes..... more..... please, hurt this old geezer moreeeeeee!」

「Ueeeeeen! I looooost! I have lost in the only thing I could be proud oooooof! Even though I have no other redeeming feautreeeeee! Even though I can't do anything else than a swooooord! Even though I was called a sword fool so I foolishly continued practicing swooooood!」

The butler who rolls around the floor in agony.

A princess who rushes out of the door like a weeping big child.

「..... I start worrying if it's really alright to enter diplomatic relationship with this kingdom, I'm extremely concerned」

Tira who sighs deeply in the chaos.

Chapter 20

After confirming that Owen's research was genuine, we have received 1,000 large gold coins directly from the king.

The quest being S difficulty, the king wanted to see us who captured the dungeon personally.

Because I wanted to talk about the elf village, it was convenient.

The king received us with a gentle smile, no matter how you look he looks like a stereotypical gentle ossan.

Aside from the red hair, he doesn't resemble Ellen at all.

「If you'd like, won't you enroll in our country's Knight order?」

「I appreciate the thought, but I'm not good with organizations」

I plainly reject the king's invitation.

「I see. With so much money, there really isn't a need for court service anymore *nou*」

The king didn't get upset, he just nods while stroking his beard.

Then, his eyes turn to Tira,

「How about you, elf ojouchan *ja*?」

「No. I would also have to.....」

「Fuumu. How unfortunate *ja*. Well then, how about that lovely ojouchan *ja*?」

「Unless papa and mama are with me, no!」

「I see, I see」

The king even asked Filia, he has some humor.

He laughs delightfully at Filia's reply, he is probably fond of children. No, I don't think he's a lolicon?

Then, I tell him about the Elf village.

「Hou. That is great. I have always thought that it would be great to build a friendly relationship with the Elf village *no ja*. Well then, I will send an envoy

there at once.]

His reaction was considerably favorable.

However, in fact, the Alsara Kingdom won't profit much by establishing a relationship with the Elf village.

Rather, it's not an exaggeration to say that the Elf village is receiving a huge, one-sided benefit.

With the Alsara Kingdom's military power, it wouldn't be hard to enslave the Elf village.

Yet they conclude equal diplomatic relationship.

When I point that out,

「If you want to become friendly with someone, there's really no need to use the force, right?」

On the contrary, he replies in wonder.

「Naturally, it's not as if I didn't consider this. The military power of my country increased by having friendly relationships with various races. By entering into a friendly relationship with the Elf village, we will appeal the other races that still look at us unfavorably *no ja*」

Because the princess, Ellen is like that, I was expecting something like「Is that village strong?」, I'm glad I can entrust it the king without worrying.

「Father!」

When we finished and were about to leave.

Ellen suddenly bursts into the throne room.

「Father! I have a request!」

Ellen walks rudely towards the king without permission.

「I want you to remove me from the commander of the knights' position!」

「What is this about *ja*?」

「I have been defeated by that man just a little while ago. And I have fully realized my own weakness!」

「..... Umu. So?」

「Therefore, I have decided to study under that man!」

Ellen declares selfishly.

Nono, I haven't heard about that before?

「That man is going to leave on a journey! I plan to accompany him! Therefore, I can't continue on being the commander of the knights!」

「I see」

「Father! I beg you! As you see!」

Ellen bows her head deeply.

Then, she turns to me,

「Please! Make me your disciple! I don't know anything, but sword!」

She requests me with a ghastly expression.

「I don't think so. You have other things you can be proud of, you know?」

「..... I have something like that.....?」

「Yes」

「Just what it is.....?」

I tell Ellen who looks at me with her eyes wide open in loud voice.

「Your boobs!」

Also, her but.

According to〈Pinnacle of Detection〉her measures are 99, 58, 90. Even models would be defeated.

「I, I see..... I have boobs.....!?」

「Nono, don't be impressed!? That's ridiculous! The meaning is obscure!」

「Ha.....」

Ellen comes to her senses after Tira's tsukkomi.

「A, aren't boobs useless! They interfere with my movements! Rather, I would

prefer small ones like she has!」

Ellen points at Tira's breasts.

「..... That remark just now, wasn't it quite rude?」

Certainly, I am tiny but, Tira mutters.

Filia who heard that「Mama, it's ok~ay. Filia is tiny too」tries to admirably cheer up Tira, but it's as if she didn't accept that or as if it had an opposite effect, un. Tira became stiff.

「Karuna-dono. I would also like to request of you」

The king interrupts.

「Is that okay? Won't it become a problem if the commander of knights disappears?」

「Rather, it would be better than if this musclehead commander would conti—gefun, gefun」

You masked it with coughs, but you definitely were about to saying your true feelings?

「Certainly, Ellen is this country's knight. Losing her will be a big loss*ja*. But, this much won't shake with my Knight order」

「I may have an “accident” with your daughter after a while?」

「Rather, I would love if you already accept her as your bride—gohon, gohon」

You tried to mask it again, but you definitely were speaking what's on your mind, right!?

「Ellen made a decision with such determination *ja*. As a king, as a father, I should properly answer her *ja rou*」

The king insists with an earnest face.

Un, he seriously wants her to leave as soon as possible.....
Ellen, you poor thing.....

Maa, taking her with me is alright.

She's the precious, essential boobs member.
But, since there's a chance (?), I will tease him a bit.

「..... I won't be taking Ellen with me, after all」

「Wha!?」

The king opens his eyes wide at my words.
And rattles on,

「J, just what you don't like? I may be a doting parent, but Ellen is a really good daughter *ja zo?* Putting aside her personality, her looks are first rate *ja!* You should feel fortunate that such cute girl wants to become your disciple *ja zo!*」

「Certainly, the purunpurun bouncing of her huge rack when she swings her sword is regrettable」

「Right, right *ja rou?* If you make her your disciple, you will be able to see at any time you want *ja zo?*」

The king leans forward on the throne while insisting.
But, I shake my head left and right.

「But, I think Ellen is necessary for this country」

「Why do you think so *ja!*? On the contrary, she's not nee—gefun, gohon!
You are able to take this wonderful daughter as your disciple *ja zo!*? You can rub her breasts as much as you want *ja zo!*?」

「That is what the person in question should agree to, right!?!」(←Tira's tsukkomi)

「Having to part with such adorable daughter, it will be hard for you too, right?」

「C, certainly it will be hard! It pains me so much it's making me dizzy *ja!* But you see, I don't want to render Ellen's determination pointless *no ja!* As a king!
As a father!」

The king shouts with a desperate look.
I nod,

「I understand that feeling」

「I see! You understand me!」

The king's eyes sparkle.

「But, I won't take her, after all.」

「Why *jaaaaa!*?」

An expression of being pushed down from heaven to hell floats on the king's face.

「Please take heeeeer!! For the sake of my, cute, adorable daughteeer! Please! I plead you *ja kaaaaaa!*!! As you see *jaaa!*!」

Finally, he gets down from the throne and kneels in front of me while screaming.

「Father..... You think of me so much..... kuu.....」

Ellen emotionally wipes her tears, but unfortunately, it's actually the opposite.....

「..... I think that you should stop playing around, though?」

I finally agree to take Ellen with me because I was glared at by Tira.

The king was ridiculously overjoyed.

「Thank you!! Thank you!! Thank you!!!! You are a hero who saved this country *ja!!!!*」

Like this, the essential boob person, Ellen has become our companion.

Chapter 21

「I have been in your care」

「Commander Ellen.....!」

The members of the Knights became aware that Ellen is resigning as their commander, so all of them gathered before Ellen with tears in their eyes.

「..... Ah, with this, we are finally saved from the usually incomprehensible orders.....」

「From that unreasonable, harsh training too.....」

「Kuu..... we party today!」

A tear appears in Ellen's eye.

「..... I see. Are you so sad that I will no longer be here.....」

Nonono. I don't think that's the case? No matter how you look, they are happy?

「If you bastards are like that, as expected even I will get shaken up!」

Hearing Ellen's words, the knights greatly panic.

「P, please don't mind us!」

「That's right! Commander, please go on the road you have chosen for yourself!」

「Please, quickly leave the capital! I beg you!」

「Kuu, I have received your bastard feelings! I become much stronger and return without a fail!」

Ellen wipes her tear and strongly declares.

「Eh..... return.....?」

「Even more violent than now.....」

「This is the worst..... I, I should leave the Knights before that happens.....」

The Knights utter in shock.

Rather, your real feelings are too visible. Ellen's head is in the field of flowers right now, it doesn't seem like she noticed.

After the Knights sent us off and we were preparing to leave the castle, the old butler ran after us.

「Princeeee! This geezer too, take this geezer aloooooong!」

To be frank, since he would be a hindrance to our journey, we have tied him up to a nearby tree.

「Oooo! A restriction play, is itttttt!?」

He seems to me misunderstanding something, but we leave without paying attention to him.

「——!? W, where are you going!? Please, waaaaait! Take this geezer with youuuu! Pinrceeeess! Please, punish me as alwwwagyaaa!?」

Tira silences him with lightning magic.

「I'm sorry. He was noisy」

「.....」

I have a feeling that Tira is gradually becoming more violent.....

◇ ◇ ◇

「So, where are we going?」

「Country of Demihumans——Ekbana!」

I answer Ellen's question.

Ekbana.

A small country on good terms with the Alsara Kingdom, ruled by wolf people.

By the way, wolf people are one of the sub-races.

There seems to also be wolf people sub-races who are classified as a demon race. Werewolves and kobolds for example.

The wolf people have similar bodies to humans with animal ears and tails. On the other hand, werewolves are basically violent bipedaling wolves who like to wage wars.

Maa, putting that aside.

「I want to mofumofu animal ears!」

That is the reason I have chosen Ekbana as our next destination.

「That is good, but..... is that all right?」

Ellen asks while looking at Filia.

There is a possibility of encountering monsters on the way.

She's probably asking if it's alright to take a child along.

「Although she looks like that, Filia is quite strong, you know? She's Magic Puppet, after all」

「Ahem」

Filia puts her hands on her waist and puffs her chest out.

「..... I can hardly see that.....」

「Then, why don't you try?」

I proposed Ellen to have an arm wrestling with Filia.

「I expect Filia to win」

Ellen makes a face that says 'stop joking' at my prediction.

「No way. There's no way that I will lose to a child. I have not lost in physical strength before and the number of doorknobs I have destroyed so far is definitely not below hundred, you know?」

You remember breaking something like that?

「Filia won't losemon!」

Filia rolls up her sleeves with burning passion.

「Is it really okay? I can't hold back while gambling」

「It's al~right!」

「Hou, you have quite the determination」

The two enter a serious mode and link their hands.

「Ready..... fight!

The two put power behind their hands at my signal.

——Mekimekimeki!!

A terrible crack appears on the stone pavement immediately.

Both of them have outrageous strength.

But, the match was decided in a moment.

——Zugon!!

「Gyaal!?」

Ellen screams and falls on the ground.

Ellen's hand which was holding Filia's sunk into the stone pavement.

「Winner, Filia!」

「Ye~s!」

「A, are you okay?」

Tira pulls up Ellen in panic.

「Just what the hell was that power about!?」

As expected of Ellen. She's lively even though half of her body sunk into the ground.

「Filia is incredible, right~」

「Incredishble right, incredishble right~!」

When Filia and I exchange a high-five, 「Ku..... Is she possibly stronger than you?」

Ellen says that with a sour face.

Because of that, second round.

A father-daughter match.

「Filia. Don't you dare to lose, okay?」

「Oka~y! I mean, I won't lose to anyonemo~n!」

A spark appears between the father and the daughter.

「..... Why are you getting so serious against a child.....」

Tira asks in astonishment, but because I have to uphold my dignity as a father I don't plan on losing.

「T, then, let's go. Ready..... fight!」

We put strength behind our arms at the same time at Ellen's signal.

Certainly, Filia has a superhuman strength.

But, I have〈Pinnacle of Physique〉.

There's no way I can lo—

「～～～～～!?」

——Crapcrapcrap!

Hey, what kind of strength does this child have!?

I suddenly fell into a pinch right at the start of the match.

I have been driven 5cm into the ground by the more than I expected strength.

Rather, isn't a child who has a shorter arm at advantage?

I thought, but it's already too late.

「Papa, wea~k!」

Filia-tan already said her victory speech.

But, I fearlessly laugh.

That panic just a while ago, was just an act.

「Fufufu, too bad, Filia. In fact, papa has another three transformations left!」

「Hoe?」

——〈Pinnacle of Physical Strength〉Activate!

My arm starts immediately overflowing with a terrific power.

〈Pinnacle of Physical Strength〉is〈Pinnacle of Physique〉's specialized version. It strengthens my body ten times more than〈Pinnacle of Physique〉.

——Zugoo-----n!!

The next moment, Filia's body sinks into the stone pavement.

「I'm the winner---！」

Fu, I got slightly serious against my daughter.

Chapter 22

「What are you doing!? Filia-chan, are you okay!?」

Tira gets unreasonably flustered seeing Filia buried in the stone pavement, but.

「Npa!」

Together with an enigmatic shout, Filia jumps out from the hole.
As expected of Magic Puppet. She's unscathed.

「Filia won't get hurt from something like that」

「Even so, please hold back a little! Childish.....」

Tira glares at me.

Filia, on the other hand, jumps into my chest beaming with joy.

「Papa, incredish~ble! SO stro~ng!」

「Ha ha ha~ That's right, papa is strong~ But, Filia is on the right track, you know?」

「Really~?」

「Yes」

I nod at Filia while holding her high.
Filia who enjoys that,

「Do it with all your strength~!」

「Yoosh」

I lower Filia in my hands to the ground, orya, and fling her up.

「Waaaaaaaa-----

-----Sparkle.

.....

.....

.....

「You threw her with too much streeeeeength!?」

「What are you doing right after getting scoldeeed!」

After this, we finally departed from the Alsara Kingdom.

I was told that it would take over three weeks to arrive at the demihuman country of Ekbana.

If I use flight magic, we could arrive in a day or two.

「I, I don't like flying in the sky!」

But, Ellen strongly refused that method.

「I'm also opposed since it seems like I would be sexually harrased」

Tira objected too.

They became cautious since I would have to carry them while flying.

「You don't trust me that much?」

「Rather, it's mysterious how you would think we could trust you」

You are tough as usual, Tira-san.

I have a way of transport different than the flight magic.

Rather, this is the simplest way of transfer and we will probably arrive in several hours.

I who posses⟨Pinnacle of Magic Power⟩can use transfer magic continuously more than 100 times without running out of magic power.

But, that is somewhat dull.

Therefore, I have decided create it with⟨Pinnacle of Production⟩.

Recreational Vehicle.

The fuel is my magic power.

Indeed, infinite supply thanks to〈Pinnacle of Magic Power〉.

「W, what is this thing.....? There's a living room and kitchen inside?」

It also has a proper bath and toilet.

Moreover, it's a double-decker.

The second floor has a bedroom.

「Incredish~ble!」

Filia starts running back and forth the floors with sparkling eyes.

「This, can this really move?」

「Of course」

I pour magic inside the vehicle.

After that, the wheels start slowly turning and the vehicle starts moving.

If I use flight magic on the vehicle, we can advance in any kind of environment.

〔The place of destination, Ekbana, north-northeast direction, approximately 620km. Estimated time of arrival at the current speed is 130 hours〕

A mechanical sound resounds around the vehicle.

Since AI is built in the vehicle, I leave basically all the driving to her (?).

She evades obstacles on her own and if something happens she will let me know with a warning sound.

Since I completely analysed the Magic Puppet, Filia in the dungeon, creating AI like this was an easy task.

「Now then, departure」

〔Warning. Group of 30 mounted horses approaching〕

While we are carefree in the living room, the AI suddenly gives a warning.

「Bandits?」

When I look outside from the window, indeed, a group of bandit-like fellows

are chasing after us.

「What is with that ridiculously huge carriage!」

「You say carriage, but it doesn't have horses, you know? How is it moving?」

「It may be a type of a golem. Moreover, it's probably made from metal. We will get rich if we seize it!」

Naturally, they don't know about Recreational Vehicle and mistook it for a golem made of metal.

Maa, it's virtually the same thing.

「Hiyawa~ Leave it to meeee!」

An overly high-tension bandit starts chanting.

It's an Intermediate fire magic.

A lump of fire is shot and directly hits the vehicle.

「Wha..... unscathed?」

The bandits are surprised, but that's only natural.

It's not just your ordinary metal, it's mithril.

Mithril is a metal infused with magic power so spells of that level won't leave even a scratch.

Because I couldn't create the metal with a simple production skill, I have refined it with a 〈Pinnacle of Alchemy〉.

『Activate Interception Systems?』

AI asks.

「Leave this to me!」

Ellen opens a window before I could answer.

She then jumps out of the vehicle.

Note: She can do it because she's a musclehead. Good children mustn't copy her.

「Filia is going too~!」

A good child copied her immediately.....

「What, people jumped off?」

「A woman and a child?」

「Hiyahahaha, isn't she quite a pretty one! Let's catch her and enjoy ourselves!」

「Fun. Bastards like you are not enough for warm-up」

Ellen charges into the bandit group with no fear.

「I, is this woman an idiot, she will get run over by the horses!?」

The bandit who noticed that first shouts and stops his horse.

Ellen strikes the horse's body and sends it flying.

「Doesn't look like I will need to draw my sword」

She then proceeds to knock down the bandits one by one.

「What, what is that monster!?」

「W, wait..... that red hair..... the Destruction Princess!?」

「Why is the Alsara Kingdom's strongest musclehead woman who destroyed an army of 3,000 on her own in this place!?」

The bandits shudder after finding out Ellen's identity.

「Ku..... can't be helped! That little girl! Take the little girl a hostage!」

The man who is supposedly the bandit leader shouts.

「But, absolutely don't hurt her! If the little girl gets hurt you won't get off with just an injury!」

「Naturally ssu!」

「Even though we are bandits, we will get ruined if we hurt little girls!」

「Even if we have to starve, we will protect the little girls! That is our policy!」

A group of bandits who like little girls.

「Saa, come over here..... don't be scared, haahaa」

「W, want to talk a little bit with uncles?」

「I will give you some sweets.....」

Several bandits surround Filia.

They completely transformed into perverts.

「Filia, hates you uncles!」

The bandits receive shock after hearing Filia.

「W, why!? What did we do wrong!?」

「After all, you smellmon!」

「「「I should have taken a bath———!!」」

The bandits look up in the sky.

Filia kicks them while holding her nose.

They fly more than ten meters in the air.

「What is that little girl!? She's outrageously strong!? I want to get kicked too!」

「Shit, retreat! Retreaaaat!」

「You can't escape!」

The bandits run away in panic.

Ellen dashes after them.

I overlook the scene from the top of the vehicle.

「This is a substitute for a bath」

I cast Advanced flood magic at the escaping bandits.

A huge wave of water swallows the bandits.

Ellen gets accidentally swallowed too.

「Why also meeeebufa」

I collected the soaked Ellen later.

Her clothes which became see-through were very erotic.
As expected of boob monster.

Chapter 23

We ride in the Recreational Vehicle(RV) on a road along the base of the mountain.

We are approximately 400km away from the Alsara Kingdom's capital. It's not established exactly, but a national border is somewhere around here. To get to our destination, Ekbana, we have to cross this mountain.

The RV struggles at the mountain's foot.

We get off the vehicle and take a little break.

Because the RV attracts attention, I hid it with concealment magic.

When we enter a nearby town, Tira looks at me with a dubious expression.

「It seems to be a bit noisy here」

It seemed like a quiet rural town, something is wrong.

Armed men are all around the town.

「Adventurers? But, why in a rural place like this?」

「Seems like a dragon has a nest on the nearby mountain」

I answer Ellen's question after confirming the situation with〈Pinnacle of Information〉.

It sometimes comes down from the mountain to hunt for food.

There haven't been any human victims yet, but the residents made a subjugation request to the guild.

Moreover, according to eye-witnesses, this dragon is quite a rare species. Scales, fangs, and bones of rare dragons seem to sell for a considerably high price.

That's why adventurers from various places gather here.

「Since we are already here, let's also have a look」

「Hiii」

「No way we can defeat something like that!」

While we are ascending to the place where the dragon supposedly lives, a large group of adventurers is running down.

They are obviously tattered.

They are fleeing before they become victims.

They pass by us and quickly run down to the foot of the mountain.

「I see. It seems that the dragon is quite formidable」

That's something to look forward, Ellen laughs fearlessly.

When we advance further, a voice calls us from behind.

「Have you guys also come to hunt the dragon?」

It was a young man.

Moreover, an ikemen with a tall figure, a type of person who can kill with just his looks.

He seems to be quite confident in his physical strength as he's carrying a large sword on his back.

There are two girls who are most likely his party members.

Both of them are quite cute.

Maa, they can't match my brides, though!

「That's right, you are?」

「We are also going. I'm Gard. Best regards」

「I'm Karuna. Nice to meet you」

I grasp the presented hand.

Quite a refreshing guy.

「Gard.....? Sounds familiar」

Ellen mutters and the two girls behind Gard exclaim proudly.

「Naturally! Gard is A-rank adventurer, after all!」

「Hahaha, I still have a way to go」

Gard says humbly.

「I see. The fellow who solo slain the Red Dragon and the Two-headed Dragon

in the past, you are that Dragon Killer Gard?」

Ellen nods in consent.

Ellen seems to know quite a bit about strong adventurers since she's a musclehead.

「The dragon, this time, is apparently very strong, I won't be necessarily able to subjugate it」

Gard is a humble fellow, huh. Ikemen with a nice personality.....

But, his party members retort him,

「What are you talking about? No dragon is a match for you, Gard」 Ojousama
「That's right, that's right! Besides, we are also here!」Noisy one By the way,
these two are B-rank adventurers.

The noisy one is a mage.

The other ojousama-like girl is a Healing user.

「It is unfortunate for you, but we will be taking the game. In the first place, I
do not think that you would be able to subjugate it, though」

The healing ojousama said something disagreeable.

「Furthermore, taking a child to such a place! Pupu, are you stupid?」

The mage girl spouts out.

Gard seems like a good guy, but these two have bad characters.

Hahaha, Gard smiles bitterly,

「Howevere, I'm certainly slightly worried. You have many girls with you..... tte,
we are the same. I see. Since we are all here, would you like to come with us?
The opponent is a dragon. Having more companions would be better for all of us,
don't you think?」

「You are nice as always, Gard」Ojousama

「Really! You should leave them alone! How great! It seems like you guys won't be
dying today!」Noisy one Tira angrily frowns.

Ellen seems like she wants to pummel the girls to the ground so I hold her back. Filia mutters「New mamas arrived?」quietly. This girl doesn't discriminate.....

Maa, competing for the game would be troublesome.
It's not like there's a particular item I need or something.

「Alright」

I plainly OK the suggestion.

Thus, we arrived in the cave the dragon was supposedly nested, but 「Not here?」

It's empty.

We have searched every corner of the spacious cave, but there's no sign of the dragon.

「Has it already been subjugated?」

「No. It seems like we have passed by each other」

「Passed by?」

「It will return back soon」

The two girls in Gard's party looked at me with faces which said 'What is that guy talking about?', but my words were proven right immediately.

Gou, a violent wind suddenly blew into the cave.

The next moment, that fellow has appeared before us.

Rather than a dragon, an oriental-like dragon may be more appropriate.

It has no wings, but it magically hovers in the air.

The overall length is about 8m. It looks like a huge snake.

Its whole body is covered in snow-white scales, moreover they are glowing faintly.

It looks very magical.

However, the feeling it gives off far exceeds the Red Dragon I encountered in『Tower of the Great Sage』.

「Wha..... I have never seen a dragon like this before?」

Gard stares with his eyes wide open.

「That's only natural. This fellow is Bright White Dragon.」

「Biright White Dragon!? Impossible..... isn't that a species of Divine Dragons!」

Gard is even more surprised than me when I found the dragon's species with〈Pinnacle of Appraisal〉.

The dragons are divided into three grades, the Lower Dragons, the Medium Dragons and the Superior Dragons.

The Superior Dragons are the strongest ones, for example, the Red Dragon fits in that category.

The difficulty of the Superior Dragon subjugation is A.

If you subjugate it alone, you will immediately be promoted to A-rank.

But, there are legendary grades above the Superior dragons.

The first one, Ultra Dragons.

A monster of calamity that will easily destroy a whole country if it starts acting violently.

A subjugation party of ten A-rank adventurers was formed in order to subjugate a Nine-headed Hydra in the past. It's said that more than half of the adventurers died before they successfully subjugated the Hydra.

And then, there are the Divine Dragons one grade above the Ultra Dragons.

This is a dragon way rarer than an Ultra Dragon.

They rarely come down on the ground.

Because their existence itself is doubted, they are being called the Phantom Dragons.

The Bright White Dragon is a species of the Divine Dragons.

However, to meet such a rare fellow, as expected of〈Pinnacle of Fortune〉, it's worthwhile having such skill.

..... Yosh.

I have decided.

「Let's make this fellow our family pet」

Chapter 24

The legendary Bright White Dragon looks at us and mutters.

『..... Humans again』

I could hear its displeasing words because of〈Pinnacle of Language〉.

「Fun, you fool. No way a Divine Dragon would be in a place like this! It's smaller than Red Dragon! Look, let's kill it as usual!」

The mage girl in Gard's party declares energetically.

She began chanting a spell.

As expected of B-rank adventurer, she finished the chant in two seconds and fired a lightning magic.

The lightning hits the Bright White Dragon directly.

「Fufun, how about that! ——!? I, it didn't work?」

The Bright White Dragon is completely unscathed.

But, it got shocked for some reason.

『My food.....』

A plate is floating near the Bright White Dragon.

However, the object that was on the plate is now completely carbonized because of the lightning.

『Unforgiveable』

The Bright White Dragon opens its mouth wide and roar.

Ooooooooooooo!!

「「「!?」」」

It lets out a fierce shockwave which blows us backwards.

「Ku..... To think just its roar would create such powerful shockwave..... both of you, are you all right?」

「U, un, thank you, Gard!」Noisy one

「Y, you saved me.....」Ojousama

Gard risked his life to protect the two girls while flung against a wall.
As one would expect.

The two rescued girls have faces of maidens completely in love.

Maa, but it's our win.

At any rate, I have three girls.

「I will more or less thank you, but I would like you to not touch my butt in the midst of confusion, though?」

「M, my breasts have been rubbed!」

「Papa is ecchi~!」

Why are the reactions so different?
Is it the face? Is it the face, after all?

By the way, I didn't do anything to Filia (Important).

「W, what are you guys doing at a time like this? Ku, I will buy you time!
Quickly escape!」

Gard pulls out the huge sword on his back and charges at the Bright White Dragon with a desperate look.

He wants to become a decoy in order to let his friends and us escape.
He's already a reflection of perfect ikemen.

Kiin, a high-pitched metallic sound resounds.
The collision of Gard's huge sword and the Bright White Dragon's scales creates fireworks.

「Oooooo!」

Gard swings his sword at a lightning speed.
However, the Bright White Dragon uses his tail as a sword and repels all of Gard's attacks.

「My Adamantine sword.....!?」

There's a chip in Gard's sword.
On the contrary, the Bright White Dragon scales don't have a single scratch.

The sword made of the indestructible metal Adamantine is no match against the scales of the Bright White Dragon.

『Unexpectedly skilled. But, in the end, a human』

The Bright White Dragon opens its mouth and bites towards Gard.
Gard who has his hands full of swinging his sword doesn't have a chance to dodge.

「Gard!?」

「Noooo!」

The girls scream at Gard.

But, the tragedy which the girls expected didn't happen.

「A, are..... I.....?」

「You okay?」

I have narrowly rescued Gard.

「Y, you have saved me.....?」

Gard's eyes open wide.
tte, don't stare at me at a point-blank range.

I was holding him in a princess carry.
Since it was a last second save, I didn't have time to consider the posture.
Princess carrying an ikemen... is this a punishment game.....

『That speed right now, what was it?』

The Bright White Dragon looks at me in surprise.

I put Gard down and face the Bright White Dragon.
Then, I talk in the dragon language.

『I'm Karuna』

『Human speaking a dragon language? How unusual』

『I have a proposal for you』

『What?』

『Won't you become my pet?』

『..... Surely, you jest?』

『I'm serious, you know? Look, I have prepared a collar properly』

I show it the collar I have prepared.

I made it in case something like this would happen.

『..... Did you do something so worthless again?』

Tira looks at me with squinting eyes while I'm exchanging words with the dragon.

『..... I have a condition』

Surprisingly, the Bright White Dragon showed interest in my proposition.

『Delicious things, I want to eat them』

『Yes, alright』

I readily nod.

Apparently, this Divine Dragon is at a place like this because it remembered the delicious food humans cook.

Therefore, it came into a human habitat and stole their food.

『I have another one』

『What is it?』

『I don't want to serve under a weak person』

『Then, you mean I just have to defeat you?』

『Winning is impossible. I just have to approve of you. That is enough』

『Although it's a good proposal, I will have to decline it』

『Why?』

『Because I'm stronger than you are』

『..... Not knowing your place leads to a premature death』

『Thank you for the warning』

The Bright White Dragon's long body bends.
Its whole body gets covered in intense aura similar to fighting spirit———A dragon spirit.

It's completely different from the fight with Gard.
It's the Divine Dragon serious mode.

『You all get away from here. You won't survive if you get involved』

I warn everyone and switch to the battle mode.

This fellow is without the doubt my strongest foe yet.
I have to get serious.

『Coming』

『Come』

And then, I clash with the Divine Dragon.

Chapter 25

The Bright White Dragon charges at me at a terrific speed.

「Oh!」

Huge fangs surpassing sharpness of the best weapons.
I catch the dragon's lips while narrowly evading them.
The dragon's mouth creaks under the grip of〈Pinnacle of Physique〉together
with〈Pinnacle of Physical Strength〉activated.

Furthermore, I twist my body on the spot.

「Oraaaaaa!」

I throw the dragon with centrifugal force.

『!?』

The Bright White Dragon who charged at me with tremendous speed gets thrown out of the cave in the rush of momentum.

I activate the transfer magic.

And instantly get ahead.

And strike the Bright White Dragon who is flying towards me with my heel.

The large dragon's body crashes into the mountain road, a large cloud of dust scatters around.

However, soon after, the Bright White Dragon jumps out of the cloud of dust.

『As expected. Almost no damage』

『..... It hurt a bit』

The Bright White Dragon opens its mouth wide.
And shoots out a shockwave.

I cover my whole body with fighting spirit to guard myself, but I was sent flying through the sky by the ridiculously heavy impact.
I somehow stopped with the flight magic, but my body hurts a little here and there.
If not for the fighting spirit, my whole body would be fractured and my internal

organs might have exploded.

「That hurt」

『Still alive? An ordinary human would be shattered in pieces』

The dragon gets surprised.

The pain in my body quickly disappeared thanks to〈Pinnacle of Survival〉.

『Now then, should I get a little more serious?』

『..... I will do so too』

The Bright White Dragon is approaching.

I evade the fangs its fangs with transfer magic.

Although I transferred into its blind spot, the dragon's tail instantly swoops at me.

I crouch to dodge.

However, the tail immediately changes course and pursues me.

The hardness of the scales on that tail exceeds Adamantine.

In addition, it's imbued with the dragon's characteristic fighting spirit——Dragon spirit.

To be honest, I don't want to get hit.

In addition to the dragon's tail, its claws and fangs also attack me mercilessly.

It's so dexterous as if every part of its body had its own will.

Nevertheless, it's unable to corner me.

I avoid it all using the flight and transfer magic.

『Just escaping』

『If you really think that you will lose, you know?』

『!?』

The Bright White Dragon stops attacking.

It finally noticed that I have sealed its movements.

『Entangled.....?』

The Bright White Dragon's body became entangled.

Naturally, I guided its attacks like that.
It's not like I was just randomly escaping.

『..... I have been had』

Because it got entangled quite complicatedly, it won't escape so easily.

I grasp the dragon by its tail.

「Heave, ho!」

I shout and start spinning on the spot.

The Bright White Dragon's large body swings around.
A sound of sonic boom resounds.

「Ooooo!」

I throw the dragon at a wall of rocks with force incomparable to the centrifugal force before.

I instant chant in the meantime.

Maa, there won't be any problem if I destroy that place, right?

「Ultra Grade magic〈Wrath of the Divine Thunder〉」

I huge magic circle appear from a thin air.

Immediately after that, a destructive sound of thunder shakes the mountain.

◇ ◇ ◇

『It's my loss』

As soon as the Bright White Dragon recognizes my figure, it admits defeat.
Its beautiful scales are charred here and there.

It would recover in time due to its Divine recovery speed, but I heal it with Healing Jutsu.

『Even able to use Healing Jutsu』

I talk to the surprised Bright White Dragon.

『I will have you to keep your promise?』

『Dragons do not go back on their words』

The Bright White Dragon nods.

『Provided that you will also keep your promise』

『Men don't go back on their words』

I nod again.

It's not like this dragon came to this place to attack humans.

Although it's a rare, it merely wanted to eat delicious things.

But, if it continues, a full-scale subjugation party will definitely come.
Even the monster S-ranked adventurers may appear.

Although I don't think that this fellow would lose easily, but despite being a Divine Dragon it's still very young.

Something unexpected might happen.

Therefore, I have decided to make it our family pet.

Maa, that is not the sole reason, even since coming to this world I wanted to have my own cool dragon.

『N』

The Bright White Dragon obediently accepts the collar.

Because it's a magic tool that changes size automatically, it fits perfectly.

There is no other function.

Therefore, if it thinks about escaping or it escapes, I will have to think about it at that time.

『Papa, incredish~ble!』

Filia and the others come from the other side.

When I wave my hand in response, Tira and Ellen look at me with astonishment.

I thought it may be because I have defeated the dragon alone, but something seems to be strange.

The two obviously look at me with a scorn.

「..... I have thought before that you are a pervert, but to think it would be to this degree」

「A, as expected, that is too much even for me.....?」

Eh, what do they mean?

Why do I feel like my points are greatly decreasing?

I look back while puzzled.

When I do, there was—

——A stark naked girl with an attached collar.

[] [\(*•。・*\)^](#) [Pinnacles] []

Chapter 26

When I turn around, there is a stark naked girl with an attached collar.

White.

That is my first impression.

Her hair is pure white.

Her skin is dreadfully white.

She has facial features of a doll, but her expression is as if she just got out of bed.

The atmosphere around her is slightly in vain.

Her appearances are that of a junior high school student. [1](#)

Surprisingly, her chest is reasonably big. Lovely cherry blossom colored nipples are in the middle of her pure white boobs.

On the other hand, her bottom is completely smooth.

To think that a nude girl with a collar would be so erotic..... (delight).

「tte, how long are you going to stare?」

Tira interrupts me.

「I will definitely not avert my gaze when a stark naked girl is in front of me. That is my policy」

「Please immediately throw that policy away!」

Tira covers the girl with her mantle while asking the girl.

「J, just who are you? Why are you not wearing any clothes?」

Then, the girl expressionlessly answers, 「I'm a dragon. Not wearing clothes is my principle」

「Eh.....?」

「This fellow is the Bright White Dragon from earlier」

When I say that, the girl nods in agreement.

「Right」

Tira stares in amazement,

「B, but..... no matter how I look, I can see only a human.....」

「I'm special. Transforming to a human is nothing difficult to me.」

The girl replies slightly proudly.

But, to think that dragon would transform into a human.

By the way, she speaks a human language.

However, her uninterested speech lacks intonation.

「Neenee, new mama?」

Filia asks with sparkling eyes.

「Wrong. I'm pet. Best regards」

「Pet？」

「Right」

「Not mama, but pet! Wa~i, pet! Pet~!」

Although Filia felt sad that she doesn't have a new mama, she's full of joy now. I wonder what differences mama and pet have in this child's head.....? It's a mystery.

Filia tiptoes, extends her hand and *yoshyosh* pats Bright White Dragons head. The Bright White Dragon probably feels good as she leaked「N」and willingly lowered her head.

Filia starts mofumofing Bright White Dragon's head.

Are you a fish-san or something?

「Seriously, to think that you would really make a Bright White Dragon into pet.....」

「Although if she stays in a human form it would be considered a crime.....」

Ellen is astonished, Tira looks at me with squinting eyes.

「By the way, what is your name?」

Ellen asks the dragon girl.

「I'm a young dragon. I don't have a name yet」

The Bright White Dragon replies like a Natsume Sōseki.²

「That is inconvenient, should I name you?」

「Do as you like」

The Bright White Dragon answers me uninterestingly.

「Then, since you are white let's go with Shiro」

「Isn't that too simple!? She's not a dog!」

「That is good」

Although Tira has raised an objection, the person in question OK'd plainly.

「Is that alright!? At least, let's choose a more girlish name!」

Ellen raises her hand.

「I have a good idea!」

「That's right, let's have a girl name the girl and leave this to Ellen——」

「How about Gachimuchi!」³

「——I was an idiot for having expectations!」

「That sounds somewhat unpleasant」

Although the Bright White Dragon seemed like she would take any name, she immediately refused Ellen's suggestion.

「..... I see..... I thought it was a good name, though.....」

Ellen drops her shoulders dejectedly.

I think that thinking that such name was good is quite dangerous.....

「Shiro! Shiro! Yo~shyoshyosh」

Meanwhile, Filia was calling Shiro, Shiro repeatedly.

Maa, Shiro is good, isn't it? It suits her atmosphere so in the end we have decided to call the Bright White Dragon Shiro.

「Then, let's go back!」

Then, we started descending the mountain.

「W, wait a moment!」

The one who called us was Gard and the girls.

「You have saved me..... To think you would be that strong..... I'm really embarrassed that I thought I was stronger than you..... Honestly, it seems like I have become conceited after becoming A-rank.....」

To admit it himself, he's quite admirable fellow.

The two strong-willed girls are completely depressed now.

「..... So, that girl is.....?」

Gard asks while looking at Shiro.

「This is the Bright White Dragon. I have put a collar on her since she's now our pet」

「..... I, I see」

That indeed surprised Gard a little.

On the other hand, the two girls behind exclaimed frankly.

「L, let's move on, Gard」Ojousama

「That's right. Gard will eventually reach the point where he can take on a Divine Dragon too!」Noisy one Both of them encourage Gard.

Gard was not moving from the place for some reason.

He kept on muttering「Pet..... I see..... pet, huh.....」repeatedly.

「Gard? What's the matter?」Ojousama

While the two girls looked in wonder at Gard, he started mumbling with earnest face.

「I, if..... that..... if you would like.....」

「..... What's wrong?」

「Umm..... that.....」

Gard hesitates for some reason.

His cheeks get dyed red and he frequently keeps glancing at me while fidgeting.

I have quite a bad feeling about this.....

Before long, Gard made up his mind.

「W, won't you make me your pet too?」

「I decline」

Chapter 27

I declined at first, but because Gard was so persistent, I attached a collar on him in the end.

「Thank you.....」

Gard, overcome with emotions thanks me deeply.
I can't understand what he's happy about.

「Gard..... you, just what have you done.....?」Ojousama
「This thing is not Gard!」Noisy one

The mood of the two girls is ruined.

Well, yeah.....

Their hundred year love cooled down.

I connected a chain to the collar around Gard's neck and tied him up to a nearby tree.

On the occasion, I converted the wood into Adamantine.

This will do.

The chain and the collar are also made from Adamantine, they won't get destroyed so easily.

「Then, let's leave」

「Wha..... wait a moment! Don't leave me behind.」

Gard raises his voice after noticing that he is being left behind.
However, I ignore him and descend the mountain.

「I, I see, you are testing my loyalty as a pet, right?」

Gard suddenly shouts in realization.
Like hell I am.

「I will continue waiting for you here! I will wait and wait! Wanwan!」

I kept on hearing Gard's voice for a while.

I use〈Pinnacle of Memory〉while descending and remove all memories related

to Gard.

「I'm hungry」

Shiro starts demanding food as soon as we return to the RV, 「Yosh. Then, wait for a little」

I start cooking with the ingredients I bought in the town and the ingredients we had in the kitchen.

「Karuna will make it?」

Shiro asks with her usual absentminded expression.

「Yes. Although I may look like this, I have a confidence in my cooking」

「Is that so」

「Rather than that, please wear clothes. I will lend you some」

Tira drags Shiro into the dressing room.

Shiro who was forcefully dressed by Tira returns right after I finish cooking.
I used magic in order to reduce the cooking time.
I thought that everyone is probably hungry so I made quite a lot.

I place it on the table.

Umu, looks delicious if I say so myself.

Shiro *kunkun* sniffs around and starts drooling.

「Dish I have never seen before. Looks tasty」

This dish is from Earth after all.

There's nothing similar to that in this world so not only Shiro, but everyone else is looking at it with curiosity.

Shiro grasps a hamburger with tomato sauce and puts it in her mouth.
The meat juices spill over when she bites.

「.....！」

She suddenly opens her sleepy eyes wide.

「..... Delicious」

She mutters and starts greedily munching *gatsugatsu gatsugatsu*.
As expected of a dragon. She has a Super Saiyan style of eating.

Tempted by Shiro, the others also start eating.

「I, it's delicious!」

「What is this? I haven't eaten something so delicious even in the castle!?」

「Hiyahya, moncredish~ble! Mogumogu」

Greatly acclaimed.

Fufufu. That was expected.

Skill〈Pinnacle of Cooking〉

I have the strength to conquer the heavens with the power of cooking!

「Gefu..... I'm glad I became a pet..... I swear to be loyalty throughout my life」

Shiro mutters while eating her tenth burger.

「..... Pet..... loyalty.....」

These words got caught in my mind for a moment.

I feel like I have heard something similar recently.....?

Oh, well.

Our RV advances towards Ekbana.

It drives automatically and even repels monsters on its own.

「..... Morning, huh」

I wake up on the sofa in the living room.

It seems we have crossed the mountain during the night so there's only a little more to go.

By the way, there's a bedroom on the second floor, but I slept on the first floor.

Although I was going to sleep together with the girls, I have been locked out. Even though I made an extra large bed.....

『Meat..... want to eat.....』

「N?」

I suddenly heard a dragon's voice.
A white girl enters the living room when I turn my sight towards the direction of the voice.

It's Shiro.

She still half-asleep as her steps are unsteady.

While thinking, she approached the sofa and climbed up on top of me.
Moreover, when I look carefully, she's stark naked.

『Meat.....』

The half-asleep Shiro probably mistook me for food and started licking me.
It's extremely ticklish.

But, she immediately frowns,

『Bad.....』

Maa, that is.....

「However, your skin is so smooth」

My fingers crawl over her bare back.
Just like that, my fingers reach her butt *punipunil* rub it. Soft.

「What are you doing?」

Tira's angry voice resounds around the living room.
Seems like she ran after Shiro.

「Physical examination」

「Aren't you just touching her!」

「No, I also rubbed her?」

「Please don't look so proud!」

「N..... morning?」

Tira's shouting wakes up Shiro.

She gets up on top of me.

Her boobs *pururun* shake in front of me, but the dragon girl is unconcerned.

Fuwaa, she stretches her arms while yawning.

「Hey, Shiro!」

Tira tries to conceal Shiro's nude body in a panic with a hug.

「Why are you naked again?」

「Clothes..... they slipped off」

「They didn't slip off, but you took them off!?」

「You can say that. I hate that feeling of restriction」

「Still, I told you to properly wear clothes when you are in a human form, didn't I?」

「..... N」

Tira drags Shiro into the dressing room.

「Please, wear your underwear properly!」

「N」

I hear such exchange over the door.

「Seriously.....」

I sigh and Tira comes out from the dressing room.

「Tira, you somehow look like Okaasan, huh」

「Whose fault do you think it is that I have to take care of a pet now!」

「Can't be helped. I will do it then」

「T, that is no good!」

「..... Karuna」

Shiro returns from the dressing room.

I thought she already finished changing, but she just put a coat over her nude body.

While holding panties in her hand,

「I don't know how to put it on. You do it」

「Yosh, alright」

I receive the panties from Shiro.

「Hey!」

Tira snatches them with an awful force.

「Why are you normally accepting them! Moreover, these are mine, you know?」

「I knew. Therefore, I planned to put them on my head, haahaa」

「Should I hit you once with a serious magic!?」

After Tira tsukkomi'd and angrily exhaled for a moment, 「Mou, I will put them on for you. Here」

She took Shiro to the dressing room again.

「Please put the top on properly too」

「I don't know how」

「Yes, yes. I will do it」

「..... Tight」

「..... R, right..... mine are way smaller, huh.....」

It seems Tira's size is too small.

「If that's the case, I will lend you mine」

Ellen came down from the second floor right at that moment. Filia was with her.

Apparently, they switch Tira's for Ellen's.

They both enter the dressing room. Only I am an outcast. Damn it.

「..... Baggy」

Seems like Ellen's underwear is too big for Shiro.

「..... What is this..... this double sense of defeat.....」

「Mama, chin up. You see, Filia is small too」

「That's right, huh..... Filia-chan..... thank you..... for consoling me.....」

「Yosh, I will rub them so they become bigua」

As soon as I open the dressing room's door, a magic staff landed in the middle of my forehead.

What. Who said that magic staff is not a weapon.....?

「..... We have to buy clothes for Shiro once we get to Ekbana, huh.....」

With a new pet added to our family, we finally arrived in Ekbana.

However—

「Ah~ Seems like we came at a bad time」

「.....? What's the matter?」

「This country is in the middle of a great war」

[] [\(*•̀́•*\)ゞ \[Pinnacles\]](#) []

Chapter 28

We have arrived in Ekbana.

「Strange?」

Ellen looks outside of the window in puzzlement.

「Normally, it would be bustling with many people.....」

The city of Ekbana is surrounded by strong walls, but the road to the entrance gate is deserted.

Rather, I don't see a single person.

Maa, the gate itself is closed.

We get off the RV and approach the closed gate.

Then, from atop of the walls, soldiers of this country appear and shout, 「The enemy messengers!?」

「First they one-sidedly attack us and then they send messengers!?」

「Arrest them!」

「No, wait! That red hair is.....」

Guided by the country's soldiers, we arrive at Ekbana's royal palace.

「Please, go in. The Queen is inside. There is an emergency so there's no need to care for courtesy」

And so we enter the audience room.

I'm told this country has been ruled by a female for generations.

I enter the room while thinking that it would be nice if there was a kemonomimi beauty—

「Uwa~~~n! No ja no ja no ja~~~ Why do we have to witness this with our own eyes no ja~~~!」

—When I enter, the first thing I see is a ten-year-old kemonomimi girl shouting on top of the throne.

「Your Majesty. Please calm down. You must raise the morale of our soldiers」

The one reproofing her is an intellectual beauty in the first half of her twenties. Of course, this one also has kemonomimi.

「We do not care about that! This country is already dead anyway *ja!* It is the end *no ja~~~!*」

The little kemonomimi girl flaps with her limbs while shouting. Because she's on an elevated pedestal and her legs are spread open, her panties are completely exposed.

「It's not like the result has been already decided. Our military forces already departed to intercept the enemy's invasion forces」

「..... What is the strength of our military force *ja?*」

「10,000 men」

「..... What is the strength of the Rein Empire forces *ja?*」

「100,000」

「Impossible *ja~~~~~!* There is no way we can win *ja!* Even we understand that!」

「However, we are the courageous wolf people. Let's show them that we can overturn the ten-time difference in forces」

「There is no way something so idealistic could happen! Besides, we already know *no ja!* That the Oni and Tora could not even raise their hands against the Rein Empire!」

「.....」

「Moreover *ja!* We heard that the men of Rein Empire have inhumane lust *ja!* Once we are caught by them, the 100,000 starved men will surely gather around us and fight among themselves in order to decide who will take our matchless's beauty's first *ja rou!* Then, they will torment us *no ja~~~!* Uwaaaan!」

「..... I think that only men with special fetish will gather around Her Majesty, though」

「Did you say something?」

「No, nothing」

「Anyway, there is no way we would be able to preserve our sanity!」

Therefore, we entrust this to you]

「Where do you plan on going, Your Majesty」

The kemonomimi beauty strongly caught the kemonomimi little girl who abruptly jumped off the throne by the scruff of her neck.

「Let us go~~~! We are going to escape *no ja~~~!*」

The little girl struggles, but because her strength is too low, or the strength of the beauty is too high, she can't break free.

「You can't do that. Escaping while our soldiers are putting their lives on the line for Your Majesty's sake is inexcusable」

「We do not care about that~~~! They are going to die anyway!」

「That's not the problem here」

「Yosh, then, we will hand the throne to you immediately! With this, we are just a wolf person! There is no problem if we escape!」

「Certainly, I'm more suitable to be the queen than Your Majesty, but you can't do that」

「You, aren't you in fact quite mean!?」

The kemonomimi little girl opens her eyes wide in bewilderment at the kemonomimi beauty's words.

「Please, be at ease, Your Majesty. I have a plan for the worst case scenario」

「Hou! You have a way for us to survive? If you have such thing, say it first!」

The little girl stops trying to escape and listens to the beauty.

「In the worst case, I will behead Your Majesty. With this, you don't have to worry about becoming their plaything」

「*No ja~~~!* We do not want to die *no ja~~~!*」

The little girls start acting violently again.

「I will immediately follow after you!」

「That is not the problem here! Indeed, we are going to escape~~~!」

「Your Majesty! Your Majesty the Queen!」

「..... N? What?」

The little girl finally looks our way.

The soldier has been calling her for a while, but she has noticed only now.

「There are guests!」

「Guests *ja to*? As if we could deal with guests at such time! Quickly retu——」

The little girl swallows her words.

「Y, y, you are..... Aren't you Alsara Kingdom's Destruction Princess!?」

The little girl cries out and runs towards Ellen.

「That's right. I'm Alsara Kingdom's third princess, Ellen Alsara」

「Ooo, oooooo! You have come to our rescue *no ja na*!? We have requested reinforcements from the Alsara Kingdom, but because there was not enough time, we have given up *no ja*! So, how much military forces have you been able to bring *no ja*?!?」

The kemonomimi little girl is delighted, but Ellen shakes her head left and right and truthfully answers.

「I'm sorry, but I'm alone. In the first place, I have already retired from the commander position. Coming to this country was just by coincidence」

「Wh..... at, *ja to*?」

The little girl backs off in shock.

「B, but, we have heard that you alone possess the strength equal to 10,000 men! Please, Destruction——No, Ellen-dono! Somehow, somehow risk your life to gain time and allow us to escape!」

That's quite a selfish proposal.

The little girl not noticing the surroundings with her wet eyes, 「It is fine as long as we survive *no ja*~~~!」

She shouts seriously.

Nono, you are way too honest.

By the way, I have been deceived by her little girl appearances, but this fellow is actually quite old.

A lolibaba. Maa, it's not to the extent she can be called baba.

Ellen looks at me「What to do?」and asks me.

100,000 men, huh.

This country will surely get defeated.

Should I lend them a little of my power?

「Kemonomimi Queen. I will help you out.」

「? Really? However, we feel like you alone won't make any difference, but.....」

The kemonomimi Queen looks at me dubiously.

There, Ellen next to me says,

「Your Majesty Liliana, this man's strength is certain. He's far stronger than me. He's the master of my sword, after all」

Ah, I more or less taught Ellen the sword along the journey.

On the occasion, I properly appreciated her bouncing boobs.

「What! Are you saying that you are stronger than the feared Destruction Princess *ja to*?」

Kemonomimi Queen——Apparently called Liliana——raises her voice in astonishment.

「Yes. Frankly speaking, I can overturn the progress of the war alone」

「R, really? Please *ja*! Lend us your power!」

「I have one condition.」

「We will do anything! We will do anything so please save us!」

「You said that you will do anything, right?」

I say to the appealing Liliana with a grin.

「Let me mofumofu that kemonomimi of yours.」

「Fa!？」

Chapter 29

My fingers touch the kemonomimi Queen Liliana's ears.

「Hiya.....」

That alone was enough for Liliana to leak out a small shriek and for her upper body to jolt.

Oh, so this is kemonomimi.

Unbelievable mofumofu. Incredible softness.

「D, do it gently *no ja zo*..... The ears of us wolf people are delicate *no ja*.....」

「I know, I know」

I carefully massage the kemonomimi as if touching a fragile article.

「N..... ahiyu..... hafuu.....」

Whenever I move my fingers, Liliana leaks out a moan together with a sigh.
By the way, I placed her on my knees and I'm touching her ears while hugging her from behind.

Because she occasionally tries to escape, I have to keep her in check.
Hehee, I won't let you escape?

I insert a finger inside her ear.

The inside is slightly wet and more sensitive than the outside.

「Hiyaun..... waa..... y, you can not..... that place..... *ja*.....」

Haahaa Liliana gasps for breath.

Contrary to her words, she clearly feels pleasant.

Before I noticed, she became drenched in sweat, making her look so charming that it's hard to believe she has appearances of a little girl.

「I can't? It feels good here, right?」

「..... T, that is not..... true *no ja*.....」

When I ask, Liliana stubbornly shakes her head.

「Fu~n. I see. Then, I will stop?」

「U.....」

When I said that, Liliana's face had *Eh?* look.

「Is it fine? I will stop, you know?」

I look at her face in order to confirm.

When I do, Liliana's face gets bright red and she squeezes out with an embarrassed voice.

「..... S, stop..... bullying us *no ja*.....」

「You don't want me to stop? If that's the case, then say, I want more Oniichan」

「S, such embarrassing thing, we.....」

「I should stop, after all」

「W, we understand! We will say it! We just have to say it, right *no ja rou!*」

Liliana shouts in defeat.

Kukuku. She has already become a prisoner of my mofumofu.

Liliana got fidgety all over, but she has eventually made a resolve and said, 「M, more..... I want more..... Onii——」

「Please, stop it already」

「——Ouch」

Tira hit my head with her staff.

Moreover, she hit insanely hard.

While I hold my aching head,

「U..... that's right, huh. Tira doesn't want me to do it to anyone else, huh. Sorry for not noticing before」

「You are wrong!」

「We..... just what have we.....?」

It seems that Liliana came back to her senses.

Liliana tumbles down to the floor to escape from my knees.

Then, she bursts into tears.

「..... Uu..... we..... we have been defiled *ja*.....」

「So exaggerated. Even though I just massaged your ears」

Maa, no matter how sensitive wolf people ears are, it won't become like that no matter how one tries.

〈Pinnacle of Caressing〉

Thanks to this skill, my caressing can make anyone feel good no matter who they are!

..... It's a skill useful only in a niche district, huh.

「However, with this, you will lend us your strength, right *ja na*.....?」

Liliana asks with wet eyes.

However, a sadistic smile floats on my face,

「Oioi, who said that your ears are enough?」

「W, what!？」

I move my sight from the shocked Liliana and look at the beautiful kemonomimi Prime Minister.

「B, by any chance, you want me to present my ears too.....?」

The kemonomimi beauty notices my intention and retreats back.

Hehehee, a say with a vicious smile.

「After all, as a subject, you will feel sorry that only your lord had to me sacrificed, right?」

「That is right! We can not accept only us being the victim! This is my order as the Queen *ja*! You shall also become a victim of this fellow *no ja*!」

When Liliana sides with me, the kemonomimi beauty frowns.

「Ku.....」

I approach her with my fingers dancing.

「It's okay, it's okay. You will feel pleasant immediately」

「Haahaahaa..... T, this humiliation.....」

The kemonomimi beauty with dishevelled clothes at my feet breathes roughly.

The kemonomimi beauty was far more sensitive than Liliana, twisting her body and panting whenever my fingers moved around her ears.

Iyaa, indeed, an intellectual type beauty writhing in agony is erotic~

「To make the Ekbana's demonic Prime Minister who doesn't fear anything become like that..... You are scary as ever.....」

Ellen says in amazement.

Tira's expression goes past expressionless. She's scary.

「A, anyway, we have upheld our side of the deal」

The kemonomimi beauty says after fixing her dishevelled hair and clothes.

「I will have you show us that the big words you said a while ago are not lies」

「Of course. Since it's like that, let's go, Shiro」

「N?」

「Give me a ride」

「..... Understood」

Although Shiro looks always absentminded, she immediately starts taking her clothes off at my request.

She tears off her panties without hesitation and becomes completely nude in no time.

What a good way of undressing.

「What!? You, are you just a mere pervert, after all!?」

Liliana looks at me with distrust after seeing Shiro's nude body.
However, at that time, Shiro's whole body starts shining.

「Wha..... dragon ja to.....?」

Liliana opens her eyes wide after seeing a white dragon suddenly appear.

「I, is this perhaps, the Bright White Dragon.....? W, why is a Divine Dragon in

such place.....?」

Oh, you know your stuff well, kemonomimi beauty.

As expected of Prime Minister.

「She's my pet」

「A pet *ja to!?*」

「Have you seriously tamed a Divine Dragon!?」

I jump on Shiro's back while-while receiving surprised stares.

「Then, I'm off for a bit. Let's go, Shiro」

「N」

Shiro starts flying with me on her back.

We jump out from the audience room and speed off

「Karuna, you can use transfer magic. Why are you especially using me?」

「I mean, it's cooler this way, right? It will scare the enemy」

「I don't understand well」

Shiro slightly tilts her head at my words.

The destination is approximately 10km away.

The two armies will clash in about ten minutes.

Maa, we will get there in time.

We fly through the sky towards the battlefield.

Chapter 30

It's in sight.

Ekbana's 10,000 on one side, the enemy's 100,000 on the other.

The distance between the two is less than 1km.

The soldiers of Ekbana are marching with grave expressions on their faces at the sight of the enemy forces.

On the other hand, the enemy soldiers are composed.

I fly over the Ekbana forces on Shiro's back.

Some people notice me—Or more precisely, Shiro and opened their eyes wide in surprise.

We eventually pass above the Ekbana forces and approach the enemy units.

「Then, I will play for a bit」

「N」

I jump down from Shiro's back.

I land right next to the enemy forces.

A little crater forms under me and cloud of dust whirls around.

「W, what is this fellow!?」

「He came down from the sky!? Magician!?」

「Doesn't matter, kill———ga!?」

I immediately close the distance and send a soldier flying.

Furthermore, I roundhouse kick another three nearby soldiers.

The enemy forces suddenly become confused.

「This guy's strong!?」

「Let's go all at once!」

「Don't falter! The enemy is just a single person!」

The ground trembles while the enemy forces advance.

But, to be honest, every single one of them is just a small fry.

Their attacks are of no concern to me so I ignore defense and whack them with my fists.

The army which approached like a surging wave changed into a mountain of injured people in no time.

「Ge's just one what are you going. I will go it」

「Oh~ You are huge~」

An especially big guy emerges from the enemy troops.
He looks like a human, but he's nearly 3 meters tall?
He may have giant blood mixed within his body.

「Ogre Slayer has appeared!」

「That man who exterminated a group of ogres bare-handed!?!」
「Way to go, end him!」

The enemy raised shouts of joy.
This guy is apparently famous.

「Gie」

That fellow swaggers in front of me and swings down his huge axe at me.
Uun, too slow.
No matter how strong you are, I can easily avoid this.
Maa, since a special guy has appeared, I will stop it with one hand.

A heavy impact on my arm.
But, that's all.

「Maa, was that all?」

Certainly, he has a substantial physical strength, but his fighting spirit doesn't amount to much.
Guild Master ossan's blow would be probably much stronger. By the way, Ellen is way above that.

「!/? Imbossigle..... You gaught my glow with one gand.....?」

「Here」

I throw the astonished man a fist to stomach as a return gift.
The huge figure gets blown off and catches some people in the back in the collision.

「M, monster.....」

「Shit, magic unit! Magic unit forward!」

The troops swap and a troop of magicians step forward.

They immediately start chanting.

「Fireeee!」

A number of magic circles appear and magic spells start firing all at once. A cluster of flames, ice, the wind, lighting, iron——they fly at me one after another.

Most of them are Intermediate Grade. Sometimes, an Advanced spell is mixed in.

「Ultra Grade Magic〈Demon King of Earth〉」

I activate an Ultra Grade Magic.

Immediately after that, a giant golem appears in front of me with a terrifying roar.

The huge body of ten meters receives all of the enemy spells.

「Wha..... that, right now..... Ultra Grade Magic.....?」

「Furthermore, the chant was completed instantly.....?」

The magic troop groans in surprise.

As expected, the golem got quite worn-out after receiving so many magic attacks.

It returns to the soil.

..... Now then, what should I do?

I defeated hundreds, but there's still many opponents left.

On the other hand, the Ekbana forces will soon approach.

If this continues, the both armies will clash and there will be a massive amount of casualties.

「Let's use that?」

I take a big breath.

And then—

「Ooooooooooooooooooooooooc
——I roar.

The loud roar immediately runs through the 100,000 strong enemy force.

Their eyes which burned with fighting spirit open wide.

And then, like dominoes they fall down to the ground one after another.

〈Pinnacle of Coercion〉

I coerce the enemy with a roar and took away their fighting spirit.

Something like the Haoshoku Haki. [1](#)

..... But, I overdid it a little.

It seems I have taken away their consciousness together with their fighting spirit.
In addition, there are a lot of guys with liquid around their crotches.

A white dragon unsteadily falls down from the sky.

It's Shiro.

「What was that? That surprised me」

As expected of Divine Dragon. She seems a little dizzy, but she's properly conscious.

「Did you leak?」

「..... Just a bit」

Seems like she leaked a bit.

When I look back, the Ekbana forces finally arrived.

The people in the back are staggering a little, but the people in the front are all unconscious.

As expected, there are also a few guys behind me who leaked out.....

「..... Let's hold back a little next time.....」

Maa, I have suppressed the casualties, let's consider it acceptable.

「Now then」

I decided to look for the enemy commander.

Chapter 31

I have decided to look for the enemy commander.
It is a simple task from above the ground with the help of〈Pinnacle of Detection〉.

After searching for a while, I found a fellow riding a big lion.
This seems to be my guy.
I use the transfer magic.

That giant lion——rather, it's a gryphon——has lost its consciousness because of my roar.

It's lying on the ground with foam around its mouth. The smell of ammonia is horrible.....

A commander-like fellow is on its back.

「..... T, that just now.....?」

As expected of commander. He didn't lose consciousness.
Although he's leaning against the gryphon's head, looking in pain.

When I look carefully, no, even if I don't look carefully it's a female.
Moreover, quite a beauty.

She's wearing a kimono-like clothes and has a single horn growing on her head.
She seems to be from Oni tribe.

Her breasts are noteworthy.
They are huge.
Aren't they bigger than Ellen's?
I want to rub them. I want to rub them thoroughly.

She notices me and scowls with a glint in her eyes while I stare at her with impure thoughts.

「Y, you, who are you.....!」

「Are you the commander? I will go straight to the point. Why don't you give up and quickly return back? Maa, anyway, you can't wage a war anymore,

though.]

「..... Surely, is this your doing! Just what kind of magic did you use!」

「I barked a little.」

「D, don't lie! There's no way something like this would happen!」

「Something like this? Did you perhaps peed yourself?」

「That, there's no way something like that could happen!」

This reacting, she did.

Beauty peeing herself haahaa.....

「I didn't! I didn't, okay!」

She gets up from the gryphon while shouting.

But, on the way down, her legs gave up and she fell down to the ground.

「Are you okay?」

「Ku.....」

Her legs probably completely gave up.

She can't stand up.

「Ouka-sama.....」

「.....O, Ouka-sama.....」

The other Oni around call her with feeble voices. Seems like her name is Ouka.
They want to offer her help, but they are not able to move.

「Surrender」

「..... Surrender..... I can't! I, I can't afford to lose.....!」

Ouka rejects my advice.

She strenuously stands up.

「O, ooo!」

She shouts and finally stands on the ground with both of her feet.

She unsheathes a sword from around her waist——No, it's katana.

「I, I haven't lost yet!」

She kicks the ground and leaps forward.

Although she wasn't able to stand up just a moment ago, she's good.

I dodge her attack with upper half of my body and drive a fist into her abdomen.

「Gawa..... gu..... a.....」

「Give up」

「Tha..... That is impossible to do.....！」

Ouka swings her katana again while shouting.

I extend two fingers and catch the katana in between.

「Wha.....」

Ouka looks in shock.

I drive a fist in the same place again.

「Ga..... geho..... geho..... oeee.....」

She bends her body and vomits.

Her knees give up and she falls down.

「I, I can't be defeated..... fo, for princess's..... sake.....」

Even still, she throws a fist at me.

However, it only hit the air.

Ouka crumbles down.

Then, she stops moving.

Seems like she lost consciousness.

I beat the commander and the battle finished for the time being.

The defeated soldiers of the empire have regained their consciousness.

The commander and other high-ranked officers have been taken captive.

「You have done well! To think you really would be able to defeat an army of

100,000 alone *nou!* We were correct to trust you!】

When I return back to the castle, the kemonomimi Queen Liliana was in high spirits like a little child.

「You wanted to run away quite a few times, though】

「T, that was in order to go to toilet *ja!* We absolutely didn't want to run away! I, it's true *ja zo!?*】

Liliana tried to deceive us in panic after hearing kemonomimi Prime Minister's words.

Then, Filia jumps from behind at Liliana and starts mofumofuing her ears.

「Kemonomimi~】

「Hey, stop it! Hiyaun!】

「Wa~i, a new pet~!】

「Wrong! We are not your pe~t!】

Filia, you must not treat the Queen as your pet.

I clear my throat,

「What about these fellows?】

When I ask about the treatment of the prisoners, Liliana desperately escapes from Filia, 「They must compensate for our suffering with death! They have to compensate for the fear we have suffered!】

Too emotional.....

Maa, the kemonomimi Prime Minister will probably take care of it.

「However, why is an Oni the commander?】

The Prime Minister asks the million question.

Oni tribe inhabits an island in the far east.

They should be a vassal state of the Rein Empire who have invaded them, but they shouldn't have a motive to wage wars on their own.

I ask Ouka who was quiet since a while ago.

「..... What has made you go that far? The Oni should hold grudge against the

Rein Empire. Were you made to wage this war by force?」

「.....」

An expression of agony floats on Ouka's face, but she doesn't answer.

「If you don't answer, I will rub that bigger than Ellen's boobs of yours」

「Ku..... certainly she's bigger than me..... like this, my value to society.....」

「I have told you before that breasts are of no use whatsoever, right?」

Tira inserts a tsukkomi at the disheartened Ellen.

「..... Do as you like.....」

Ouka a faint answer leaks from Ouka's lips.

Eh, seriously? I can do as I like? I will really rub you?

..... Maa, putting the jokes aside.

It can't be helped if she doesn't want to talk.

if she doesn't want to talk, let's use that card.

I approach Ouka.

Tira shouts「Are you really doing it!？」. She doesn't trust me at all.

「I will read your mind for a bit」

I use〈Pinnacle of Mind Reading〉and probe around Ouka's mind.

Her emotions and memories flow into my mind.

I unconsciously frown.

「..... I see. I understand well the reason you have been so desperate」

As anticipated, it's extremely bad story.

And if my deduction is correct——

Rein Empire.

There's a reincarnated person just like me.

Chapter 32

「I, I have a report..... Our troops have been defeated by Ekbana troops..... Starting with general Ouka, all high-rank officers have been captured and all soldiers stomped.....」

A soldier from Oni tribe reports with a trembling voice.

「Defeat even with such overwhelming forces? Useless」

The man sitting on the throne replies.

His age is around twenty.

A youth with no characteristic features who looks ordinary from every angle.

But, the fact is, that this man is the Emperor of Rein Empire.

He appeared around a year ago, he annihilated Empire forces on his own and dethroned the previous Emperor, a genuine monster.

He's now ruling over the Empire with his overwhelming power and fear.

「Certainly, that woman was a hero of Oni tribe? Wouldn't it better if I make her a prostitute or a sex slave instead? She has a good body, I think everyone would want a turn..... Yosh, let's do that when she returns. tte, you said she was taken a prisoner?」

「U.....」

When the man speaks ill of the hero Oni tribe is proud of, the soldier's face becomes red in anger.

However, he strongly endures and says,

「..... T, this is still not certain information, but..... th, there's a soldier within enemy ranks with unbelievable power..... I was told that he annihilated our forces alone.....」

「Hee?」

The Emperor's eyes brightened with curiosity.

Then, after thinking for a while「Perhaps another reincarnated person. Fufu, how amusing if that's the case」he mutters.

「By the way, I have to punish your Oni tribe for failing, right?」

「！」

A desperate expression floats on the soldier's face after hearing the Emperor's words.

Then he appeals to the Emperor emotionally.

「P, please wait..... s, somehow..... give us one more chance!」

However, the Emperor glances at the soldier and amusedly gives an order.

「Onihime was it? Bring her here!」

「P, please stop it..... that person..... everyone, but that persooooon!」

The soldier is already in a half-mad state.

「So noisy」

The Emperor sweeps his hand gloomily.

The next moment, the soldier's body gets blown off like a ball.

After the soldier was flung against a wall and remained silent, the Emperor laughed sadistically.

「Looks like we will have a good show today」

◇ ◇ ◇

Many people gathered before the Emperor's throne.

High-ranking officials and military officers of Rein Empire and representatives of the vassal states.

Everyone's expression is gloomy.

Everyone held a great displeasure with the Emperor sitting on the throne.

However, everyone endures their feelings and lower their heads in submission.

「T..... that..... just what is going to happen from now on.....?」

A girl restricted by soldiers is carried in.

A beautiful Oni girl wrapped in traditional clothes.

She is around 14-15 years old.

She nervously looks around the people gathered in the throne room with an

innocent expression on her face.

「Ku..... Onihime-sama.....」

The people of Oni tribe around bite on their lips.

The Emperor views their state with a grin.

The reason for the gathering is the defeat in the battle, in other words, a lesson for others.

The Emperor holds the daughters of the Empire's officials and princesses of the vassal states hostage.

The defiance has been growing recently, so the Emperor is planning to show them what happens when they disobey him.

「Maa, above all, I just want to enjoy myself」

At that time, *zun*, loud footsteps start resounding.

The gathered people leak voices of surprise unconsciously.

It was an Ogre.

Not just one, but three of them.

Classified as monsters because of their violent nature and low intelligence.

But, they seemingly look well trained as they follow the orders of the monster trainer beside them.

The Ogres moved in front of Onihime.

Fuufuu, they are breathing hard most likely because of excitement.

The girl looks at the big bodies in fear, *a, ah* leaking a soundless voice.

「S, surely not.....」

Someone notices the Emperor's intentions and groans in shock.

Soon, they receive orders from the monster trainer and rip off Onihime's clothes.

「Kyaaaaa」

Onihime screams.

With her clothes torn, her beautiful, white skin has been exposed.

「Ahahahaha! That's quite a wonderful show, isn't it!? They say Oni have evolved from the Ogres! So to speak, Ogres are a lower organism of Oni! To think that the beautiful Onihime will now get violated by such primitives! It's surely a blasphemy against god! Isn't this the best show!」

「Y, you bastaaaard!」

A soldier of the Oni tribe shouts in anger and launches at the laughing Emperor.

People of various tribes who also couldn't endure it anymore attack the Emperor too.

「Fools. Do you that insects like you can beat me?」

The Oni soldier who was about to cut the Emperor with sword crashed into the ceiling.

Next, the Emperor caught an arm of a Tora and smashed him against the ground. A young man of the Empire's knights who revolted was sent flying with the sweep of Emperor's hand.

Then, magic circles appear beside the Emperor and he shoots two Advanced magic attacks.

A terrifying cold air released from the magic circles froze several people in an instant.

That was the end.

「Then, shall we continue?」

The Emperor orders the monster trainer to continue as if nothing has happened.

M, monster..... someone whispered.

「No..... s, stop it..... please, stop.....」

When Onihime desperately pleads, the Ogres start violently tearing her clothes off with even more excitement.

There is not a single person left who can help her.

——At that time.

「You are quite a scum, to say the least」

Suddenly, such words resounded from behind the Emperor.

「..... Who are you?」

The Emperor turns around and frowns.

A man he never saw before is standing there.

Since when was he standing there?

The Emperor is surprised, as he didn't feel the man's presence at all.

The man grimaces in disgust and says.

「Although reluctant, I'm a person from different world just like you」

Chapter 33

「Although reluctant, I'm a person from different world just like you」
I answer while spitting out.

「..... Hee」

He——I found with〈Pinnacle of Appraisal〉that he's called Light so let's call him that from now on. Rather, what a sparkly name——I stopped myself from laughing, but I couldn't conceal the unrest in my heart. I'm growing impudent, but I'm still a timid person deep inside.

「I see. So you are the perpetrator who obstructed my army. But, how did you came this far? Was it transfer magic? But, you shouldn't be able to transfer to a place you haven't visited before, right?」

He tries to investigate.

This country is considerably far away from the Ekbana.
It's also out of range of〈Pinnacle of Detection〉.

But, I have read Ouka's memories with〈Pinnacle of Mind Reading〉.
Thanks to that, I was able to imagine this place in my head which allowed me the use of transfer magic.

Maa, there's no really need to explain that much to this fellow.

「Ogurua」
「Hii」

While thinking about that, the Ogres started assaulting the Onihime girl.
Oops. I should first do something about that.

「Ogres die」

Soon after I mutter, the light in the eyes of Ogres disappears.
They movements stop and they fall to the ground.

The Ogres have died.

「Eh? Eh.....?」

Onihime opens her eyes in bewilderment.

Light raises his voice.

「Wh, what have you do.....?」

「I just cast a little curse on them」

I have cursed them with〈Pinnacle of Black Magic〉.

What a dangerous trick.....

When, I tell that to Light, he asks with a stiff face,

「..... I see. You are saying that is your skill?」

「Yes」

「Ku..... kukukuku..... kuhahahahaha!」

Oioi, this fellow, he suddenly started laughing like a maniac?

What to say, his laugh follows the villain-like template too much.

—While thinking such,

「〈Steal〉！」

Light extends his right hand towards me and suddenly shouts.

The next moment, I felt something disappearing from within my body.

「That right now.....」

「Hahahaha! You are a fool! To stupidly use a skill in front of me!」

Light starts laughing again.

He then starts teaching me even though I haven't asked.

「The skill I have received from the goddess is〈Steal〉! You see, this skill the strongest skill which allows me to steal every skill I see!」

「Hee~」

When I appraise myself, I certainly see that〈Pinnacle of Black Magic〉has been stolen by this fellow.

Uwa~, a disaster~ (In monotone).

「At first we thought it was just some kind of a thieving skill, you see. Therefore, among my friends who were hero candidates, only I alone was

considered a failure. A guy like that with such dangerous thieving skill, they said and started avoiding me.]

He suddenly started narrating his life story for some reason.....

「However, I noticed at one point! This skill, it can steal skills of my opponents!」

You already said that before.

Did he say it twice because it's important?

「From there, my advancing has begun! Although not many people of this world know about the existence of skills, but in fact, many of them possess them without realizing it. So to speak, it's a talent. I kept on stealing their talents with my〈Steal〉. Naturally, I stole all the skills from my friends! Their faces when they realized they became ordinary people..... aha, ahahahaha!」

Light bursts into laugh again,

「You will also fall into despair more and more! A reincarnated person without a skill is——」

I used transfer magic while Light was looking the other way.
I moved behind Light.

I catch him by the neck and throw him against the floor.

「Gube!?」

The floor breaks and debris scatters around.

「Wh, what did you do.....!」

Light shakes my hand off and quickly stands up.
A blood is dripping from his forehead, but he apparently has a natural recovery skill because the blood immediately stops.

「You talk too long. Also, your laughter is gross」

「Ku..... kufufufu, kuhahaha, Good job on keeping that arrogant attitude even though I stole your skill. Do you possibly have some other skill from the magic

system? But, sorry, you shouldn't have used it in front of me! Ste——」

I draw a sword and attack Light.

「——Oh!」

Light immediately draws his sword and blocks my attack.

He has quite a fast reaction speed.

「Hee, you understood it well. Or was it just a fluke? The truth is, I can't use〈Steal〉if I don't concentrate. Therefore, I don't like it when I have to engage in close combat.」

On contrary to his words, Light looks quite comfortable.

A fool who talks about his own weak points usually loses, though.

「But then, there's no one who can be my opponent since I possess〈Sword Gift〉and〈Brave General〉!」

Light who blocked my attack suddenly starts attacking.

He attacks me with lightning fast slashes one after another.

His sword is imbued with strong fighting spirit, making every single blow heavy.

Maa, his attacks are nothing to me who possess〈Pinnacle of Fighting Spirit〉 and〈Pinnacle of Weapons〉, though.

「..... W, what is the meaning of this? Why is my sword not connecting.....!」

Not being able to land a hit on me, Light starts getting impatient.

「H, he fights the Emperor on equal terms.....?」

「Who is that man.....?」

The audience who watches the sword exchange are exclaiming in surprised voices since a little while ago.

Rather, if it continues like this, they will end up getting involved.

I decided to change the battlefield.

I move us outside using transfer magic.

「U.....」

「We can go all out here, right?」

I transfer us approximately 2km away, 500 meters in the sky.

Light seems to be able to use flight magic, so we can confront each other while floating in the air.

「..... Then, I will let you see it. My trump card」

Light says in a low voice.

Immediately after that, a magic circle suddenly appears behind me.
I narrowly evade the lump of fire it shot at me.

Light didn't chant.

In other words, just now, he activated a chantless magic.

A magic circle appears at the place I escaped to.
Moreover, it's two at the same time.
I somehow avoid two ice arrows which rapidly accelerated towards me.

「Hahaha, how is it, amazing, right? I who possess〈Chantless〉,〈Great Wizard〉 and〈Paraller Thinking〉can activate multiple complex magic spells!」

Light loudly discloses his secret trick.

It's possible to cast two spells at once, but it's impossible to activate two or more magic circles at once.

That is because it's impossible to chant twice at the same time.
Maa, if you had more mouths it might be possible.

People usually have only one mouth, so no matter how fast the chanting is, there would always be a time lag between the magic circles.
But, that problem is solved with a chantless activation and parallel thinking.

「I see. So this is your trump card」

Magic circles appear in the air one after another.
Besides, since they are chantless, they fire before I notice.
It's quite a troublesome attack.

「Hahaha, a piece of cake! It seems like you are good only at running away!
However, how about this!?」

「Oh」

Many magic circles appear all around me.

Ten in total..... no, there's fifteen?

In addition, all of them are Advanced magic.

There's no way to escape. There's no time to chant.

「Ahahahahaha, it's the end! Die while regretting that you have opposed me!」

Light roars loudly, certain of his victory.

Pin pon pan po~n.

I bring you disappointing new.

「No, this much, even I can do?」

I have decided to cope with the situation by using multiple chantless magic circles too.

Twenty magic circles immediately appear around me. Look, there're a bit more circles than the enemy has.

「..... Eh?」

Light releases a stupid voice after I mimic him by extending my right hand at him.

[] [\(*•̀́•́*\)ง ^ \[Pinnacles\]](#) []

Chapter 34

The twenty magic circles I have created push back Light's magic circles.

「Wh..... at.....?」

After a while of absentmindedly standing as if time stopped for him, Light managed to squeeze out a voice.

「..... W, what is the meaning of this.....?」

「Even I can use a chantless magic or two」

I have used chanting until now because it seemed cooler.

「..... T, that can't be..... ku, but, how about this!」

Light casts Ultra Grade magic subsequently.

He's still motivated. What an unreasonably stubborn fellow.

「Ultra Grade Magic〈Hellfire〉」

「Ultra Grade Magic〈Hellfire〉」

I oppose him with identical magic.

The two flames collide and create a terrifying hot wind which rages around the surroundings.

Uo, as expected of Ultra Grade Magic comrades..... it's awfully hot.....

「.....I, impossible..... you are also able to use Ultra Grade Magic.....? M, moreover, I'm being pushed back.....!? ku!」

Light evades the approaching flames at the last moment.

「Haa, haa, haa..... H, however, the magic power consumption of Ultra Grade Magic is enormous! You won't be able to use it often! However, I have〈Magic Power Increase〉skill! Hahahaha!」

Light's breathing speeds up and he laughs triumphantly.

This fellow, does he feel like he's got the upper hand even in this situation? Just how big is your pride?

I decided to completely smash that hope of his.

「God Grade Magic——〈Flames of the Purification Purgatory of Deadly Sins〉」

「G, G, G, God Grade Magiiic!? I, it, it's a magic even I can't use!? Ku, kuhahahaha, I see, it's just a bluff! In the first place, God Grade Magic's magic power consumption far exceeds that of Ultra Grade Magic, there's no way you can use it after all the magic you have used befo——」

The moment a super large magic circle manifested from a thin air, Light's smile froze.

「I, it's a lie, right.....?」

「You will die if you don't avoid it, you know?」

The world got dyed in deep red.
It's almost as if the sun fell to the ground.

A high-temperature fire tornado gushes out of the magic circle.
And then, a phenomenon similar to a solar flare swoops towards Light.

「Hiiiii! T, t, t, transfer magic.....!」

Light desperately escapes with transfer magic.
The next moment, a huge cataract of flames swallows the place Light was standing at a little while ago.

Although I used God Grade Magic for the first time, what a bullshit power.
I don't think there's too much damage to the surroundings since we are in the sky, but.....

「〈Steal〉!」

A voice suddenly resounds from behind me.
Light who used transfer magic stood behind me.

「Ha, hahahahaha! Stupid fool! Stupid fool, stupid fool, stupid foool! You have been careleeess! Carelesssss! I have just stolen that magic system of yours!
Ahahahaha!」

Apparently, my〈Pinnacle of Magic〉has been stolen.
Because of that, I have lost flight magic and my body started falling down.

「Ahahahahaha! Unfortunateee, huh! This will be over with you falling to the

ground!」

「Then, I will have you return it」

I use〈Pinnacle of Extortion〉.

And take back〈Pinnacle of Magic〉.

I also take back〈Pinnacle of Black Magic〉which he stole from me earlier.

When I once again regain the ability to fly in the air, Light says with ridiculously stupid looking face,「..... W, wh, what is going on.....?」

「I took it back with the skill I possess——〈Pinnacle of Extortion〉. By the way, as the name suggests it's a higher rank of your〈Steal〉」

「W..... what.....?」

「Ah, incidentally」

I push Light deeper in the despair with my next words.

「I have a superior rank of your〈Sword Gift〉which is〈Pinnacle of Weapons〉, A superior rank of your 〈Brave General〉which is〈Pinnacle of Fighting Spirit〉, A superior rank of your〈Chantless〉which is〈Pinnacle of Chanting〉, A superior rank of your〈Great Wizard〉which is〈Pinnacle of Magic〉, A superior rank of your〈Paraller Thinking〉which is〈Pinnacle of Calculation〉, A superior rank of your〈Magic Power Increase〉which is〈Pinnacle of Magic Power〉」

「Wha..... wha..... wha..... wha.....」

「Not only just that.

A superior rank of your〈Natural Recovery〉which is〈Pinnacle of Survival〉, A superior rank of your〈The Supreme King〉which is〈Pinnacle of Domination〉, A superior rank of your〈Superhuman Strength〉which is〈Pinnacle of Physique〉, A superior rank of your〈Enemy Detection〉which is〈Pinnacle of Detection〉, A superior rank of your〈Kinetic Vision〉which is〈Pinnacle of Five Senses〉」

「Wha..... wha..... just what..... you, just how many skills do you

possessss.....!?」

「Hundred」

「Hu, hun, hundreeed!? Do, don't talk shit! There's no way you can possess so many skills.....! According to the Goddess, one would be able to get one, two max three skills from her! I, I see! You definitely stole skills from others with〈Pinnacle of Extortion〉! This hypocrite! In the end, aren't you the same as me!」

「I didn't do anything like that」

I shrug my shoulders at Light who has silva scattering from his mouth.

「Stop lying! It's unexplainable otherwise!」

「By the way, which Goddess have you received your skill from?」

「Goddess Sona! So what!?」

Goddess Sona, huh..... I certainly met her.....?

I search through my memories with〈Pinnacle of Memory〉. Ah, that fellow. When I finally remember,

「Yes, I remember, I remember. She was quite an impressive fellow. Her right and left eyes had different colors and her hair was rainbow colored, right?」

「You have met the same Goddess.....!?」

「I'm sure she was 87th」

「87th.....? W, what are you talking about.....?」

Maa, of course.

Normally, you wouldn't understand what I'm talking about.

Even I didn't understand at first.

「You see, I have met a hundred Goddesses」

「..... Ha?」

Although Light is a fool, I tell him as a fellow reincarnated person.

「Because There Were 100 Goddesses in Charge of Reincarnation, I Received 100 Cheat Skills」

Chapter 35

「Im, im, im, impossible..... t, t, t, that can't be true.....!」

「It's on you if you believe it or not」

「Hi, hii! Do, don't comeeee!」

When I approach, Light turns around and tries to run away.

But, he just wriggles and swims in the sky, unable to move from the spot.

「You can't run away? After all, you are floating only thanks to my flight magic」

「Wh, what do you mean? Shit, transfer magic.....! Transfer magic! U!? Why it doesn't invoke!?」

「I told you, right? That I have〈Pinnacle of Exortion〉, a superior rank of your〈Steal〉」

「Y, you didn't.....」

「I have already taken away all of your skills」

「~~~~~!!!」

Light opens his eyes wide in shock.

Nevertheless, it seems like the reality still didn't hit him as he extends his hand towards me and shouts.

「〈Steal〉! 〈Steal〉! 〈Steal〉!」

However, no matter how hard he shouts, he can no longer use his skills.

「R, r, return them baaaack! Please! No, I beg you! Return them back to me pleaaaase!」

I reject Light's desperate cries.

「No way」

No way I'm returning them.

「Please, I beg of you! Somehow, somehoooow!」

「Rather, in the first place. Did you think that I will forgive you just because you

stole some skills? I know of all the evil deeds you have done until now, you know?」

「.....!?」

Light's cheeks become stiff.

I say with a smiling face.

「I always wanted to use it once~〈Pinnacle of Torture〉skill」

Maa, there's no need for confession, though.

「Hi, hiiiiiiii!」

「Ah—————!!!!」

「I have decided to become a temporary Emperor of this country, the name's Karuna. Best regards」

I sit on the throne and casually inform the gathered people.

「T, to think he would defeat that Emperor.....」

「Un, unbelievable.....」

The high-ranked officials and military officers of this country mutter all kinds of things.

They all have pale faces.

They are extremely scared of me.

Maa, it's understandable.

The previous Emperor was a fellow like that, after all.

「..... Ahiyahiya..... ahiya..... Ogres..... in..... inside me..... hiyawa.....」

By the way, the previous Emperor has been rolling at my feet and groaning since a while ago.

This fellow who had all his skills stolen is now just an ordinary powerless person.
Ah, right, right, I should return the skills to their original owners later~

「Just what did you do?」

「He's muttering some terrible delirious words, but.....」

The one who asked in amazed expressions is Tira and Ellen.
If they want to know, I will teach them later in detail, fufufu.....

「Incredishble, incredish~ble! Papa is Em~pe~!」

「..... This country, hot」

Not just them, Filia and Shiro are also here.
Filia looks at me with sparkling eyes, while Shiro with her usual uninterested expression is taking her clothes off. Oi, hey, don't undress in such place.

I returned to the Ekbana and brought them here.
Hey, I mean if I show them the proof of my magnificent humanity, they will have more faith in me later, right?

While thinking that, Filia drops a tremendous bomb.

「Papa~ Are you going to make everybody into pets~?」

「Wha, Filia-tan!?」

What are you saying in such situation!?
Please, read the mood!

「Ku, does this Emperor also plan to make the whole nation his slaves too, after all.....」

「No, let alone slave, but a pet.....」

「Look! There's a girl with a collar behind him.....」

「He made even a little girl his pet.....」

Uooo, crap!

The persuasive power of Shiro's collar.....!

Moreover, Filia has been completely misunderstood..... I'm not a lolicon.....

「We, in that way.....」

「No, as expected, the men.....」

「But, look, the previous Emperor is like that..... that is probably.....」

「No way, is he bisexual.....」

No, I'm not. Definitely not.

Rather, I hear you all even if you whisper?

「D, do not worry. I don't have such intentions」

I try to repair the situation in panic, but their expressions don't change.

I thought about doing something for the country that became in a terrible state because of Light, I wish I had not volunteered to be the Emperor.....

Then, I had an ingenious idea.

「Naa, Filia」

「Wha~t's up, papa?」

「Do you want to try being an Emperor?」

「Eh, is it okay? I want! I don't understand well, but I want to be the Em~pe~!」

「Oh, I see! Then, I will leave everything to Filia! Do your best! Respect the education policy of our family!」

「Ye~s」

「Why are you pushing it on a little girl—————!?」

Tira's full power has tsukkomi exploded after a long time.

[] [\(*•̀́•́*\)^ \[Pinnacles\]](#) []

Chapter 36

「I will listen to papa!」

As I have received the decree of Emperor Filia, I have decided to begin with the reforms.

By the way, my position in the country is now「Super Important Person」. (It's a new official post Filia has made) 「First, all hostages are to be released. Every vassal state that has been colonized by this fellow are to restore their independency」

The representatives of the countries make a stir.

「I, is that the truth.....?」

「H, however, as expected, it isn't unconditional.....?」

「No, it's unconditional. Far from that, we will pay reparations. All countries have been forcibly robbed, after all」

「Reparations!? Not us, but you are going to pay!?」

「Wh..... what!」

Each country representative gets shocked by my proposal.

However, now, the officials of this country panic.

「I, if you do that, our country is going to decline this time.....!」

「War expenditures costs a lot of money, you know.....?」

「I won't permit talking back!」

Zugo~n! (←Sound of Filia stomping the floor)

「「Hiiii.....」」

「..... I, I have a plan regarding that matter. Rath~er, in the first place, the useless expenses of this country——」

——Maa, just like this I have made several drastic cuts and reforms. Naturally, I have no experience with governing, but with skills like〈Pinnacle of Domination〉and〈Pinnacle of Prediction〉I can't go wrong.

Also, Filia is only a temporary Emperor so I have to prepare a suitable

successor.

The candidates for the next Emperor are the Imperial Family that ruled before Light came.

Even though they are the first choice, most of them are scum, though they are not Light's match.

「Therefore, we have decided on you!」

「Decided!」

「E, eeeh, m, m , me desu kaaaa?」

The one we chose from the lined-up royalty and nobles gave out a scream.

The 8th Prince of the Emperor Light has stolen the throne from.

He's still a 12 years old boy.

Rather, otokonoko. [1](#)

Glittering silver hair and lovely blue eyes. A small and slender body.

Facial features noble and sweet. No matter how I look, he looks like a girl.

His name is Gina.

「That's right. You are the next Emperor, Gina」

「W, why me desu ka.....?」

She, not, the question itself.

He's low in the inheritance line, his mother is a commoner, moreover, he doesn't have any special talent—Too ordinary.

Normally, he wouldn't have any chance to get on the throne.

But, I told him with confidence.

「Cause you are cute」

「On what reason are you deciding———!?」

Tira inserted a tsukkomi.

「Not. Umm, it's that. That. Right. My senses were tingling」

「Ha, haa.....」

Actually, it's the result of〈Pinnacle of Appraisal〉.
He's the only one with〈Wise Emperor〉among the royalty.
Although he's unreliable right now, he will surely become a good emperor.

Maa, when I read the minds of other royalty with〈Pinnacle of Mind Reading〉
all of them had dirty past, so I really didn't have another choice.....

「T, that's impossible desu yo.....」

However, Gina who doesn't know that restlessly shakes his feminine neck.
That action is completely girl-like. Cute.

「It's all right. I guarantee it」

「D, do you really think that someone like me is fit to become the Emperor desu ka.....?」

Gina timidly asks with wet eyes.
Extremely cute.

「Yes, don't worry. I will teach you with great attention..... haahaa」

「Hey, why are you getting excited!? What do you intend to teach him with great attention!? I can't help, but worry!」

Ha, not good, not good.....
He was so cute just now that I have totally thought that it doesn't matter that he's otokonoko.

「..... H, he really is a bisexual, after all.....」
「Moreover, a shotacon.....」

Oi the civil officers over there, I can hear you.
I just lost my mind for a bit.

「Ha, hai! I will do my best.....!」

Gina tightly clenches his fists in front of his chest, he's making the girlish「I will do my best!」pose so well.

「Let's do our best together..... guhyuhyu.....」

As one would expect from〈Wise Emperor〉skill holder, Gina is excellent.
He absorbed everything I taught him like a sponge.

On the other hand, he also receives sword lessons from Ellen.

「I, I want to become more manly desu!」

「My training is strict!」

「I, I am resolved desu!」

「Yosh, then, I will make a man out of you!」

Somehow, I heard quite a hot blooded conversation.

Maa, no matter how much he trains, he won't be able to lose his girlishness.
Is what I thought, but—

——In just two weeks, Gina has become a macho ikemen (Weeping).

A bulky chest, bulging biceps, thick forearms, ripped abs.
He wears a tank top as if to show off his muscles.

「Karuna sensei. Did I became a little bit more appropriate as the next
Emperor?」

Even his way of speech has changeeee!!

「Yes, way to go, Gina! No matter how I look, you look like a man among men!」

I draw closer to Ellen with all my energy to Ellen who declared with confidence.

「What have you done, Ellen! Don't..... this is no good!? This is wrong!?!」

「..... What are you talking about? He has proper muscles, doesn't he have a
proper manly body now?」

Ellen who can't understand at all tilts her head.

「I'm telling you that that is wrong! Making a macho ikemen out of otokonoko
is pointless!? Even though he was so cute! Even though he was so cute! Even

though he was so cute!」

I have no choice, but to wail.

「Return my Gina-tan baaaack!」

Chapter 38

I created swimsuits with〈Pinnacle of Production〉.

「Here, Tira's swimsuit」

I hand swimsuit to Tira right after finishing it.

A micro bikini.

「There's no way I'm going to wear something like that———！」

Tira throws them on the floor after receiving them.

「It's okay, it's okay. It properly hides the important parts. Here, you dropped them」

「The problem is with it hiding only the important parts! Also, I did not drop them, but threw them away!? Guess why!」

「Strange~ When I bathed in the local area in the olden days everyone was wearing them, though~」

「Please don't make up lies! There's no way someone would wear such shameless swimsuit! I won't get deceived!」

「Look, there」

I point behind Tira.

「Ku..... i, is it really popular to swim in this.....?」

Ellen just came out from the dressing room.

She's properly wearing the micro bikini I gave her.

Un, that is nearly nude.

The cloth area is approximately 0.

Naturally, it doesn't support Ellen's hills, so everytime she moves *boyonboyon* they bounce up and down. Rather, her nipples are slightly sticking out.

And at the bottom——

——I, it's packed!!

「There's a person who wore it———! Hey, Ellen-san! Why did you wear it?」

「I, I was told I would become stronger if I wear this.....」

「You won't! You were deceived!」

「Wha..... ku, you deceived meeee!」

Ellen returns to the dressing room in a hurry.

Iyaa, I saw something good.

Tira glares at me.

「..... Please don't tease Ellen-san too much. She's a person weak in the head, after all」

She is splendidly harsh towards Ellen.

「Would this swimsuit be all right?」

I hand Tira a different swimsuit. It's a normal bikini this time.

But, she frowns,

「Doesn't this also expose too much? It's almost same as underwear」

「Nono, that's how swimsuits are」

Although I appeal, Tira is already looking at me with distrust.

Since it can't be helped, I took out another swimsuit I have prepared.

「..... Maa, if it's this」

Tira reluctantly nodded and went to the dressing room.

She swaps with Ellen.

「I, it would be better if you gave me normal ones from the start」

It's a slingshot swimsuit.

To be frank, this is considerably erotic too, but she considers this one as normal after the first one. Silly-san is cute.

After a while, Tira came out of the dressing room together with Filia.

「Matching with mama!」

「Un, we match」

The two wear the same type of swimsuit.

There's a「Filia」「Tira」written with magic on their chests.

In other words, school swimsuits!

Uwa, so nice, soo nice.

Although the degree of exposure is low, why does it excite me so much?

Moreover, an elf in school swimsuit is a rare sight, right?

To tell the truth, I wanted Tira-tan to wear this from the start!

Seeing the excited me, Tira covers her chest with her hands.

「..... Somehow, I thought you were looking at me with very indecent eyes, but..... Are, which reminds me, what about Shiro?」

「N. Prepared」

Our pet, Shiro makes an appearance.

Her white skin is completely exposed.

In fact, even her private parts are exposed.

In short, she's naked.

「You can't go out like this, right!? What happened to the swimsuit!?」

「I will swim like this」

「That's not good! Please wear a swimsuit properly!」

「Why? I bathe nude. Then, sea won't have issues too」

「There are issues! There are men!」

「I don't mind. I'm a dragon. Unlike people, not wearing clothes is my principle. That's important」

「Still, wear clothes in the human form, am I not always telling you that!」

「I also don't mind at all!」

「I didn't ask you, Karuna-san! Also, avert your gaze the other way!」

「Then, how about band-aid?」

「N. That is good」

「Band-aid!? Right now, we are talking about a swimsuit, right!? What is going on!? Although it's most likely worthless, please explain!」

『Arrived at the destination』

RV informs us that we have arrived at the destination while we are having such argument.

Going outside, a vast sea spreads out.

The water is clear, it's an extremely beautiful sea.

「Sea~!」

「I, it's large.....」

「This is a sea, huh..... it certainly seems strong.....」

「N」

The responses of my family~

By the way, after persuading Tira, we have settled on Shiro wearing a micro bikini.

One more by the way, I'm wearing speedos..... Eh? You didn't need that information? Un, I am aware.

「Yossha~ Let's swim~!」

I bolt out first.

I run through the empty white sandy beach and jump into the sea.

「Uhaa~ So good!」

Tira and the others catch up to me.

「Wa~i! Dobi~n!」

「..... Tou」

「It's quite cold」

「Pepe, what is this! It's extremely salty!?」

Filia and Shiro boldly jumped in like me, but Tira and Ellen timidly entered the water.

Then, we talked in the water, played beach volleyball, made a castle from the white sand.

Only Shiro floated on the sea while sleeping the entire time.

「Now then. It's almost that fellow's turn」

「..... What are you talking about?」

Tira tilts her head at my mutter.

「Hiya!? S, s, something coiled around my leg!?!」

Ellen screams all of sudden.

Looking closely, a slimy, fat rope-like thing coiled itself around her leg.

Immediately after that, the water started rising and a huge shadow appeared on the water surface.

It's a creature with countless soft protuberances.

That's right, our tentacle monster finally appeared!!

「Next time, will our heroines get absurdly tentacle raped.....!? Stay tuned!」

「What are you saying!?!」

[] [\(*•̀́•́*\)^ \[Pinnacles\]](#) []

Chapter 39

Ellen who was caught by the tentacle gets lifted up upside down in the air.
「This!」

She twists her body in the air and tries to tear off the tentacle coiled around her leg. Her sword is in the RV.

「..... I, I can't grab it.....!?」

But, the tentacle is slimy and Ellen's hands slip off.
Meanwhile, more tentacles attack her.

「..... Hey, ah..... st, stop.....」

Ellen limbs get restricted by the tentacles.
The tentacles touch her sensitive parts such as butt and neck causing Ellen to scream.

「Good going, tentacles! Do her more! Yosh, Filia, let's root for Tentacle-san!」

「Un! Tentacle~ Do your best~!」

「Ku..... such thing, isn't enough to make me yield.....!」

Ellen grits her teeth and tries to endure the tentacles.
Fufufu, how long can you keep on pretending?

「Oi, the boobs! Attack her boobs more! Coil around her boobs!」

「Boo~bs!」

「N..... han..... ku..... an.....」

A big tentacle plays around with Ellen's hills.
Her whole body is already slimy. Moreover, her legs are being forcibly spread open, which is so erotic!
My tension heats up.

「Don't invade inside my swimsuit!」

「Inside~!」

「Hiyau..... no, not that place.....」

The tentacle starts aggressively advancing towards Ellen secret place.
But, at that time.

「Ellen-san!」

Tira cuts the tentacles which restricted Ellen with a wind cutter.
Basha~n. Ellen drops from the air and splashes into the sea.

「Uwapu..... Y, you saved me, Tira!」

「Just what is this perverted monster!」

Tira angrily shouts while shooting wind cutters towards the tentacles.

However, the tentacles are infinite, you cut one and a new one appears.
It's only a matter of time until she becomes the prey.

「Do, yo, ur, be, st, te, n, tac, les!」

「Do~ your~ best~!」

I and Filia raise our fists and encourage the tentacles. We are the tentacle cheerleaders.

By the way, Shiro is still floating asleep on the sea. She's at her usual pace. It would be nice if she didn't get washed away to the open sea, though.

「I, I will do something about the tentacles! Tira, prepare big magic in the meantime!」

「I understand!」

Ellen and Tira start cooperating.
Ellen stands in front of Tira and repels the approaching tentacles with her fists.
In the meantime, Tira starts chanting.

「Oi, this is bad tentacles! Obstruct the chant of that magic!」

「Obstruct~!」

I don't know if the tentacles understand me, but tentacle monster sends all its tentacles towards Tira in order to obstruct the chant.

But—

「Ellen-san!」

「Understood!」

Ellen jumps on Tira's signal.

Immediately after that, Tira activates an Advanced magic.

Thunder roars and the tentacle monster gets struck by lightning attack.

「Tentacleeee!?」

「Tentacle~!?」

I and Filia scream together.

Tira's Advanced magic directly hits the target and our Tentacle Monster-sama becomes burnt black.

The majority of its prided tentacles are burnt, it's already at the death's floor.

「Not yet! Don't give up yet! Everyone is awaiting your activity! There's no way you can die in a place like this!」

I shout words of encouragement while invoking Healing Jutsu towards the tentacle monster.

Its wounds quickly heal and the tentacles regain their sliminess.

The lively tentacles attack Tira and Ellen once again.

I shout in joy because of the revival of hero.

「Saa, go! Tentacles! Grant us our dreams!」

「tte, what have you been doing since a while ago———!!」

She got extremely angry after that.

「That..... Tira-san? Could you possibly take me out already.....?」

I timidly ask.

「No way. Please keep on reflecting there for a while」

However, only a cold response of Tira-sama returned to me.

As a punishment for the incident a while ago, I have been buried up to my head in the sand.

I have been like this already for an hour.

I can only look how everyone happily plays in the water.

I'm very free.

「Maa, but, viewing the world at this angle is also quite nice gehehe」

「You are not reflecting at all, are you!?」

「Fugiya」

My head was stepped on by Tira.

A bare foot of bishoujo in school swimsuit is stepping on me, this is more of a reward!

「Tira, I found it!」

Ellen shouts from the sea.

「Seems like we finally found the executor」

「Eh..... executor.....?」

I turn my head back to the sea with extremely bad feeling.

A creature with countless soft strings similar to sea anemone—

It's a different tentacle monster.

Ellen nudged that fellow by poking it with her sword and drove it directly towards me.

「Rejoice, this one is a female」

「..... No way」

A cold sweat streams down my cheeks.

「Please don't escape, okay?」

Tira reminds me with a terrifying smile.

Immediately after that, the female tentacles attack me all at once.

A portion pierces the sand and my body in the sand—

「Nooooooooo!」

A man is violated by a tentacle monster.

What unfolded after that is just a pointless development.

It was quite pleasing after I got used to it.

Chapter 40

We are riding the RV over the sea.
We are actually using the flight magic, but outsiders will see an odd sight.

The weather is nice.
The sunlight of the midsummer makes the sea surface glitter.
Filia has been pressing her nose against the window since a while ago shouting「Fish~」「Island~」「Bird~」happily.

We are sometimes attacked by monsters, but the interception system takes care of it.

Golem arms are attached in various parts of the RV, which automatically knock away monsters that get too close.

We took a northeast course, which takes us to a certain island.

It's an island of the Oni.
After the invasion of the Ekbana, the huge breasted general told us to visit the island by all means if we get the chance.
Apparently, their culture resembles Japan's the most, therefore I wanted to visit it.

The island Oni live at is called without a change「Oni Island」and has the size of Kyushu. [1](#)

The population is approximately 300,000.
After safely arriving at the shore, we head straight towards the capital「Hana Miyako」.

「Oh~ This somehow makes me nostalgic~」
Every house on the way resembled an old Japanese house, the nostalgia within me sprung each time I saw one.
As expected, the staple food of this country is rice, the rice fields spread all around.
This is completely a scene of the Japanese countryside.

It somehow makes me want to drown in rice.

By the way, I didn't want to cause unnecessary trouble so I concealed the RV with magic.

It looks suspicious no matter how you look at it, after all.

Before long, we arrive at the capital.

This city looks exactly like Kyoto.

We pass under a huge gate—Its size is enough to let the RV pass through—and we move towards the political and religious center, Onihime's palace.

In other words, Onihime has the exact position as an Emperor in the old days.

We get off in front of the Imperial Palace.

When we convey our business to the gatekeepers, they welcome us with vigilance at first, but their attitude immediately makes an 180-degree turn.

「So big~!」

The imperial garden spreads all over the place.

I use〈Pinnacle of Detection〉and look for Ouka's whereabouts. She seems to be inside one of the buildings.

We told the gatekeeper that we are going, but we were told to wait for a bit.

Then, at that moment.

A group of five suddenly fell before us from the sky.

Of course, everyone is Oni. They seem to be in their twenties~thirties.

「So you are Karuna!」

One of the Onis glares at me while shouting.

Rather, every one of them looks at me like I'm an enemy of their family.

「Having four girls with you, unforgivable!」

「This riajuu!」

「Hand one of them to meehee!」

「..... You should just burn.....」

I receive words of resentment.

「..... What are those people?」

Tira glares at the five with suspicious eyes.

No wonder.

No matter how you look, their appearances are suspicious.

For some reason, all of them wear happy coats in different colors with such words as 「Ouka-sama love♥」 and 「Ouka-tan is my bride」 written on them. By the way, their appearances are little “that”.

「What business do you have with Ouka!?」

「Rather than business, I just came to meet her」

When I say so, the five make an expression as if they received a shock,

「Ku..... he seems really friendly, though.....!?」

「Unforgiveable! Unforgiveableeee!」

「We are being ignored..... by a human.....」

「Wrong.....! Ouka-tan is..... Ouka-tan is my brideeee!」

「..... I can only die now.....」

These people, would it be wrong to kill them.....?

「..... Who are you?」

I checked for the time being, but I regret doing that.

They suddenly started introducing themselves.

While doing some incomprehensible poses.

「If it's for Ouka-sama, no matter if hell or high water..... if there's a chance to get her to bath or to the bed.....! Self-proclaimed bodyguard, but also the most dangerous fan, Red!」

「I don't desire much. Just watching over her from distance is enough. That is my fundamental stance..... But, betrayal is never acceptableeee! Anti-sudden change fan, Blue!」

「Ouka-chan merchandise collector! Using personal properties to purchase more with no regrets! A limit exceeding fan with hellish debts, Yellow!」

「Ouka-tan is my bride..... Ouka-tan is my bride..... Ouka-tan is my bride.....」

Ouka-tan is my brideeee! I who doesn't doubt delusions! Delusional maiden fan, Pink!」

「..... Not uniting with Ouka would be my death..... living would be meaningless..... Ouka, it's your fault, you know..... You have killed me..... ahaha, ahahahaha..... depressed, responsibility shifting fan..... Black」

They then gather in one place,

「「「「The five of us make, Ouka Love Rangers Squadron!」」」」

They all make a signature pose (considerably creepy) and show off.

..... Can I go back?

Chapter 41

「If you want to meet Ouka-sama, you have to defeat us first!」

Ouka Love Ranger Red shouts.

「If you insist」

「Bube!?」「Gya!?」「Gua!?」「Gee!?」「.....!?」

Five people fall simultaneously to the ground.

It was an instakill.

Leaving them as is would be troublesome, so I picked them up planning to put them in one place, but I met a familiar beauty.

「Karuna-dono! You have come! tte, what is this.....?」

Ouka stares at wonder at the five unconscious people.

「They seem to be called Ouka Love Rangers Squadron」

「Wh, what is that.....? Ah, I have seen this fellow before! It's the fellow who often stalked me in the past! No, not just him. This one too, and this one..... e, every single one of them!」

They seem to be criminals.....

「I was somehow suddenly attacked」

「How could they do that to Onihime-sama's benefactor.....! Karuna-dono, so sorry」

「No, it's alright」

Nevertheless, as expected of the hero of Oni tribe.

According to〈Pinnacle of Information〉her popularity is on the same level as an idol and there are many unofficial fan clubs.

By the way, Onihime is different as she rarely appears in the public so not many people know her, unlike Ouka.

The pathetic Ouka Love Rangers Squadron has been taken away by palace guards.

Guided by Ouka, we arrive at the throne room.

The floor is filled with tatami and the walls with fusuma¹. It really is a Japanese-styled building.

It's possible that a person from Japan visited this place in the past.

There's a higher place in front of us where Onihime should show up, but she isn't here yet.

I heard subtle voices from behind the fusuma.

I strengthen my hearing with *Pinnacle of Five Senses* and eavesdrop.

「O, Ouka..... I, I..... d, don't look weird, do I.....?」

「Of course not. Onihime-sama always carries out her tasks splendidly」

「N, not that..... that..... m, my appearances..... are they not..... strange.....」

「Of course not. Princess always looks lovely」

「..... T, thank you.....」

「Now. Karuna-dono is already waiting for you」

「.....」

「Is something wrong?」

「Uu..... A, after all, it's embarrassing.....」

「..... Embarrassing? What might you be talking about?」

「I, I mean..... that..... Uuuu.....」

「.....? We shouldn't keep him waiting too much.....」

「T, that's right, huh..... yo, yosh」

Panpan, I hear a creaking sound and the fusuma slowly opens.

Onihime makes an appearance.

She, dressed in a colorful ceremonial kimono suddenly stops in place.

「..... Princess?」

When Ouka in the back calls to her in puzzlement, Onihime starts awkwardly walking.

It's just, she fixes her gaze to the front, not looking at us.

Then, at that time,

「Fugiya.....」

She most likely stepped on the hem of her clothes. *Bata~n* Onihime falls on the ground with a grand sound.

「Princes!?」

Ouka rushes up to her in panic.

「Are you not injured, Princess?」

Ouka frantically calls to her, but Onihime lies on the ground without moving a muscle.

While thinking if she's all right, Onihime suddenly raises her face.
And then, she mechanically turns her neck towards us.
Our eyes match.

At that moment, *Bo*, a steam rises from Onihime's head.

「Noooooooo!」

She gets up and quickly runs away behind the fusuma while screaming.
Because I heard *Bata~n* sound again, she most likely fell again.

「P, princess? What has happened?」

「Uwaaaan! I showed Karuna-sama something so disgracefuul! He definitely thinks now that I'm a weird womaaan!」

Such scream was heard from the other side of the fusuma.

..... Naturally, there's no way I wouldn't notice her feelings because I'm not a dense protagonist.

「Onihime-chan is apparently madly in love with me!」

「I think it would be better to keep quiet even if you noticed it, though.....?」

「..... I think so too」

In the end, the embarrassed Onihime didn't come out.

「She usually is more modest, but..... however, as expected this much..... a, anyway, I'm really sorry, Karuna-dono!」

Ouka apologizes.

I thought there's no way she wouldn't notice as a fellow woman, but it seems that Ouka is ignorant when it comes to love.

Because Onihime didn't show up, we received a top class hospitality.

This country's cuisine— —is as expected close to Japanese cuisine— —I also used a large hinoki bath².

At times, I felt something hot watching me, but I realized that it's Onihime watching me from behind pillars after a while.

When Ouka called to her, she escaped with a ghastly speed.

This and that happened and the night came— —
While lying on the futon under me, the fusuma opened.

「.....」

Onihime entered the room silently.

Unlike during the day, she's wearing a white undershirt.

She timidly approaches me and sits in seiza³.

Then she says with a shaky voice.

「..... Karuna-sama..... W, with me..... C, could you share the mattress with me.....?」

She suddenly jumped over quite a number of bases!?

..... It seems today is going to be a long night.

Chapter 42

Chirp chirp I wake up to bird's singing.

「Morning, huh.....」

I mutter with a bitter face and look next to me.

While a gentle sunlight shines through the window, Onihime sleeps comfortably.

「This is the thing called Asachun¹, huh..... Maa——」

「—— We only simply slept in the same bed, thouuuugh!!」

I face the morning sun and unconsciously shout with all my might.

Nonono, Onihime-chan?

When one wants to share a mattress, that thing normally follows, right?

Wrestling, right?

However, you just sleep next to me. Just what is going on *dattebayo*?

「N.....」

It seems Onihime is waking up. Maa, I loudly shout right next to her, after all. She notices my half-asleep face and her face instantly flushes.

「W, we..... with this, we have entered the relationship between man and woman.....」

We did no~t.

Rather, it's probably that.

This child, she probably doesn't have any knowledge about this kind of thing.

She's a princess, after all.

She was almost gang-raped by ogres, though.....

After spending several days leisurely in the country of Oni, we have decided to say farewell to Ouka and the others.

「..... Karuna-sama..... you are leaving.....」

「Yes. I will eventually drop by. With transfer magic」

「..... This is the so-called long distance relationship..... however, we will certainly overcome this trial.....」

Onihime wanted to come with us, but she's the head of this country, after all. She is going to unwillingly stay behind thanks to Ouka's persuasion.

「Besides, I have this to remember Karuna-sama by when I'm lonely.....」

Onihime takes out underwear.

Moreover, it's a man's one.

Rather, don't these look familiar.....?

「tte, these is my underwear!?!」

「What have you given her———!?!」

Tira strikes my head with her staff with all her might while inserting a tsukkomi.

「Nonono, I certainly did not give her my underwear!」

Are? But, right now, am I not wearing the same underwear?

That reminds me, I feel like I was putting on a new underwear in the morning.....

「In fact, I have asked Ouka to change the secret article while Karuna-sama was bathing. Thank you, Ouka」

「No, anything for Princess. It was an easy task」

What are you doing!?

Ouka helped her!

「..... When I'm lonely, I will think of it as Karuna-sama」

Onihime buries her face into the underwear, Suu~ Haa~ Suu~ Haa~ she starts sniffing the scent.

「Ah, I can smell Karuna-sama.....」

「That..... I think it would be better to wash it first, but..... there are various germs, you know.....?」

「I think so too.....」

「What are you saying! If I do that, the precious smell will dissipate!」

「「.....」」

We leave the island quickly after Onihime ruined the mood.

We drive the RV on the sea again.

Approximately a week to the east without a change.

The objective is the main inhabitant of Mazoku, the Demon Continent.

As of now, the Demon Continent has four Maou which split the continent in east, west, south and north.

Although Mazoku is belligerent race, because they possess a considerable amount of intelligence and thanks to the four Maou, they are keeping a reasonable peace.

But then, humans and Mazoku fundamentally don't get along, therefore, humans on the Demon Continent are rare.

But, I'm in my long-awaited different world. I would definitely like to meet the bunch who are calling themselves Maou.

「Demon Continent, huh. I heard that Mazoku have many strong warriors, it should be a good place to train」

「Can't wait~!」

「It is a dangerous place, right? Maa, with members like this I think we should be fine, though.....」

「I have been there once. The food is bad」

As a matter of course, Shiro has been on the Demon Continent before.

『Warning. Enormous hostile creature approaching』

Right at that time.

The RV gives a warning.

This RV loaded with AI will inform us of any dangers.

A sea monster has most likely appeared.

I was certain that the interception system would do something about it on its own.

Is what I thought, but.

『Evasion impossible. Repulsion impossible』

Immediately after that, a fierce impact.

The vehicle was instantly overturned.

I use flight magic and embrace the four girls.

「W, what has just happened.....?」

「Surprised!」

The mithril-made body creaks and water invade inside through the windows. And the vehicle gets dragged down to the bottom of the sea at great speed.

「Seems like we got eaten by a huge fish」

In other words, we are inside the body of a huge fish right now.

「Eh.....? Hey, what are we going to do?」

「I will make today's dinner」

I transfer out of the fish and lift it up out of the water.

Then, I move the RV with transfer magic outside the body of the fish.

「So big~!」

Filia shouts in astonishment while looking out of the window.

A fish approximately 50 meters in length is floating in the air with my flight magic. It starts springing up and down in surprise after being suddenly extracted from the sea.

Although ridiculously large, its appearances are of tuna. How much would sell this for?

Which reminds me, Oni had sashimi, but they didn't have sushi for some reason.

「Yosh. We have plenty of rice, let's make sushi today!」

Chapter 43

We are having a barbecue on top of the RV.

The meat is the tuna I fished(?) yesterday.

We had sushi yesterday as planned, but although Shiro is a great glutton she couldn't finish it all so I preserved some meat with〈Pinnacle of Storage〉. Because the time stops in the storage, it didn't lose any freshness.

「Un, delicious.」

There are parts with a lot of fat which got insanely greasy after cooking so I prefer eating it raw.

In spite of being a dragon, Shiro is eating in silence without stopping, she discriminating against food. Still, I have a feeling that most of the 50-meter tuna disappeared in her stomach over the two days.....

The Demon Continent is still far away, the sea spreads as far as I can see. Because the weather continues to be nice all the time, the waves are calm too. We filled up our stomachs and set up beach chair's on the RV's roof to relax.

「Gefu. Satisfied. Sleep.」

Shiro who ate the portion for ten mutters in satisfaction and lies together with me selfishly. She undressed without us noticing again, but it has become a usual occurrence already so Tira doesn't tsukkomi anymore.

「Swim~!」

「Hey, there are monsters, it's dangerous.」

Filia who changed into her swimsuit jumps into the sea and Ellen follows her in panic.

Just a while ago, a Fishman monster, Gillman appeared, but Filia kicked it flying without noticing.

So peaceful.

However, we could only peacefully enjoy the afternoon.

「Are, isn't that a ship?」

Tira points towards the northeast.

「Certainly, it's a ship」

A considerably big ship sails through the sea.

Considering its course, it will directly crash with our vehicle.

By the way, the ship has a raised flag with a skull drawn on it.

Un, horribly easy to understand pirate ship.

According to〈Pinnacle of Information〉, this is a ship belonging to Soil pirates, a quite well-known group of pirates.

I was just looking for something to kill time with.

「Quite good-looking women got on」

We were restricted by ropes and taken on the pirate deck.

「Hou, these will sell for a lot. However, how did this mostly female group trespass in our, the Soil pirate group's territory?」

The one rudely appraising us is a captain of these pirates who is surprisingly a woman in her mid-twenties.

She's quite tanned, but she certainly has quite a charm, she's a beauty.

「In the first place, that thing, what's that? It doesn't look like a fishing boat」

The female captain points at our RV and asks.

「It's Recreational Vehicle」

「Recreational.....?」

She asks again with a curious expression. Maa, that's natural.

「I don't understand well, but it smells of treasure. Oi, let's retrieve it first」

「Rogerssu!」

One of the pirates answers vigorously at the female captain's orders.

「Also, throw these fellows into the prison. They are precious merchandise. Don't go injuring them to your liking」

「Ussu!」

「..... Only you don't look like a valuable merchandise, I will have a chat with you later」

The female captain brings her face close to me licks her lips. Seriously? I'm extremely looking forward to it.

I had expectations for a bit, but it didn't look comfortable after checking with〈Pinnacle of Prediction〉so I will have to refuse.

「Ne~ Papa. Is it the time already?」

Filia is restlessly fidgeting. Ellen too.

「Yes, it is」

「Wa~i! Ei!」

Together with a lovely shout, *buchin*, Filia snaps the rope restricting her.

「「「Eh.....?」」」

The pirates are dumbfoundedly looking at the rope which shouldn't be so easily snapped.

「Really, who was the one who tied her up with such fragile rope」

「T, that shouldn't be the case, I think! I used a proper solid rope!」

「Then, there's no way she would get out of it so easily. Oi, quickly restrict her again」

「Rogerssu!」

The pirates approach Filia to restrict her again in a hurry.

「Ta~!」

「Bube!?」「Gya!?」「Guo!?」

But, the robust seamen were easily blown off to the sea by Filia.

「It certainly is fragile」

「Fun, don't think you can restrict me with something like that」

「..... N」

Following Filia, I, Ellen and Shiro tear the ropes apart.
Only Tira is remaining.

「..... Excuse me, I'm but an ordinary person so I think it's impossible for me,
but..... tte, are? It may be surprisingly easy.....? Nn.....」

Tira's face turns red from straining herself.

「おOh, that strained face is somehow refreshing and cute. However, if you strain so much you will let out a gass」

「Ei, don't say such strange things!」

Together with tsukkomi, *buchi*, she snaps the restricting rope. As expected of my Tsukkomi heroine.

「Hey, what are you doing? Oi, you bastards, you can hurt them a bit, so quickly recapture them!」

「「「Ou!」」」

The pirates pull out the swords from their waists. In total..... about two hundred people.

That's that, so we begin a light after meal exercise.

Chapter 44

We commence the major cleanup of the pirate ship.

「Hoi. Ei. Oriya」

「Guo」「Nua」「Aare~」

I pick and throw away the charging pirates one after another.
I fling them to the sea as if I was disposing of a trash. In fact, these guys are actually somewhat dirty.

「Ki~~~~~n」

「Hiii」「She coming hereeee!?」「Ruuuuun!」

The one who makes the pirates so fearful is Filia who is innocently running around the deck.

On the contrary of her lovely appearances, she's blowing away men many times larger than her with her monstrous power.

「No need to draw my sword, huh」

「W, what this woman?」「She's stopping our swords barehanded!?」「Gubo!?」

Although inferior to raw power to Filia, the Destruction Princess title suits her very well.

Pirates of this level fly several metres in the air after receiving Ellen's fists *jabon* and fall into the sea.

「Shit, these guys are dangerous!」「Aim at that elf!」「Ooo!」

「That..... The smell is a bit intense, could you keep away from me, please?」

「I was told I smeeeeell!」「G, get a grip!」「! O, oi, the magic..... gyaaa」

Tira hurts the pirates with sharp words then she blows them away with Advanced wind magic.

「Suu~ Suu~.....」

Shiro judged that she's not needed so she lied on the deck and fell asleep. How can she sleep in such situation?

「How miserable, you bastards! What are you doing against women and a child!」

The female captain scolds her subordinates in anger.

「Tsk, can't be helped. I will do it」

She comes forward.

「Oi, you, don't be surprised? This me is the descendant of the great legendary pirate Marie Jaws———Bugya!?」

「Wa~i!」

The female captain who was rammed from behind during her speech by Filia crashes into a mast and faints in pain.

Un, Filia. It might be better to read the mood a little bit more.

「I had enough..... I want to return to the land..... gusu.....」

「C, captaaaain!? Then, what will happen to your dream of becoming the pirate king!?」

「That's impossible..... I mean, there is such a monster, after allmon.....」

「Where did the always cool captain disappear toooo!」

「Ah, not good..... the captain has completely regressed to a child..... the Soil pirates are done for」

It seems that after we had completely crushed the Soil pirates, the charismatic female captain got off the ship and the Soil pirates were dissolved soon after.

Maa, putting that aside.

There were captured women on the ship and I have freed them.

「Thank you very much for saving us」

Although I saw women, their lower half of the body is that of fish.

In other words, they are mermaids.

It seems that the Soil pirates captured them with the intention to sell them to slave merchants.

Most of the mermaids are good-looking so they sell for high price. In fact, every single one of the captured mermaids is either a beautiful girl or a beautiful woman.

Nevertheless, these children..... are not hiding their boobs! Haahaa.

There are seven mermaids in total and all seven are freely exposing their boobies.

They don't seem to care, nor hate it when I stare so it's probably natural for them to not cover their chests.

What a wonderful race!

「Why are you staring only at a specific part?」

「I'm not, I'm not.」

「Your philtrum is stretching, though?」

Tira pokes my nostrils with her staff.

「Hey, don't poke me with your staff. My nostrils will stretch.」

「That, would you like to visit our city?」

One of the mermaids proposes. It's the girl whose boobs have the best shape..... would touching them be NG as expected?

「City?」

「Yes. It's on the bottom of the sea, but our magic allows humans to breathe underwater. I would like to convey our gratitude for saving us, by all means.」

I see. Mermaid-san has quite integrity.

Naturally, this is where I should confirm it first.

「By the way, are all mermaids in the city dressed like you?」

「Eh? Ah, yes. Unlike humans, we don't have the habit to cover our bodies with cloth.」

「I'm going」

Instant reply.

There's no other choice.

「Isn't your motive too impure!?」

「That is not true? We should not treat kindness with disdain, after all」

「Then, why are you making such indecent face!?!」

「My face always looks like this」

「.....」

Ah, you don't deny that!?

It has been decided that we are going to visit boob paradise hyahhoo~
Demon Continent? Something like that can wait.

Chapter 45

It's a mysterious feeling.
Even though I'm underwater, I can breathe and my clothes don't get wet.
It's the effect of Mermaid-san's magic.

The mermaid-sans we have saved lead us to the Mermaid Village.
I feel like Urashima Taro¹.

「Everyone! We have returned!」

The mermaid Oneesan who has brought us along—By the way, her name is Ryuna-san—she waves her hand and the other mermaids come this way.

「Eh, Ryuna?」
「No way, weren't you abducted by the pirates.....?」
「Tatsu and others are also here!」
「You were safe!」

Wow, the mermaids gather around us at once.

「Un! We were saved by this group of people!」
「Hee!」
「Thank you!」

「Uooooo!」

I unintentionally let out a yelp.

The mermaids don't wear clothes.
Therefore, their breasts are exposed!
In front of me, bare chests, boobs, boobies, titties, and tits are exposed!

In addition, everyone here is a beauty.
Magnificent!
The paradise was here all the time! I want to live here!

「..... You have a nosebleed, though.....」

Tira says something with reproachful eyes, but my ears didn't catch it.

「I will guide you to the chief, okay?」

Ryuna leads us through the village.

Various colorful corals surround the pure white houses.

「Prett~y!」

As Filia said, it's extremely beautiful city.

Occasionally, a fish passes right in front of my eyes.

I sometimes catch a sight of the mermaid residents, indeed, everyone is completely exposed.

「Tira. Do you think we should take off our clothes too?」

「I won't take it off!?」

「I will take it off!」

「Hey, stop it, please stop undressing!」

「N, this is natural」

「tte, why are you already naked, Shiro!?」

「Undress~!」

「Filia-chan too!? You can't!」

「Papa undressed too?」

「tte, I asked you to not take it off!」

「It's not like I undressed because I wanted! I did it only in order to deepen the friendship between mermaids and humans!」

「Certainly, when in Rome do as the Romans do, I should undress too.....」

「Ellen-san! Don't get tricked so easily!」

「Ah, you don't really have to undress, you know?」

「Ga~n²」

Ruyna-san crushes my scheme with just a few words.

Please, read the mood.....

By the way, the life span of mermaids isn't that different from humans, but

unlike humans, their appearances remain young through all their lives.
It looks like the village is only full of young girl because of that.

Also, there are no mermen.

Apparently, during the mating season, a half of the mermaids will undergo a temporary sex change.

This yuri system is wonderful! I will make this place my permanent residence, after all!

We arrive at the chief's house before long.

It will surely be a tremendous beauty. The expectations in my chest swell and I follow Ryuna inside.

「Oh, you are Ryuna's and others' saviors? I welcome you zo」

The one who welcomed us is a dried mermaid.

「..... Are? That's strange? She's a wrinkled hag even though she's a mermaid.....」

I blink with my eyes.

Un, it's that. My eyes temporarily stopped working for sure.

After carefully rubbing my eyes, I take a look again.

In the end, a wrinkled old hag was standing there.

Her boobs were *dara~n* dangling down around her navel.

They are already no longer boobs. They are something different.

All the high spirits I have received from the boobs until now have been completely dispersed.

「Weren't mermaids supposed to be young until the day they die.....?」

「I have been living for 150 years already, after all *nou*」

The old hag looks with distant eyes.

「Why have you lived for so long.....」

「That remark is extremely rude, right!?」

「Won't you at least wear clothes.....? My eyes are rotting」

「Kakaka! You are quite a funny human *ja nou!*」

No, that wasn't a joke. I was serious.

「Anyway, today we party! Guests, enjoy it to your hearts' contents!」

A grand banquet is held in the central square.

Many mermaids have gathered.

The mermaids serving, boobs.

The mermaids dancing in the center, boobs.

The mermaids singing, boobs.

Looking left, looking right, bare boobs, boobies, breasts, and tits.

Ah, this place is a paradise, after all.....

By the way, I feel like I saw something disgusting a while ago, but I have deleted it with〈Pinnacle of Memory〉so there are no problems.

「How is it *ja*? Are you having fun?」

「Gyaaaa!」

Because a monster suddenly appeared in front of me, I screamed unintentionally.

Saggy tits entered my view.

Uooo, my eyes, my eyeee!

「What *ja*, such exaggeration. Is my nude body so attractive?」

「It's devastating! Stop leaning forward! My eyes will seriously rot! I will die!」

「Kakaka, no need to be so shy. I will let you rub them if you want?」

「If I do that, my hands will rot! The cells will be instantly killed!」

Besides, how is one supposed to rub them?

Pulling on them seems more correct. They are unreasonably stretchy.....

「Somehow, I became slightly sleepy.....」

While competing with the only stain of this village, Tira suddenly leans her

head on my shoulder.

Uo, what is this sudden beautiful situation!? Is this the gift from hell!?

「..... Suu~ Suu~.....」

Is what I thought, but the situation is strange.

Tira who rarely sleeps in public instantly fell asleep.

「..... Me too..... sleepy.....」

Ellen's head unsteadily shakes and she falls to the ground.

「Oh?」

Immediately after that, drowsiness attacks me too.

Ah, were we served food with sleeping drugs in?

「Forgive us, guests. I can only do this in order to protect the residents of the village *ja*」

The old wrinkled hag says in apologetic tone with a stern expression.

「I will have you become the sacrifices for the sea god」

Chapter 46

It seems that sleeping drug was added to our meal.
Maa, it won't work on me who has〈Pinnacle of Psyhique〉though.

「Chief!? What have you done?」

Ryuna who guided us to the village raises her voice after noticing the abnormality.

「I will have these guys become the sacrifices for the Sea God instead of the villagers. These two girls, in particular, will suit Sea God's preferences」

「That can't be.....! These are people who have saved our lives!?」

「..... Forgive me, Ryuna. It's for the village *ja*. We can't afford to offer more sacrifices anymore」

「Even so.....!」

A quarrel between the chief and Ryuna. The other mermaids look surprised too, it seems that this is only the doing of the chief. This goddamned hag. I ask.

「Fu~n, Sea God, huh. What kind of fellow is it?」

「A gigantic double-headed monster *ja* It was sealed in the seamount shrine since the ancient times, but it has woken up just recently. And since then, it has been appearing once a month abducting the village girls.....」

「It's somehow like a development from some old folk tale, huh」

Like Yamata no Orochi¹ and such.

「——tte, why are you not asleep *no ja!*?」

Chief who calmly explained until now finally noticed and shouted in surprise.

「N..... slightly dizzy」

「Mama, what's wrong?」

It also didn't work on Shiro and Filia, not just me.
They are a Dragon and a Magic Puppet, after all.

「Wh, why it didn't work.....? You weren't supposed to wake up for a whole day.....!」

The old hag shouts in surprise while her boobs swing.
Guo..... what a strong mental attack.....!

I avert my gaze in disgust and use Healing Jutsu on Tira and Ellen.
The two immediately wake up.

「..... Ah, I should have done some ecchi stuff first」

「I hear you, though!?」

The moment Tira shouts.
A roar of a beast comes from distance and the mermaids gathered in the square start screaming in panic.

「! This is the voice of the Sea God ja! Everyone, evacuate to the buildings!」

The mermaids scatter in all directions at chief's instructions.

I can see a big, dark shadow slowly approaching the village in a distance.

「Dragon?」

It's a double-headed dragon.
A blue scaled aquatic dragon, its overall length easily exceeds 50 meters.

I examine it with〈Pinnacle of Appraisal〉and check it in detail.

「It's more than millennium old dragon. If that's the case, then it's an Ultra Dragon」

Dragons are generally divided into the Lower, Medium, and Superior grades.
Superior are the strongest, for example, a Red Dragon belongs to that grade.

But, there are dragons above that who are considered as legendary, the Ultra Dragons.

There are cases when dragons who live for a long time evolve into Ultra Dragons.
This sea dragon before is just that.

「Eye for an eye, a tooth for a tooth, and a dragon for a dragon. That being the case, I leave this to you, Shiro」

「N」

Our family's pet who sensed the owner's intention already stands stark naked on standby. No, she just took her clothes off like always.

A brilliant light envelops Shiro's body and a white dragon make an appearance. She usually stays in her human form, but her real identity is that of a Divine Dragon which is ranked even above Ultra Dragon, the Bright White Dragon.

「Wha, wha, wha.....」

The old hag is not able to stand up at the sudden appearance of a legendary dragon.

「I'm off」

Shiro says just that and jumps underwater with an explosive velocity. The sea dragon is nearly ten times bigger than Shiro. Still, Shiro approaches the sea dragon without hesitation and releases a shockwave from her mouth.

『Gya!?』

One of the heads screams after suddenly getting attacked.

『That hurt~! What are you doing all of sudden!』

It sounds very childish even though it's over a millennium old.

『It's that dragon's doing』

『Han, isn't that just a young dragon!』

『Moreover, to oppose us in the water, it has some nerve』

After the two heads interacted with each other, their fangs suddenly rushed towards Shiro in a counterattack.

However, Shiro calmly swam in the water and easily dodged the double-headed dragon's attack.

『This fellow is quite nimble!』

『It hurts』

On the contrary, the double-headed dragon suffered damage from Shiro's shockwave.

『Shit, how about this!』

Suddenly, an underwater vortex appears. It's that sea dragon's doing. A high speed rotating vortex swallows Shiro.

『Ahaha, it's impossible to escape from that! You should just keep on stirring inside that and let it become your watery grave!』

『N? I can simply come out of this』

『Uwaa? It simply came out!?』

The double-headed screams at Shiro who easily escaped the vortex. After that, it was a one-sided development.

Although still young, it's as expected of a Divine Dragon. Furthermore, fighting in the enemy territory, Shiro didn't let the double-headed dragon even touch her.

The worn-out sea dragon realized that it can't win and raised its voice in protest.

『We are both dragons, why are you getting in our way!』

『That's right, that's right!』

『Owner's command』

『Owner? You are being kept by a mermaid in spite of being a dragon?』

『Wrong. Owner is a human』

『Pupupu, yielding to a human, what a deplorable dragon!』

『I can't fight against delicious food』

Saying that, Shiro bites the sea dragon's back.

『Gyaa!』『Hurts!』

『..... Hard. But, it could be cooked』

『Hiiii!』『I beg you, don't eat us!』

The double-headed dragon shouts in miserable voice after realizing it was reduced to an ingredient.

『It's all right. I will eat all properly』

『That's not the problem!』『Uwa~an!』

「That's enough, Shiro. Release it」

「N」

When I call out to her, Shiro plainly pulls out her fangs from the sea dragon's scales.

Then, the sea dragon's body starts rapidly shrinking and before long a two-headed figure of a young boy appears.

It transformed to a human. Rather, even after transforming it stills has two heads.....

Recognizing me as Shiro's owner, the young boy prostrates in front of me.

『Please, forgive us!』

『We won't taste delicious if you eat us!』

Certainly, they don't look delicious.

Maa, leaving aside if to eat them or not, I order to dragon two(?).

『I will have you return all the mermaids you have taken away until now』

Chapter 47

We came to the dwelling cave of the sea dragon.
All kidnapped mermaids are apparently still alive.

It's fortunate that they are not edible.
But, if that's the case then the reason for kidnapping them was「Indecent acts」
or「Sexual molestation」. It was the right choice to leave Filia and Shiro back in
the Mermaid Village.

Even if I save them, the scars on their hearts can't be healed.
How depressing..... is what I thought, but—

「Welcome ba~ck」
「Huh, guests?」
「Humans in the sea, how rare~」

The mermaids jump out of the cave.

「..... They look perfectly fine.....?」

Tira stares in wonder.

Moreover, not a single one is restricted, they can escape if they'd like.

I inform the mermaids that I came to help them.

「Eh~ do we have to return?」
「This place is quite comfortable, you see~」
「I mean, there's that loud old hag in the village」

They refuse to return back to the village.

「Oi. You didn't brainwash these children, did you?」

「We didn't do such thing!」「We did not, we did not!」

When I glare at him, the sea dragon shakes his head in panic.
In fact, there's no abnormality with the girls when I examine them with the
appraisal.

「It's simply thanks to our charm!」「Yeah, yeah!」

The sea dragon puffs out his chest with pride.
When I thought what the hell is he talking about, the mermaids started noisily competing while approaching the sea dragon.

「Nee, suck it again!」

「Ah, not fa~ir! It's my turn this time!」

Suck? What are they talking about.....?

「In order! Order!」

「I will properly suck everyone, so don't quarrel among yourselves」

Then, we witnessed an unbelievable scene.

The sea dragon started sucking on the mermaids' breasts.

「「Eh.....」」

Tira and Ellen stiffen at the sudden immoral sexual act in front of them.

「This person's sucking feels so good.....」

「We have become addicted!」

The mermaid who has her boobs sucked says in trembling voice with ecstasy all over her face.

「Ah, left and right are stimulated at the same time..... extremely, good.....」

I see, this fellow has two mouths so he can suck two boobies at once~
—tte,

「Stop bullshitting meeee!」

「Ouch」「Owwie」

I hammer my fists to the double-headed dragon's heads in anger.
Then I shout from the bottom of my heart.

「Let me suck some boobs toooo!!」

「It was that!?」

「I don't mind, but.....」「If they are okay with it.....」

「Seriously!?」

I look at the mermaids with bloodshot eyes.

「I don't want to」「Me too」「Me too~」「I feel like I would get bitten.....」

Ga~an.....

No, it's too early to give up! Don't I have brides!

「Tira, my lifetime request. Let me suck!」

「Definitely not!」

「Then, Ellen!」

「I, I don't want it too!」

「I will suck you gently!」

「「That is not the problem here!」」

I hang my head dejectedly at the two's flat refusal.

Aaah, is there no god in this world.....

I look at the sea dragon sucking on boobs from the corner of my eye.

「Shit..... so jealous.....」

I notice something while grinding my teeth.

「..... Isn't there a prejudice in the boobs volume.....?」

The mermaids brought by the sea dragon.

They are easily split into the Big boobs group and small boobs group, there's no middle size.

「I told that I'm good only with huge breasts, but this idiot wouldn't shut up」

「Haa? You are the idiot here, okay? What is good about huge boobs? Isn't that just a lump of fat?」

The two heads suddenly start to quarrel.

「To not recognize the value of this softness, doesn't that make you the idiot?」

「The small one's sensitivity is better! To not understand the value of excited girl's face, you are the idiot for not recognizing that!」

「Ha, we are arguing about breasts, yet you argue with something not related to breasts!」

「That thought is a crime against boobs! Boobs and girls are inseparable!」

「Huge boobs are packed with romance! Tiny boobs are not packed with anything!」

「The density of love in small ones is deeper!」

「Huge boobs are supreme!」

「No, tiny boobs are the best!」

..... Wha, is it okay to pluck this fellow's necks.
I shout loudly.

「Both of them are naturally greeeaaaaaat!!」

The size of breasts doesn't matter!
That is the truth of this world!

「Tira's tiny boobs, Ellen's huge boobs, I love them both dearly!! Therefore, let me suck on them pretty pleaseeee!!」

「「I refuse!」」

I somehow persuaded the unwilling mermaids and brought them back to the village with me.

It's up to them what they want to do, but everyone in the village is worried about them, so they should show themselves first to let them know that they are healthy.

「Ooo..... I'm glad you are okay.....」

The old hag welcomes the kidnapped mermaids with shaking voice.
She was probably that much worried.

「Guests..... how should I thank you..... in addition, I did something so rude.....」

The old hag bows down her head in apologies.

Maa, I will think about the other mermaids and forgive her.

「Somehow, somehow, would you forgive us for this hag's boobs? You can suck them, rub them anything you want!」

「Rather, I won't forgive you for offering me those withered boobs!?!」

It was at the time I inserted tsukkomi with all my might.

「Wh, what, those boobs.....?」

「I, I have never seen something like that before.....?」

The main culprit of this accident, the sea dragon looks at the hag's boobs in shock.

That's only natural. That is no longer boobs. It's something entirely different.

「W, wonderful!」

「That is definitely——」

「——A new form of boooobs!!」

..... Eh?

Poka~n the sea dragon glances at us and approaches the old hag.

「Please! Won't you let me suck on those boobs!」

「I would also like to suck on them by all means!」

「Kakaka! My boobs are not cheap, you know?」

Rather than cheap, they are complete garbage.

「I, I will do anything!」

「Somehow, please!」

「If you plead that much, it can't be helped *nou*」

「——Yattaa!」

The sea dragon leaps towards the old hag's boobs.

The hag's fish body convulses.

「Waan」

Stop it! I don't want to hear old hag's moans!

「Ooo! Amazing, this feeling is so amazing!」

「Really! It's totally different from the boobs I have sucked until now!」

The two heads shout together.

「「We have searched for booooobs like these!!」」

Thus, the long dispute between the dragon's head came to an end.

Thanks to them losing interest in huge and tiny boobs, the mermaids decided to return to the village.

On the contrary, the chief left the village and decided to live together with the double-headed dragon.

And they lived happily ever after.

「Isn't she too heartless!?」

「I think so too.....」

Chapter 48

We cross the sea and finally arrive at the Demon Continent.

It has been around ten days since we left the Mermaid Village.

It was a pleasant trip only thanks to the RV.

We were attacked by many sea monsters on the way.

By the way, it looks like some kind of accident happened in the Mermaid Village, but I can't remember for some reason.

I wonder if I removed my memories with〈Pinnacle of Memory〉?

I might have seen something that I didn't want to remember.

Ah, well. But, the mermaid-sans boobs are perfectly stored within my mind.

「Dem, con~t!」

When we arrive at the Demon Continent, Filia jumps onto the beach and shouts innocently.

We get off right after her.

「This is the Demon Continent.....? I thought it would be more rough-looking place, but it isn't much different from over there.」

「You think so too.....」

Certainly, it looks just like an ordinary beach.

「Ah. Isn't that a person over there?」

I look where Tira pointed at and see a shadow of a person.

Sudden first encounter with society.

Noticing us, they start approaching us.

「..... Rather, aren't they too big?」

I notice the not ordinary size when they approach.

Just by walking normally, *zun, zun*, loud footsteps resound.

「Huge」

「Wa~ So laaar~ge!」

「tte, that's too big!? Aren't they at least 10m¹ tall!?」

Ellen shouts in amazement.

Before long, a huge person over ten meters tall came over to the beach.

「I see. This fellow is the Demon Continent's famous Giant」

I nod while looking up at the Giant's face.

It's whole body densely covered in thick hair with a face resembling a gorilla.

Its intelligence seems rather low.

「Pet~?」

「No, that is gross so it can't be a pet?」

As usual, Filia's standards for a pet are a mystery.

By the way, according to〈Pinnacle of Information〉,

「Giants inhibit various places of the continent, they don't attack monsters and animals, for some reason they attack only Mazoku and Humans」

A real life Shin● no Kyojin.

But, on the contrary, the Mazoku hunt them and eat them. Rather, it's enough to be considered a staple food of Mazoku.

It doesn't look too appetizing, though.

「Oh, this one is a male..... tte, its donger is ridiculously huge! Hey, Ellen, look at that!」

「Don't point that out! Even though I was trying hard to not notice it!」

Ellen's face turns bright red in front of the Giant.

「This isn't the time to be saying such things! It turned towards us and started running!」

The giant started running before I noticed.

It probably recognized us as food. Its donger is dangling.

「Maa, leave it to me」

I kick the beach and start running.

I draw a sword from my waist and infuse a great amount of fighting spirit into the blade.

I plunge towards the Giant,

「Ooo!」

Sweep.

The slashing attack of my sword bisected the Giant's left foot. The beach got stained with fresh blood.

「~~~~!?」

The big body who lost support on one side collapses onto the beach. A cloud of sand whirls up.

The Giant groans in pain and violently wriggles, but.

「Oooooooooooooooo!!」

It abruptly let out a tremendous war-cry.

「Wh, what is this.....?」

「M, my eardrums are going to burst.....」

「..... Too loud」

「I hear *Ki~in* in my ears」

Everyone hold their ears and frown.

I answer after finishing the Giant off.

「It probably called its friends」

「Eh?」

And then, an unusual phenomenon starts happening in less than a minute.

Zun, zun, zun, zun, zun, zun, zun, zun.

Zun, zun, zun, zun, zun, zun, zun, zun.

Zun, zun, zun, zun, zun, zun, zun, zun, zun.

Loud footsteps from many places.

Before long, *Zudodododododododododo*, starts shaking. Ellen's boobs are also shaking.

Did lots of Giants start gathering after hearing its friend's death cry?

「Hey, isn't this bad.....?」

「Lots of bii~iig ones!」

Ten Giants in total.

The smallest one is 5m² tall. The biggest one is probably around 30m³ tall.

As expected of Demon Continent.

What a wonderful welcome.

After blasting the Giants with some Ultra Grade Magic, we set on the way in the RV again.

The beach completely changed to a scenery with sparse trees, it's a complete wasteland as far as I can see.

The objective is a city called Janyuraba under the West Maou's rule. I bit my tongue.....

There, Beast Mazoku—different from demihumans, they look like bipedaling beasts—are living in great numbers.

Because there are many inhabitants of different races who emigrated there, there will probably don't turn us away.

Before long, an enormous monolith in the middle of the wasteland comes to sight.

Speaking of monoliths, On Earth, the Australian Ayers Rock(Uluru)⁴ is the most famous, but this far exceeds its size.

An oval shape of about 15km⁵ in diameter.

Its height approaching Sky Tree⁶ with its 600m.

The city Janyuraba is located on top of that super huge rock.

One could say it's a natural fortress, but Mazoku soldiers fighting something at the bottom of the rock can be seen.

「..... These fellows, they are like annoying pests.....」

It's Giant-sans.

Chapter 49

A disaster, the city is under the siege of Giants!
Is what I thought, but this is apparently a daily routine.
It's said that in Janyuraba one becomes adult only after successfully hunting a Giant.

「Strength」is their faith, Roman gladiator-like fights are often held for entertainment.

The beastmen have their image dyed with blood and it's indeed the truth.

—The above is〈Pinnacle of Information〉-san's information.

We fly over the Giants in the RV.

There are few guys who notice us, but no one can reach us.

At that time, I heard a sudden scream in the wind.

「Hiiii, impossible, impossible! Absolutely impossible! There's no way I can defeat such a big fellow ssuuuu!」

A Mazoku is desperately running away from a Giant.

That is..... a tiger. No, a Weretiger.

There's also a butler from a different Mazoku race scolding the Weretiger.
This one is a Werewolf with a pretty silver fur.

「Touga-sama! If you say something like that you won't be able to become a man!」

「I'm a female ssuyooooo!」

Apparently, she(?) is hunting for the Giants in order to become an adult. She has been just running around, though.

She was called -sama so she possibly is of a high standing. That wolf person looks butler-ish.

「Gyaal!」

Ah, she fell down.

「Hiiii!」

The Giant approaches, the tiger backs off. It seems that she's unable to stand up.

She desperately calls for help with tears in her eyes and mucus dripping from her nose.

「Jii! Save me ssu! Quickly! At this rate, I will become the Giant's food ssu!」

「If you give up here you won't be able to become a man」

「Jiiiiii!? I told you that I'm a female ssuuuuu!」

The Giant stretches its hand and seizes the tiger's body.

「Gyaaaaa! No ssu! I don't want to be eaten by such disgusting fellow ssu! Let it at least be an ikemen Giant ssuuuuu!」

The tiger cries, but the butler only keeps on looking.

Ah, eh? She will really get eaten at this rate.....?

「W, what do we do?」

「Let's see..... I'm wondering whether my hand could slip a little.....」

「Papa」

There, Filia looks up at my face.

She's somewhat eager.

I see. She wants to gallantly appear as a hero and save a person in a pinch.
Where did you learn that from?

Maa, Filia-tan is cute, so let's leave it to Filia.

「Yosh, go, my daughter!」

「Wa~i!」

When I give her permission, Filia jumps out of the window.
Then, when the tiger is about to get eaten by the Giant,

「Ei!」

——Bon!

Filia throws her fist and the Giant's head——grotesquely——explodes.

「Gyasu!?」

The Giant falls flat on the ground and the freed tiger is thrown into the sky.
Filia makes a cool landing.

Rather, Filia-tan, haven't you become stronger.....?

Maa, it's probably because of my〈Pinnacle of Experience〉.

This cheat skill not only doubles the experience I earn, but also allows us to share the experience between us.

In other words, Filia will double the amount of experience I earn, and I will gain the amount of experience Filia earns.

We have defeated quite a lot of monsters so far, so speaking in game terms, we have leveled up considerably.

When Filia approaches the tiger person who fell on her butt, she cutely tilts her head「You ok~ay?」and asks.

The tiger makes a face that says she doesn't understand what's going on, but she before long realizes what happened and lets out a big sigh of relief.

「I, I was saved ssuuuu!」

On the other hand, the butler groans in disappointment.

「Uumu. The plan was for you to awaken on the brink of being eaten, but.....」

「There's no way I can awaken so conveniently ssu!」

「No, the success rate so far is about ten percent, it's a considerably effective method」

「The possibility of failure is that much bigger, ssu yone!?」

「One can only become a male adult after climbing over that wall」

「What a heartless country ssu ka! Also, how many times do I have to say it ssu, I'm a female ssu kara!」

「Yoosh, yosh, you had it hard~」

「Fueeen! What a gentle little girl *ssu kaaaaa!*」

Filia hugs the Weretiger's head and gently pats her. She must have had a hard time until now, as she's shedding tears of gratitude.

「You can see only the picture of a little girl being eaten by a tiger, huh.....」

Tira next to me whispers. She's right.

「This person is our country's king, the West Maou Teuryu Rurukushen-sama's fourth prince Touga Rurukushen-sama」

「I told you I'm not a prince, but a princess *ssu!* How many times do I have to repeat myself *ssu!*」

The Weretiger Touga objects the Werewolf butler's words.

「『No matter if my children are male or female, they have to become strong as much as possible』That is Maou-sama's training policy」

「Father is too much of a Spartan!」

Surprisingly, it seems that this tiger girl is Maou's daughter.
The butler is in charge of her training.

After Filia saved the tiger, we came along to Janyuraba.
It might have been anticlimactic, but we were able to pass without troubles thanks to Touga.

「Apart from that, you have really saved me *ssu!* I don't know who or where did you come from *ssu*, but you¹ are my lifesaver *ssu!* Enough to make me want to call you teacher *ssu!*」

Feeling gratitude, Touga prostrates in front of Filia.
The people on the streets, rather, the Mazoku people on the street, I would like you to stop staring at us.

「Disciples, I don't need them *na no!*」

Filia puffs out her chest proudly. No, that line wasn't that great.

「Why *ssu ka!*?」

「I like pets better!」

「Then, I want you to make me your pet *ssu!*」

Eh, is that okay?

To become a little girl's pet on your own, aren't you Maou's daughter even if a joke?

I can't believe my words, Shiro is expressionless as always.

「I'm also a pet. Name's Shiro」

「Then, I'm the number two *ssu ne!* Please take care of me, Shiro senpai *ssu!*」

「Best regards」

I don't know what happened, but Maou's daughter became my daughter's pet.....

「Is it alright to be saying something like that?」

When I ask just in case to make sure, the Werewolf in charge of training answers me.

「It would be better to inform Maou-sama first」

Please, give me your daughter as a pet, something like that?

No matter how tolerant the father, he would go berserk.

Chapter 50

「Filia-chan, this child already has an owner. We can't take her in.」

「No! This child is Filia's mon!」

After learning that the tiger girl is Maou's daughter, Tira tried to persuade Filia to let her go. They are treating her like a cat or a dog. However, Filia stubbornly doesn't yield.

「Karuna-san, say something too please」

Tira seeks my assistance.

「Papa, I will properly take care of her?」

「I also plead you ssu! I don't want to live in this country anymore ssu! I don't want to die ssu!」

Tira and the tiger girl——Touga pleads to me.

Touga voice is full of sorrow. Just what she was experiencing until now?

「Rather, before that. You are Touga, right?」

「Ah, right ssu, that's right ssu」

She looked like a tiger just a while ago, but she looks like a human for some reason——there are tiger ears on her head, though——she transformed.

「Actually, I'm a half between Weretiger and Human ssu. I usually am in this form, but I transform into tiger form when I fight ssu」

「Hee」

Touga in a human form is a considerable beauty.

A brown skin and yellow hair. She has two fangs sticking out of her mouth when she's in a tiger form, but in human form, two sharp teeth are cutely peeking out of her mouth when she talks.

Her appearances are that of a 15-16 year old.

She's nice and plum, generally her boobs. She's busty as Ellen.

Moreover, she has only a piece of cloth wrapped around her chest so sometimes

her underboob is perfectly visible.

「Yosh, adopted!」

「Where are you looking!?」

「Face and boobs!」

「You said it!?」

「Wa~i, I love you papa!」

「Yatta ssu!」

Filia and Touga embrace me. Touga's boobs pressed against my arm are soft and wonderful. Indeed, my standards for adoption are not wrong.

「..... But, is that really okay? She's Maou's daughter, you know?」

「No one cares about a father who in spite of having a big frame has a narrow mind and stinky feet ssu! I want to leave from here immediately ssu!」

Touga shouts at Ellen who asked with worry.

「Hou, who has a narrow mind and stinky feet?」

A serious voice which sounds like from the bottom of the hell resounds.

「Hi..... fa, fa, fatheer!?」

I look up and see a huge tiger.

Fat sharp fangs stick out from his mouth. Even with the abundant fur, I can tell his body is bulging with muscles, scars are visible over his body, he looks very heroic.

This overwhelming presence far surpasses everyone I have met until now. An ordinary person may faint just from being glared at.

It's obvious from Touga calling him father, but this fellow is———Maou.

「W, wh, why are you here ssu.....!?」

「This time, Maou-sama was observing Touga-sama's Giant hunting from neraby」

The Werewolf butler answers.

「Aa, that's right. I have seen it. You were running away from the Giant, right? I have stopped looking in the middle because it was so unsightly」

「Hieeeee.....」

Just now, he unintentionally released his power, Touga fell down on her butt and her teeth started clattering.

「Moreover, you want to become this human's brat's pet? Do you not have any pride as a Weretiger!?」

「Hiiii!」

The Maou roars in anger and the atmosphere shakes. Touga is like a frog stared at by a snake. She can't object.

Moreover, it was at that time.

One little girl moved in front of the frightened tiger girl and blocked Maou's way. It's Filia.

「Bullying is no good!」

「Aan? Brat stand out of this!」

「Go, goshujin-shama..... i, i, it's dangerous ssu.....!」

「It's al~right」

Touga shouts in panic, but Filia stands while facing Maou's glare. She doesn't even flinch in front of Maou who's body is several times larger. Filia-tan so coo~ol!

「Ku, kukuku.....」

Suddenly, Maou's shoulders started shaking.

「Kuhahahahahahahaha!」

He bursts into a loud laughter.

「F, father.....?」

「To think that such tiny brat would oppose this magnificent me! Even my sons can't take a peep at my face! Interesting! I like you! Kuhahahahaha!」

Maou became weird.

「Good. To be frank, this idiot is not worth worrying about. If you want to become a pet or leave the country, do what you want」

「N, not worth worrying about.....」

Touga received a little shock. No, you just said the same thing about your father a little while ago.

「But, this idiot is strangely popular among the males of this country. Therefore, even when she allowed humans to enter the city and directly disgraced me no one opposed her. So, I have one condition」

「Cond~isn?」

Filia cutely tilts her head to Maou's words.

A huge arena is filled with a large audience, an intense heat overflows. Beast system Mazoku——I will call them Beast Mazoku since it's troublesome——is full of beasts so it stinks here.

We sit in special seats inside the arena near the ring.
The reason it became like this,

『If you want this fellow, show us your strength.』

That is the「Condition」Maou has set.
Therefore, it has become known that a demonstration hosted by Maou will be held and as one would expect many beasts gathered. They competed for tickets and the arena was sold out in one day.
A full house. More than 50,000 people.

By the way, all five of us are expected to make an appearance.

The opponents are already gathered on the other side of the ring.
There are twenty people in total.
..... Isn't that too much?

「Kuhahaha, don't worry about the little things! There were too many who wanted to fight and I couldn't decide who to pick!」

Maou laughs daringly. His mood looks very good.

「Maa, no matter how many people there are we will defeat them all. Right, Filia?」

「Un!」

A blue vein appears on many of the opponent's foreheads at our leisure exchange.

On the other hand, the audience becomes excited even more. Apparently, Beast Mazoku love big mouth remarks like this.

「I, is it really all right *ssu ka*.....? I'm really sorry it became like this because of me *ssu*.....」

Touga anxiously lowers her head.

「It's al~right! Mofumofumofumofu」

「Afuu~..... Goshujin-samaa~~~」

Touga who is embraced around her neck by Filia enters a trance.

By the way, she's in her tiger form right now. It's because Filia said it's more comfortable mofumofing her in that form..... How regretable.

「Well then, let's being the first match! Vanguard of both camps step forward!」

「Well then, I'm going」

The one who received the summons is Tira.

She's the vanguard of our team.

「Mama, do your best!」

「Yes, I will do my best」

「Tira, panties soaked in sweat after a battle are the best so work hard!」

「What kind of cheering is that!?」

Tira goes up to the ring.

The opponent also went up.

It's a Werewolf. He's fairly thin, he's probably a speed fighter.

「Tsk..... I volunteered because I heard I could receive Maou-sama's recognition, but it's all women or children」

He clicks his tongue and talks in irritation.

Then, he glares at Tira with a sharp gaze,

「Besides, that staff. You are a mage, right? A mage fighting me in one on one match, you have quite the guts」

「Is that so?」

Tira's face becomes a bit angry.

With the audience's excitement at the peak, the Werewolf raises his hand, sticking out one finger, he declares with a loud voice.

「One second! This match, I will finish it in one second!」

Chapter 51

The Werewolf sticks out his index finger and loudly declares 「One second! This match, I will finish it in one second!」

The audience who loves performance suddenly springs in excitement.

「I, it's bad *ssu yo!* That fellow has seriously fast legs! One second is really a plenty of time from that distance *ssu yo!*」

Touga's voice shakes.

「That's right. No matter how fast you are able to chant, you won't be able to activate your magic before I strike. You may be able to make it with Elementary magic, but such insignificant magic won't work against me」

The ring of the arena is huge. Tira and the Werewolf are little less than 30m apart from each other. However, he boasts that he can cover that distance in one second.

「In other words, you have lost the moment you entered the ring」

「.....」

「Ha, you finally understood the situation and you became so scared your voice is gone?」

「..... That, could we begin the match already?」

Tira says indifferently. She looks a tad disgusted.

Expecting a different response, the Werewolf's eyebrows twitch.

「..... Hoo, you saying you are confident to defeat me? I won't hold back once the match begins, you know? If you want to give up, now is the time」

「No, it's not necessary」

「Ha, don't bear a grudge against me later」

The Werewolf lowers his body and gets in position.

By the way, the winner is decided when the opponent gives up, is thrown out of the ring, when the chief of the team declares defeat or in the worst case, when

the opponent dies. It can become a deadly match in some cases.

The match begins with a big gong.

A very big man raises a drumstick and daringly slams it against the gong.

Goo-----n!!

A very loud sound echoes through the arena and the Werewolf kicks the ground. He's posture bends forward and he leaps across the ring.

Tira starts the chanting.

「Useless! No way you can complete it in time!」

The Werewolf triumphantly approaches Tira. He instantly covers 15m.

「I will tear you apart with my claws and eat your ugly me——」

That moment, Tira's chant finishes and a magic circle appears.

「——at?」

「〈Great Thunder, Lightning Blast〉」

「Gyaaaaa!?」

Great lightning strikes from the sky and strikes the Werewolf. An intense thunder roars around the arena.

Ultra-fast chant of Advanced Magic.

The Werewolf collapses and glides to Tira's feet just like that. He already blacked out. He's probably still alive.

Tira says while coldly glaring at the charred Werewolf.

「When it comes to Advanced Magic, I can chant it in 0.5 seconds, though」

「My knife will pierce your neck in 0.3 seconds! Kukuku, what a bad luck!」

「I can chant Intermediate Magic in 0.1 seconds, though」

「Wha..... gyaaaaa」

「My mithril armor is resistant against lightning attacks. In other words,

lightning won't work against me!」

「I will use wind magic then!」

「What!? Guaaaa!」

「I excel at stealth. You won't be able to see me!」

「〈Thunder Storm〉」

「Area of Effect attack!?」

After that, Tira continued to be peerless.
She settled every match within one second. Indeed, I came to pity the opponents.

When I first met her, it took her around 20 seconds to activate Advanced Magic. It takes her 20 seconds to chant Ultra Grade Magic now. Just as Filia, she also leveled up a lot.

It's all thanks to me. I will have her let me sniff her panties later.

「Uooooo, amazing, that elf girl is amazing!」
「Strong! Too strong!」
「All the high rankers were easily defeated!」
「I want to sniff her panties!」

「Who was it that said the last line!? No, I know even without asking, though!」

Although the Beast Mazoku kept on losing, the audience is heated up. It seems that race doesn't matter to them if one is strong.

However, the Beast Mazoku seem to prefer close combat so there are many people who are uninterested.

Then, the fifth opponent went to the ring.
A bird. Rather, a bird person. The head of an eagle, falcon wings on his back.

A birdman of Goosehead tribe.

「I never thought you would be strong to this degree」

He has eyes of a king of skies looking at prey, but he surprisingly talks to Tira politely.

「However, as expected, the audience will get tired because of all the magic. I will have your steady advancement end here」

There, the gong resounds. The start of the match.

The next moment, the birdman chirps.

「Kiiiiiiiiiiiiiiii!!」

Uo, what is this soundwave?

My ears hurt. Including audience, everyone holds their ears.

「This is a special ability available only to my race. Its effect disturbs chanting. With this, you won't be able to rely on your magic」

It seems to be his race magic.

I tried chanting for a test, but it's hard. It has become this difficult because the voice disperses in that shockwave.

It's a mage's natural enemy.

Maa, I have chantless magic so it doesn't matter to me, but unfortunately, Tira doesn't.

「It's unfortunate, but if you thought I won't be able to chant, give it up please」

The birdman flaps his wings and floats in the air.

He aims at Tira and sweeps towards her.

Precisely an eagle hunting a prey.

A sharp beak approaches her.

However, Tira remains calm.

「Certainly, a troublesome ability. However, don't you take elves too lightly?」

Tira raises her leg overhead and drives an ax kick to the approaching birdman's head.

「~~~!？」

The birdman gets blown away and crashes into the wall near the audience without being able to scream.

「..... Ga..... gu.....」

Tira looks at the collapsed birdman and says coldly.

「I can also more or less fight without magic, though」

Tira△¹~~~!

Chapter 52

「Team member substitution pleaseya~su」

After Tira's overwhelming winning streak, I raise my hand and request a player change to the referee.

The arena gets noisy.

It's a matter of course. This tournament (the other side has more members for some reason), Tira could still keep on quickly crushing it.

「Well then, I will leave it to you now」

「Leave it to me. My arms are itching」

「Oppai do your best!」

「D, don't say oppai!」

「Oppai mama! Good luck~!」

「Filia, stop imitating him!」

Tira leaves the ring, and Ellen walks up.

Tira could still continue her winning streak, but Ellen has been so noisy saying「I want to fight too. When is the change?」since a while ago.

The audience also desired a close combat battle, so I decided to answer their wish.

「To exchange players on your own, aren't you taking this leisurely」

The next opponent went up to the ring.

The appearances of a bipedaling skin lizard. A lizardman.

A species with exceptionally long and sharp claws.

「But, I will make you regret that」

The lizardman grins and swings his claws.

「「「Ooo!」」」

The audience roars.

The ground around the lizardman's feet——the part of the ring is gouged out.

「That ring is made out of mithril, you know!?」

「Seriously? And he gouged it out with his claws?」

「As expected of A-rank fighter!」

「The hardness of my claws is the best among Lizardmen. Kukuku..... Even though I wanted to fight that elf」

Provocations escape from the lizardman's mouth.

Do these fellows like to provoke their opponents?

The sound of gong resounds.

The lizardman approaches Ellen together with the sound of gong. Ellen doesn't move.

「Surrendering is in your best intere———st?」

Kiin, a clear sound resounds.

The next moment, the lizardman's proud claws fall to the ground in pieces.

「Eh..... m, my claws..... eh..... eh.....?」

「It's dangerous if you don't clip your nails properly」

Ellen advises the lizardman who doesn't comprehend what just happened. She just sheathed her sword back to the scabbard.

She drew her sword nad instantly cut all of the lizardman's claws.

The lizardman wasn't able to see Ellen's movement.

「Y, y, youuu, what have you done to my claaaaaws!?」

The lizardman who lost his proud claws leaps at Ellen in rage.

Because he lost his best weapon, the claws, he was going in for a bite with his fangs. His build is more than twice as big as Ellen's. He widely opens his mouth and prepares to swallow her whole.

「Aga!?」

Ellen drives a fist into the lizardman's chin. That alone was able to close the lizardman's mouth who leaked out a funny voice.

The lizardman suffers from a concussion and staggers.

Ellen continues and drives another blow into the lizardman's abdomen. The lizardman opens his eyes wide and crumbles down.

It's Ellen's complete victory.

「A Turtleman like me boasts of the highest defenses among Mazoku. Your slashing attack won't get past!」

Kiin.

「My shell was simply cuuuuut!？」

「I'm Birdman from Goosehead tribe. Although my brethren was defeated a while ago, I won't go down so easily. In the first place, I just have to stay away from you. By doing that, a swordsman like you won't be able to touch me」

Kiin

「The slashing attack fleeew!？」

「I'm Catsea. Although rare in this country, I'm a mageja A swordsman like you is no opponent for me in this long distance match..... is what I thought, but seeing slashing attack from a little while ago, winning is impossible.....」

Kiin.

「Giiyaaaaa!」

After that, Ellen also continued being peerless.
She settled every match within a second. As one would expect, I started feeling sorry for the cute opponents.
tte, it was the same with Tira. Of course, she wouldn't be able to overwhelm her opponents to this degree before.

It's thanks to me for being her master. I will have her let me rub her boobs later.

「That woman is ridiculously strong!」

「What a bunch!」

「Are they really humans!」

「I want to rub her tits!」

「Muu. I wanted to fight stronger opponents, though.....」

Ellen sighs. This was the fourth person.

However, what appeared in front of her next——is a soft looking creature similar to sea anemone.

Tentacle monster kitaaaaa!

tte, why in such place? No matter how you look at it, it's a simple monster, right? Ah, but looking closely, I can see something like eyes inside the tentacles.

「Sorry for the wait. Tentacleman, Claudio is my name」

It talked!?

This fellow is intelligent!?

Moreover, it's awfully polite, and has unexpectedly cool name!

「Hi..... ten, tentacles.....」

Ellen's smile becomes stiff. Previously, her body was touched by tentacles all over, so it probably became a trauma for her. Maa, it's my fault, though!

「Please, don't worry. I'm often misunderstood because of my appearances, but I'm a gentleman. These tentacles won't do anything indecent like touching your boobs or grinding against your kitty. Flex and sex——not, I will fight fair and square」

This fellow is pervert-----!?

「Ku.....」

Ellen is completely unwilling.

That is a formidable enemy. It may be female's natural enemy.

Go~on the sound of gong starts the match.

The tentacles approach Ellen.

「Fufufu, the play¹ is starting」

「..... Fu」

Ellen suddenly breathes out.

Immediately after that, a sharp killing intent appears in her eyes.

「I see, certainly because of certain someone I have a trauma of tentacles. But, won't it be over once I cut all the tentacles off?」

「Eh?」

After that, the Tentacles-san who lost all of his tentacles「Noooo, don't loooook」screamed like a girl and escaped from the ring.

Chapter 53

「..... I feel slightly sick..... substitute me.....」

Ellen who defeated the Tentacleman requests with a depressed face.
Maa, she defeated five opponents just like Tira, alright.

「Yosh, then next is, Shi——」

「Suu~ Suu~..... steak..... sushi..... cake..... curry..... munyamunya.....」

I planned to use Shiro, but she's drooling in sleep.
This fellow really is at her own pace. She's eating or sleeping most of the time.

「Papa! Filia will go!」

「Yosh. Then, do your best!」

「Un!」

I decided to leave it to Filia.

Funsu~ she breathes out from her nose and enters the ring full of fighting spirit.

「Goshujin-sama do your best *ssu!*」

Touga cheers loudly. Come to think of it, I almost forgot, but we are fighting so we can make this fellow our family's pet.

Zun, the ground trembles.

「Oioi, I thought I could finally fight someone strong, and they substitute with a little girl!」

The opponent who went up to the ring is a large three meters tall monkey.
Rather, it would be better to say a gorilla. He seems to be an Apeman.

Evidently masculine. Even though his whole body is covered in fur, I can tell he has well-developed muscles underneath.

「Let's go all out ~okay!」

Filia looks up at the gorilla with a smile on her whole face.
On the other hand, the giant monkey looks down at the little girl and sighs.

「..... I would become a laughingstock if I went all out against such brat, though.....」

「It's al~right! Filia is strong! But, Monkey-san also looks strong!」

「Ha, what a spoiled brat」

「Then, coming!」

Filia kicks the ground. Oi, the gong hasn't rung yet.

「!?」

The giant monkey probably saw the little girl disappear.

In reality, she just cut the distance between them at tremendous speed.

The giant monkey「Wh, where?」exclaims.

「Here! Ei!」

Filia drives her fist into the hard abs.

The large body flies.

「Guooooo!？」

The giant monkey crashes into the audience while screaming in pain.

——Off the ring.

The audience is taken aback by the little girl's overwhelming strange.

「Aree.....?」

Filia-tan tilts her head. The giant monkey was probably weaker than she expected.

「T, that now was invalid! The match hasn't begun yet!」

The referee raises his voice.

Well, yeah. I mean, the gong hasn't rungmon.

「Money-san, so~rry!」

Filia apologizes to the monkey who is still rolling his eyes in bewilderment.
Good girl, good girl.

「Are you okay? Do you require medical treatment?」

「N, no pro, lem..... th, that, didn't hurt at..... all.....」

The monkey replies to the referee and walks up to the ring. He's completely pretending.....

「I see~ Therefore, don't get defeated so easily!」

「..... R, right.....」

The monkey nods, but his cheeks are somewhat stiff.

「Still not yet, still not yet~ gonggonggo~ng.」

While Filia eagerly waits for the gong, the giant monkey timidly says.

「O, oi」

「What's up?」

「That blow right now, how serious were you.....?」

「Uun, let's see, half of the half probably?」

「Hifu.....」

A strange sound escapes from the giant monkey's mouth.

「That..... referee」

Then, he raised his hand and said to the referee.

「I give up.....」

Starting with the giant monkey, Filia beat all the opponents that went up on the ring.

「What a little girl!」

「Unbelievable!」

「Filia-tan haahaa」

「I want to get hit too!」

The audience heats up at the appearance of the unbelievable little girl.

However, there are perverts anywhere you go.

After that, Filia knocked out nine people on her own.

The ninth person who got knocked out was the Werewolf butler who put up some fight.

The two were moving so fast that the most of the audience weren't able to see their figures once the gong resounded.

However, the shockwaves the two made when they clashed made the audience enthusiastic.

Finally, the old man used all of his stamina.

On the other hand, Filia was still lively.

The source of power for the Magic Puppet Filia is my magic power. Thanks to the Pinnacle of Magic Power my supply is nearly inexhaustible, so she's fatigue-free. Filia-tan is a frightening child.....

And finally, the last opponent went up to the ring—

「Good grief, what a bunch of useless fellows. It seems like it's necessary to temper them again from the very beginning」

「F, fatheeeeer!?」

Touga shouts.

The audience is also noisy.

The one who went up on the ring is the West Maou, Teuryu Rurukushen.

「M, Maou-sama himself.....?」

「If that little girl wins..... Maou change.....?」

「Something outrageous is happening.....!」

Apparently, in this country, if you defeat Maou you become the next Maou.

「F, father, are you serious!?」

「There's no need to go against those humans personally!?」

「It's as the brothers say! If father is defeated here.....」

The ones who were shouting just now are Touga's brothers. In other words, Maou's sons. By the way, all of them were defeated by Filia a little while ago.

「Shut up」

「「「！」」」

Maou shuts them up with one line.

「The reason I have to go up is because you all are weak. Am I wrong? Ann?」

Being glared by Maou, the sons shake their heads. This Maou is like a yakuza.

「Besides, there's no way I will lose. Just shut up and watch.」

Maou walks up on the ring.

Then, he glances at Filia and daringly laughs.

「Will you entertain me?」

「Un!」

Chapter 54

「I didn't hear about father coming out himself *ssu yo!*」

Touga protests Maou appearing in the ring.

「No matter how you look at it aren't you in a different weight class *ssu ka!*」

Maa, it looked like the ossan intended to appear from the beginning.

In the first place, it was evident because of the superiority in numbers that he wasn't planning on letting us win.

Touga's protest goes unnoticed, and the gong starts the match.

「Here I go~」

Filia moves first.

The ring gets destroyed when she kicks it and she leaps towards Maou.

「Coming from the front, you have some nerve!」

Maou extends his fists towards the approach Filia.

However, Filia nimbly evades and jumps towards Maou's abdomen.

「Wha.....」

「Ei!」

Gon, a terrible sound resounds with Filia's direct hit on Maou's abdomen. Maou's upper body bends backwards from the impact, but

「Hou. It hurt more than I thought」

He makes a fearless grin and spits blood from his mouth.

「Return gift」

「！」

Immediately after that, he raises his leg overhead.

Although Filia immediately crossed her arms to defend, her small body flung away like a ball.

There's no ceiling in the arena.

Filia vanishes in the sky above the arena.

Maou kicks the ground and chases after Filia in the sky.

In the blink of an eye, the two figures were nowhere to see by naked eyes.

I strengthen my sight with〈Pinnacle of Five Senses〉. Also the sense of hearing.
I was immediately able to see and hear the two's fight in the air.

The two fight while falling.

Both are bare-handed. They exchange many punches and the sound of explosions roars from the sky.

「To fight with me until now. You are not just a little girl, right? You are not even a human in the first place. No, a living creature is what I should say」

「.....」

「I smell a scent similar to a golem from you. Although, you don't look like a golem at all. All I can see is a normal human little girl. But, you can't deceive my nose, you know?」

That ossan doesn't realize Filia's true identity, but he sees through her to some extent.

Filia is a Magic Puppet created by a certain lolicon sage.

Both her hair and skin is made from a special materials, appearances, texture, even smell, everything is done to a degree you won't distinguish her from a human. Obsession is scary.....

To see through it, as expected of Maou.

The two fall into a position they can be seen with a naked eye.
The audience cheers at the great exchange of attacks and defenses.

Both of them land at the ring at the same time.

They clash again without a rest.

「A, amazing ssu! She's directly competing with father ssu! As expected of Goshujin-sama ssu!」

Touga who was anxious a while ago cheers with relief.

But,

「This is bad.」

I mutter unintentionally.

「She will lose at this rate.」

「W, why *ssu ka?* Aren't they equal at the moment *ssu ka!*？」

It certainly looks like they are equal.

But, Filia's output is at the limit, but Maou still has a way to go.

「Hahahaha, as expected this is your limit? I will get a little serious here.」

Maou shifts the gears.

Filia can't follow him anymore.

She's obviously inferior.

「It's time to give up, you will get broken no matter how hard you are?」

「U~! I won't losemon!」

As Maou said, her durability has reached the limit.

Still, she resists desperately.

However, her movements became obviously dull. The magic circuits in her body might have been ruined in some places.

Filia receives Maou blows continuously.

Her clothes got torn, making her look very pitiful.

「M, Maou-sama doesn't plan to kill that little girl, right.....?」

「I can't watch anymore!」

「Quickly surrender!」

The audience who loves blood, can't endure watching the suffering of a little girl anymore.

This match ends when the opponent surrenders, opponent falls out of the ring, opponent's team captain declares defeat, or when the opponent dies. Therefore, as a captain I should declare the defeat, but

「Papa can't!」

She stops me herself.

「Oioi, it's important to give up at a time like this? ——!?」

At that moment.

Her dull movements suddenly exploded as if she was acting just a short while ago.

She drives a kick to the Maou's back who has his guard down.

「Shit!?」

Maou panics. The two are near the edge of the ring. Maou receives Filia attacks and his large build is driven to the edge of the ring.

I see.

She judged that she couldn't defeat Maou with strength, so she aimed to win by pushing him off the ring.

Maou is falling off the ring.

But at that time, Maou opens his mouth wide.

「oooooooooo!!」

He releases a shockwave together with a roar. It's a technique Shiro fond of using.

Maou turned his body around and roared to the ground which pushed him back to the ring.

「This one has definitely caused me to sweat a bit?」

「Uu.....」

Filia doesn't have the power to fight anymore.

「It's settled」

Maou seizes Filia's body which fell on her knees and throws her out of the ring. The audience avoids in a hurry.

Filia is going to crash into the seats——

「You okay?」

「..... Papa.....」

I used transfer magic just before that happened and caught her.

「I lost.....」

「You did well」

I pat Filia's head and her face warps. She starts shedding large drops of tears.

「Leave the rest to papa」

「..... Un」

I leave Filia to Tira and enter the ring. Shiro is still sleeping so I better leave her alone.

「Finally the appearance of the captain, huh?」

Maou looks at me from the ring with a fearless grin.

「How dare you to make my daughter cry? Get prepared」

Chapter 55

I confront the West Maou Teuryu Rurukushen in the ring.

A giant tiger walking on two legs.

Maou is a Weretiger.

Thick, sharp teeth and ferocious claws. Muscles are bulging out from Maou's fur and scars all over his body.

「Maou-sama!」

「Maou-sama!」

「Maou-sama!」

It's only natural, but the audience is completely in favor of the home team. Grand cheering for the demon king arise.

「Our Maou-sama is the strongest, after all!」

「There's no way he would lose to someone!」

「Just beat that fellow to death!」

Recognizing his strength again after that great match with Filia, not a single person thinks that Maou could lose.

「I, it's impossible, after all *ssu*..... there's no way he can defeat father *ssu yo*.....」

Touga is in a complete give up mode.

Go-----on!!

The sound of gong resounds, and the match begins. Now then. Let's shut up the noisy outsiders first.

Transfer magic.

「！」

I transfer behind the unsuspecting Maou and hammer my palm into his back.

His body gets blown away due to the shock.

「Ooooo.....」

It was enough power to make Maou fly out of the ring, but he has driven his claws into the ring and stopped.

「Y, you———!?」

「Over here」

I use transfer magic and get behind his back again.
I drill my fist into his back with all my might.

「Gaaa!?」

Maou's body vanishes after bending.
I went ahead with transfer magic, matching the timing of the large body and kick it up.

Maou flies in the air.

Transfer magic again. I appear above Maou and strike the crown of his head with my heel.

He falls to the ground at tremendous speed and crashes into the ring. The impact left a big crack on the hard ring.

I slowly land on the ring.

That noisy audience, *shin*, suddenly fell silent.

Maou is not getting up after crashing.

「W, what has just happened.....?」

「No way..... Maou-sama..... has lost.....?」

「I, it's a lie, right.....?」

Quiet shocked voices resound from the audience.
Even though the Beast Mazoku loves battling, this one-sided development was too much even for them.

I call out to Maou with half open eyes.

「..... Oi. How long are you going to pretend to be asleep?」

「Ku, kuhahahahahahahaha!」

Maou's body suddenly rises and he bursts into a loud laugh.

He gets up.

「I have allowed you a preemptive attack.」

Koki, koki Maou's neck cracking and laugh resounds around the arena.

「Oooooo!」

「As expected of Maou!」

「He's completely unscathed!」

The audience burst in joy seeing Maou without suffering a single scratch.

I attacked somewhat seriously, but it looks like it didn't work that much. This fellow's body is pretty tough. It was evident from the fight with Filia, but I confirmed it again. Rather, my hands are numbing.

「However, a transfer magic, huh. It looks like you have the mobility. But, such small amount of damage won't hurt me no matter how many times you punch, you see.」

「Then, I will hit with my full strength next, try receiving it then.」

「Aan?」

I lower my waist and raise my fists.

「I will remind you, but if you don't guard with all your effort, you will die?」

I provoke Maou with a fearless smile.

「Kuku, all right. But, after I receive your attack, I will seriously counterattack?」

Maou says happily, than a thick aura envelops his body.

After that, an overwhelming geyser of fighting spirit gushes forth.

It covers the whole ring, and the timid people within the audience faint with bubbles around their mouths.

All the body hair on Maou's body stand up, and his muscles swell.

「I can't allow myself to go easy on you. You won't complain when you die after

my counterattack, right?」

「Don't worry. Fighting spirit of such level won't work against me」

「..... What?」

I also release the fighting spirit.

An amount of fighting spirit that won't lose to Maou is released.

「Wha.....」

「I told you? You will die if you don't get serious」

I kick the ground while advising Maou. That alone was enough to get the ring destroyed, an innumerable amount of rubbles disperses behind me.

As expected, this single blow is enough to threat Maou as he crossed his arms to defend. Furthermore, he concentrated most of the fighting spirit in his arms.

I concentrate even more fighting spirit in one place and throw my fist.

Zugooooooooooooon!

The mighty fighting spirits clash, denting the ring in the process.

「Uwaaaa!？」

「Hii」

「I, it's blowing me away ssu!？」

The people around the ring, the staff, and even the audience gets swept away.

「Gu, guoooooo!」

Maou fully releases fighting spirit, desperately trying to protect his body.
Isn't he working hard?

But, unfortunately, I who have〈Pinnacle of Fighting Spirit〉far exceeds you.

I release even more fighting spirit.

The fighting spirit on my fist pierces through Maou's defenses, finally upsetting the balance.

Bakibokibeki!

「~~~~!」

Receiving my fist, Maou's arms release pitiful fracturing sounds.
Maou grimaces in pain and gets blow off the ring. He sinks into the wall behind
the audience.

The end of the match.

There's no signal because the referee fainted, but it's my win.
There's no one to substitute Maou anymore, so it's our team's victory.

「Papa amaz~hing!」
「..... It's amazing, but could you not involve us in it please」
「I, it hurts ssu.....」

When I turn around, even Filia and other were blown off from their seats. If
you have to complain, I would like you to complain to the authorized personnel
for making this ring so small.

However, to think Shiro could sleep even in these conditions.....

「Gu, guru..... gurururururu!」

At this time, a groaning sounds came from the place where Maou crashed into.

「Garururururururuooooo!!」

A terrifying roar echoes.

「Oioi, the match is already settled?」

The Maou crawls on his four from the wall.
His eyes are bloodshot red, and drool is hanging from his mouth. He looks like a
starving wild tiger.

That is not the only change.
All his body hair is dyed red. It looks like his whole body is on fire. His body seems
somewhat bigger too.

「T, this is bad! Everyone, quickly escape! That is father's last stand form! But,
he loses his reasoning in it, he is going to kill indiscriminately!」

One of the Maou's sons shouts with a severe expression.

As expected of Maou. Seems like he transformed.

I suspected as much.
